smile and their ability to forgive those who trespass against them They will be exalted with placards hashtags and protests after they are killed by systems of oppression I met Jesus today It s a little cryptic perhaps I was trying to say that once I knew and loved Jesus I started to recognize him and his passion in the brokenness and suffering around me My love for him transferred to those I saw him in and my life has never been the same Each Lent we are invited to spend some time getting to know Jesus who he was what he did what he taught how he prayed and how his ministry continues through followers of his Way It is hoped that this book of devotions and its corresponding study guide based on the parables prayers and promises of Jesus will help deepen or begin your relationship with Jesus of Nazareth Where might you meet Jesus this Lent Alydia Smith

**Arabs in Turkish Political Cartoons, 1876-1950** Ilkim Büke Okyar, 2023-04-17 The emergence of Turkish nationalism prior to World War I opened the way for various ethnic religious and cultural stereotypes to link the notion of the Other to the concept of national identity The founding elite took up a massive project of social engineering that now required the amplification of Turkishness as an essential concept of the new nation state The construction of Others served as a backdrop to the articulation of Turkishness and for Turkey in many ways the Arab in his keffiyeh and traditional garb constituted the ultimate Other In this nuanced and richly detailed study Ilkim B ke Okyar brings the everyday production of nationalist discourse into the mainstream political and historical narrative of modern Turkey Okyar shifts the focus of inquiry from the abstract discourses of elite intellectuals to the visual rhetoric of popular culture where Arabs as the non national Others hold a front seat Drawing upon previously neglected colloquial Turkish sources Okyar challenges the notion that ethnoreligious stereotypes of Arabs are limited to the Western conception of the Other She shows how the emergence of the printing press and the subsequent explosion of news media contributed to formulating the Arab as the binary opposite of the Turk The book shows how the cartoon press became one of the most significant platforms in the construction maintenance and mobilization of Turkish nationalism through the perceived image of the Arab that was haunted forever by ethnic and religious origins
