Restructuring And Break Ups Corporate Growth Through Divestitures Splits Spin Offs And Swaps:

Restructuring and Break-ups S. Shiva Ramu,1999-01-01

Restructuring and Break-ups S Shiva Ramu,1999-06-08

This book provides a comprehensive account of the nature of restructuring adopted by conglomerates S Shiva Ramu discusses all three aspects of restructuring portfolio financial and organizational and sees a direct correlation between the nature of diversification and the type of restructuring adopted

Corporate Power, Oligopolies, and the Crisis of the State Luis Suarez-Villa,2014-12-09

The largest wealthiest corporations have gained unprecedented power and influence in contemporary life From cradle to grave the decisions made by these entities have an enormous impact on how we live and work what we eat our physical and psychological health what we know or believe whom we elect and how we deal with one another and with the natural world around us At the same time government seems ever more subservient to the power of these oligopolies providing numerous forms of corporate welfare tax breaks subsidies guarantees and bailouts while neglecting the most basic needs of the population In *Corporate Power Oligopolies and the Crisis of the State* Luis Suarez Villa employs a multidisciplinary perspective to provide unprecedented documentation of a growing crisis of governance marked by a massive transfer of risk from the private sector to the state skyrocketing debt great inequality and economic insecurity along with an alignment of the interests of politicians and a new minuscule but immensely wealthy and influential corporate elite Thanks to this dysfunctional environment Suarez Villa argues stagnation and a vanishing public trust have become the hallmarks of our time

Demerger-Management Annett Cascorbi,2013-03-08 Annett Cascorbi untersucht die Frage wie der Desintegrationsprozess aus personalwirtschaftlich orientierter Perspektive zu gestalten ist um Wertverluste zu vermeiden bzw prognostizierte Wertverluste zu realisieren

Business: The Key Concepts Mark Vernon,2003-09-02 Here is a practical guide to the essentials of business This book provides everything you need to know about the key concepts and terms from accountability to zero sum game Everything from management economics and finance to marketing organizational behaviour and operations is covered in just the right amount of detail to make things clear and intelligible *Business The Key Concepts* is detailed yet approachable considers new developments in business notably eBusiness and contemporary business ethics covers established subjects taking an international and strategic perspective that balances theory and practice suggests specific further reading for many concepts and also includes an extensive bibliography Whether you re already in business and could do with a handy reference guide or you re a student needing an introduction to the fundamentals *Business The Key Concepts* is the perfect companion

Spin-offs, Diversifikation und Shareholder Value Jens Vollmar,2014-07-18 Zunehmende Ressourcenknappheit und ein sich stetig vollziehender Wandel in der Unternehmensumwelt stellen die Unternehmung vor immer neue Herausforderungen Das Management ist gezwungen die Fähigkeit zur Adaption an sich verändernde Bedingungen zu entwickeln und die ihm zur Verfügung stehenden Ressourcen einer möglichst effizienten Verwendung zuzuführen wenn es im

zunehmendem Wettbewerb um Finanzmittel an den Kapitalmärkten bestehen möchte. Dies verlangt das Setzen organisatorischer Prioritäten. Es bedingt das Lösen von Ressourcenbindungen dort, wo deren Einsatz nicht effizient ist oder die Umweltbedingungen dies verlangen. In jüngerer Vergangenheit kommt in Europa der Transaktionsform des Spin-offs eine zunehmende Bedeutung zu, wenn es darum geht, Unternehmen an veränderte Umweltbedingungen anzupassen. Trotz ihrer erheblichen praktischen und wissenschaftlichen Relevanz sind Spin-offs bislang jedoch nicht hinreichend aufgearbeitet. Es fehlen neue Einsichten und Orientierungshilfen, um den Spin-off auszugestalten und seine Potentiale im Hinblick auf die Steigerung des Unternehmenswerts nutzbar zu machen. Die vorliegende empirische Kapitalmarktstudie bietet in zweierlei Hinsicht Hilfestellung. Sie zeigt zum einen mit Hilfe der Ereignisstudienmethodik, auf dass Spin-off Ankündigungen den Unternehmenswert auch in europäischem Kontext positiv beeinflussen. Zum anderen wird empirisch belegt, dass Spin-offs untrennbar mit dem Diversifikationsphänomen verknüpft sind und sie entsprechend nicht isoliert beurteilbar sind. Die aus der Diversifikationsforschung abgeleiteten Erfolgsfaktoren erklären einen substantziellen Anteil der gemessenen Aktienkurseffekte. Die entwickelten Modelle erlauben somit eine genaue Prognose des Spin-off Erfolgs und damit eine für die Unternehmenspraxis unmittelbare Nutzbarkeit der gewonnenen Erkenntnisse.

Success Factors of Corporate Spin-Offs

Alexander Tübke, 2004: Corporate Spin Off processes are very interesting phenomena for management theory and practice. In theory Corporate Spin Offs are both a driver and a result of organisational change offering the possibility to investigate an area where companies are genuinely sharing experience and best practice. Although Corporate Spin Offs can be clearly distinguished from other types of start ups and divestments and despite combining key characteristics in a unique way existing investigation is sparse and heterogeneous. In practice Corporate Spin Off processes are frequent and highly successful but not as well regarded as Merger Acquisition strategies and less understood by the decision makers. The present work was designed to meet these demands by analysing the success factors of Corporate Spin Offs, their relative contribution to the process and the role of the different actors involved. Based on an extensive literature review and a new Spin Off typology a broad range of success factors and success dimensions is proposed. Using a combination of multivariate models the responses from 211 European companies to a questionnaire are analysed and typologies derived. Among the single factors customer participation, the transfer of managerial and market related experience and the main motivation are the most important ones for the Spin Off process and its success. The typologies reveal characteristic factors sets showing for example that high growth Spin Offs benefited over proportionally from sector growth or the access to relations with customers or suppliers. This produces a new and comprehensive perspective on the relative contribution of each success factor, their interaction and the behaviour of both the parent and the Spin Off companies in the process. These results are highly valuable for managers, scientists in the field and policy makers.

Value Creation in Successful LBOs

Daniel Pindur, 2009-05-21: Daniel Pindur analyzes value creation in successful LBOs on investment level conceptually and empirically from an LBO equity investor

perspective Based on the LBO transaction model the author decomposes total proceeds to LBO equity investors and derives a two tier framework of an internal and an external perspective thereby structuring the conceptual discussion of various determinants affecting these components
