Passages From My Life; Together With Memoirs Of The Campaign of 1813 And 1814 General Freiherr (Baron) Friedrich Karl Ferdinand von Müffling, 2011-07-12 Baron von Müffling was an eye witness to some of the most decisive events of the Napoleonic Wars born into a noble family he went into the Prussian service and saw action in the early campaigns of the Revolutionary wars in Holland and Belgium during which he said he learned very little He was party to the birth of the famed Prussian General staff and comments of the different personalities such as Scharnhorst Gneisenau and to a lesser extent Massenbach On a less happy note he was also a member of the Prussian army that was destroyed by Napoleon in 1806 and notes with some regret of the bumbling planning ancient commanders and ineffective tactics used After spending some time kicking his heels away from Prussia where he might be a liability due to his anti French views the collapse of the Grande Armée in 1812 offers a chance for further service and liberation of his country Attached to the army of Silesia and Blücher for the campaigns of 1813 and 1814 during which he and his countrymen fight their way across Europe into the heart of France He comments on the battles of Lützen Bautzen and the battle of Nations at Leipzig the strained relationships within the allied headquarters and the deeds of hard fighting and long marches that the Russian and Prussian soldiers make under Blücher His comments on the 1814 campaign in France are particularly interesting as he was at the heart of the action and at the side of the conductors of the campaign from the Allied side He is quick to take

issue with erroneous statements made at the time and by later commentators as to the decisions made and the actions taken. Muffling was allowed little respite after the peace of 1814 plunging back into the fray in 1815 as the Prussian liaison officer at the Duke of Wellington's headquarters. Vivid details and important facts are recounted with extreme modesty and unlike staff officers of later years his place on the battlefield at the Duke's side was one of grave danger as the Anglo-Dutch army struggled to hold on to the ridge at Waterloo. His own action was indeed decisive in two incidents: the first in directing the Prussian reinforcements to the right of the hard-pressed allied line and secondly in bringing up two British cavalry brigades to take part in the final assault on the French lines. He was appointed the Governor of Paris, a particularly tricky job given the recent struggles and the large numbers of armed men roaming the city which he dispatched with aplomb. Muffling would go on to many important postings in the Prussian army and even as an international mediator. An excellent read full of details of how the Napoleonic Wars were fought and the personalities that brought down the Napoleonic colossus. Author: General Baron Friedrich Karl Ferdinand von Muffling 1775-1851. Editor: Colonel Philip Yorke 1799-1874. **Poetical Memoirs** James Bird, 1833. The Flitting: A Memoir of Fathers, Sons, and Butterflies Ben Masters, 2024-10-01. A book with wings. Ali Smith. A deeply felt and moving memoir about how butterflies become a vital connection between a son and his dying father. The Flitting: A Memoir of Fathers, Sons, and Butterflies is a masterful and touching memoir blending natural history, pop culture, and literary biography, delivering a richly layered and nuanced portrait of a son's attempt, after years of stubborn resistance, to take on his dying father's love of the natural world. With his father unable to leave the house and follow the butterfly cycle for the first time since he was a child, Masters endeavors to become his connection to the outdoors and his treasured butterflies, reporting back with stories of beloved species: Purple Emperors, Lulworth Skippers, Wood Whites, and Silver-studded Blues, and with stories of the woods and meadows that are their habitats and once were his. Structured around a series of exchanges and remembrances, butterflies become a way of talking about masculinity, memory, generational differences, and ultimately loss and continuation. Masters takes readers on an unlikely journey where Luther Vandross and The Sopranos rub shoulders with the likes of Angela Carter and Virginia Woolf on butterflies and gender, the metamorphoses of Prince Zadie Smith on Joni Mitchell, and how sensibilities evolve, and the lives and works of Vladimir Nabokov and other literary lepidopterists. In this beautiful debut memoir, Ben Masters offers an intensely authentic, unforgettable portrait of a father and son sharing passions, lessons, and regrets before they run out of time. **Poetical memoirs. The exile** James Bird, 1824.
