Resurrected Church Christianity After:

A Resurrected Church Charles H. Bayer, 2001 Many Christians bemoan the church's fall from the center of social and public life but perhaps the decline in its influence and affluence is a gift from God Is it possible that post Christendom society is the best thing that could happen to the church Charles Bayer thinks so At least he contends the demise of the church as we know it places us back on the margins of society where Jesus lived his life and gives us a chance to serve God in a new more authentic way P 4 of cover *The Church, Then and Now* Stanley E. Porter, Cynthia Long Westfall, 2012-10-26 The church is one of the most intriguing and significant institutions on earth Because its essence and character are so widely misunderstood this is a timely book The church is not a mere human institution though it is made up of human beings in community Its roles and responsibilities are momentous but all the elements of its organization came about as the church developed and attempted to fulfill its divine mandate not as forms given at its founding These papers from a Bingham Colloquium at McMaster Divinity College treat the church then in studies of the church in the various parts of the New Testament canon followed by a historical study of the church under attack in places where it did not survive The latter part of the book contains essays by several church practitioners from now who discuss their insights about and experiences with postmodern society home churches megachurches and the missional church Such a combination of biblical theology history and practice makes this a valuable book for scholars and practitioners in fact for all thinking members of the church founded by Jesus Christ **A New Day** Akinade Akintunde E. The Option for the Poor in Christian Theology Daniel G. Groody, 2007-04-01 Since the publication of Gustavo Guti rrez s 1973 groundbreaking work A Theology of Liberation much has been written on liberation theology and its central premise of the preferential option for the poor Arguably this has been one of the most important yet controversial theological themes of the twentieth century As globalization creates greater gaps between the rich and the poor and as the situation for many of the world s poor worsens there is an ever greater need to understand the gift and challenge of Christian faith from the context of the poor and marginalized of our society This volume draws on the thought of leading international scholars and explores how the Christian tradition can help us understand the theological foundations for the option for the poor The central focus of the book revolves around the question How can one live a Christian life in a world of destitution The contributors are concerned not only with a social economic or political understanding of poverty but above all with the option for the poor as a theological concept While these essays are rooted in a solid grounding of our present reality they look to the past to understand some of the central truths of Christian faith and to the future as a source of Christian hope Following Gustavo Guti rrez s essay on the multidimensionality of poverty Elsa Tamez Hugh Page Jr Brian Daley and Jon Sobrino identify a central theological premise poverty is contrary to the will of God Drawing on scripture the writings of the early fathers the witness of Christian martyrs and contemporary theological reflection they argue that poverty represents the

greatest challenge to Christian faith and discipleship David Tracy and J Matthew Ashley carry their reflection forward by examining the option for the poor in light of apocalyptic thought Virgilio Elizondo Patrick Kalilombe Mar a Pilar Aquino M Shawn Copeland and Mary Catherine Hilkert examine the challenges of poverty with respect to culture Africa race and gender Casiano Florist n and Luis Maldonado explore the relationship between poverty sacramentality and popular religiosity The final two essays by Aloysius Pieris and Michael Signer consider the option for the poor in relationship to other major world religions particularly an Asian theology of religions and the meaning of care for the poor within Judaism
