Restricting the Concept of Free Seas George Patrick Smith,1980 **International Law of the Sea and Marine Affairs**
Nikos Papadakis,Martin Ira Glassner,1984-04-06 *International Law of the Sea and Marine Affairs Law, Force and Diplomacy at Sea (Routledge Revivals)* Ken Booth,2014-06-27 *Law Force and Diplomacy at Sea* first published in 1985 is one of the few comprehensive treatments on the subject from a strategic perspective It offers a detailed strategic analysis of the background and outcome of the Third UN Conference on the Law of the Sea and its naval implications The interplay between the interest of the naval powers in freedom of navigation and the interest of coastal states in control provides the setting for the strategic problems The sea is taking on more properties of the land it is becoming territorialised and this is presenting fresh challenges and opportunities to which navies and their national governments have to respond This study is designed for students of naval strategy for international lawyers and for students of international affairs who wish to think about the important security questions in the maritime environment *Developments in International Fisheries Law* Ellen Hey,2021-10-05 **Military Law Review** ,1992 *Marine Affairs Bibliography* Christian L. Wiktor,L.A. Foster,2024-12-02
Social Cohesion and Legal Coercion Leon Shaskolsky Sheleff,2021-11-15 The book is a critical analysis of the work of Max Weber Emile Durkheim and Karl Marx It focuses on their separate analyses of the role of law in society pointing out their faults and errors and the resultant impact on modern social science The author takes issue with Weber s work on rationality with Durkheim s work on repressive and restitutive law and with Marx s work on social justice and law as part of the super structure In each section of the book he shows the implications that flow from a re assessment and re interpretation of their work for an understanding of society The book is multi disciplinary making ample reference to law sociology anthropology history religion ecology criminology philosophy and economics Its various chapters discuss a wide range of themes including rationality tradition science political authority conflict resolution community justice and altruism
The Interception of Vessels on the High Seas Efthymios Papastavridis,2014-08-28 The principal aim of this book is to address the international legal questions arising from the right of visit on the high seas in the twenty first century This right is considered the most significant exception to the fundamental principle of the freedom of the high seas the freedom in peacetime to remain free of interference by ships of another flag It is this freedom that has been challenged by a recent significant increase in interceptions to counter the threats of international terrorism and WMD proliferation or to suppress transnational organised crime at sea particularly the trafficking of narcotics and smuggling of migrants The author questions whether the principle of non interference has been so significantly curtailed as to have lost its relevance in the contemporary legal order of the oceans The book begins with an historical and theoretical examination of the framework underlying interception This historical survey informs the remainder of the work which then looks at the legal framework of the right of visit contemporary challenges to the traditional right interference on the high seas for the maintenance of international

peace and security interferences to maintain the bon usage of the oceans navigation and fishing piracy j ure gentium and current counter piracy operations off the coast of Somalia the problems posed by illegal unregulated and unreported fishing interdiction operations to counter drug and people trafficking and recent interception operations in the Mediterranean Sea organised by FRONTEX

Britain's Naval and Political Reaction to the Illegal Immigration of Jews to Palestine, 1945-1949 Freddy Liebreich,2004-10-07 This book provides an important shift in the analysis of Britain s policy towards the illegal postwar Jewish immigration into Palestine It charts the development of Britain s response to Zionist immigration from the initial sympathy as embodied in the Balfour Declaration through attempts at blockade refoulement and finally disengagement The book exposes differences in policy pursued by the great departments of state like the Foreign Colonial and War Offices and their legal advisors and those implemented by the Admiralty The book argues that the eventual failure of Britain s immigration policy was inevitable in view of the hostility shown by many European nations and America towards Britain s ambition to retain her position in the Middle East
