

The Resurrection of Hungary: a Parallel for Ireland

Arthur Griffith

Resurrection Of Hungary A Parallel For Ireland

Pauline Collombier

Resurrection Of Hungary A Parallel For Ireland:

The Resurrection of Hungary Arthur Griffith, 2023-07-18 In *The Resurrection of Hungary* Arthur Griffith draws parallels between the struggles of Hungary and Ireland for independence. He argues that just as Hungary successfully fought for its independence from Austria, Ireland too must fight against British oppression to regain its sovereignty. This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America and possibly other nations. The Resurrection of Hungary. A Parallel for Ireland. With Appendices on Pitt's Policy and Sinn Féin. 3rd Ed Arthur Griffith, 1918 **The Resurrection of Hungary**

Arthur Griffith, 2014-02 This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc., that were either part of the original artifact or were introduced by the scanning process. We believe this work is culturally important and, despite the imperfections, have elected

to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book

Joyce's Revenge Andrew Gibson, 2002-06-06 The Ireland of Ulysses was still a part of Britain This book is the first comprehensive historical study of Joyce's great novel in the context of Anglo Irish political and cultural relations in the period 1880-1920 The first forty years of Joyce's life also witnessed the emergence of what historians now call English cultural nationalism This formation was perceptible in a wide range of different discourses Ulysses engages with many of them In doing so it resists transforms and works to transcend the effects of British rule in Ireland The novel was written in the years leading up to Irish independence It is powered by both a will to freedom and a will to justice But the two do not always coincide and Joyce does not place his art in the service of any existing political cause His struggle for independence has its own distinctive mode The result is a unique work of liberation and revenge *Imagining Ireland's Independence* Jason K. Knirck, 2006-08-11 The key turning point in modern Ireland's history the Anglo Irish Treaty of 1921 has shadowed Ireland's political life for decades In this first book length assessment of the treaty in over seventy years Jason Knirck recounts the compelling story of the nationalist politics that produced the Irish Revolution the tortuous treaty negotiations and the deep divisions within Sinn Féin that led to the slow unraveling of fragile party cohesion Focusing on broad ideological and political disputes as well as on the powerful personalities involved the author considers the major issues that divided the pro and anti treaty forces why these issues mattered and the later judgments of historians He concludes that the treaty debates were in part the result of the immaturity of Irish nationalist politics as well as the overriding emphasis given to revolutionary unity A fascinating story in their own right the treaty debates also open a wider window onto questions of European nationalism colonialism state building and competing visions of Irish national independence Treaty Documents *A Treatise on Northern Ireland, Volume I* Brendan O'Leary, 2019-04-04 This first volume in *A Treatise on Northern Ireland* illuminates how British colonialism shaped the formation and political cultures of what became Northern Ireland and the Irish Free State Contrasting colonial and sectarianized accounts of modern Irish history Brendan O'Leary shows that a judicious meld of these perspectives provides a properly political account of direct and indirect rule and of administrative and settler colonialism The British state incorporated Ulster and Ireland into a deeply unequal Union after four reconquests over two centuries had successively defeated the Ulster Gaels the Catholic Confederates the Jacobites and the United Irishmen and their respective European allies Founded as a union of Protestants in Great Britain and Ireland rather than of the British and the Irish nations the colonial and sectarian Union was infamously punctured in the catastrophe of the Great Famine The subsequent mobilization of Irish nationalists and Ulster unionists and two republican insurrections amid the cataclysm and aftermath of World War I brought the now partly democratized Union to an unexpected end aside from a shrunken rump of British authority baptized as Northern Ireland Home rule would be granted to those who had claimed not to want it after

having been refused to those who had ardently sought it The failure of possible federal reconstructions of the Union and the fateful partition of the island are explained and systematically compared with other British colonial partitions Northern Ireland was invented in accordance with British interests to resolve the hereditary animosities between the descendants of Irish natives and British settlers in Ireland In the long run the invention proved unfit for purpose Indispensable for explaining contemporary institutions and mentalities this volume clears the path for the intelligent reader determined to understand contemporary Northern Ireland

Modern Ireland Senia Paseta, 2003-03-27 This is a book about the Irish Question or more specifically about Irish Questions The term has become something of a catch all a convenient way to encompass numerous issues and developments which pertain to the political social and economic history of modern Ireland The Irish Question has of course changed one of the main aims of this book is to explore the complicated and shifting nature of the Irish Question and to assess what it has meant to various political minds and agendas No other issue brought down as many nineteenth century governments and no comparable twentieth century dilemma has matched its ability to frustrate the attempts of British cabinets to find a solution this inability to find a lasting answer to the Irish Question is especially striking when seen in the context of the massive shifts in British foreign policy brought about by two world wars decolonization and the cold war Senia Paseta charts the changing nature of the Irish Question over the last 200 years within an international political and social historical context

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

The History of Physical Culture in Ireland Conor Heffernan, 2021-01-24 This book is the first to deal with physical culture in an Irish context covering educational martial and recreational histories Deemed by many to be a precursor to the modern interest in health and gym cultures physical culture was a late nineteenth and early twentieth century interest in personal health which spanned national and transnational histories It encompassed gymnasiums homes classrooms depots and military barracks Prior to this work physical culture s emergence in Ireland has not received thorough academic attention Addressing issues of gender childhood nationalism and commerce this book is unique within an Irish context in studying an Irish manifestation of a global phenomenon Tracing four decades of Irish history the work also examines the influence of foreign fitness entrepreneurs in Ireland and contrasts them with their Irish counterparts

The Idea of Europe in British Travel Narratives, 1789-1914 Katarina Gephardt, 2016-03-03 The nineteenth century was the heyday of travel with Britons continually reassessing their own culture in relation to not only the colonized but also other Europeans especially the ones that they encountered on the southern and eastern peripheries of the continent Offering illustrative case studies Katarina Gephardt shows how specific rhetorical strategies used in contemporary travel writing produced popular fictional representations of continental Europe in the works of Ann Radcliffe Lord Byron Charles Dickens and Bram Stoker

She examines a wide range of autobiographical and fictional travel narratives to demonstrate that the imaginative geographies underpinning British ideas of Europe emerged from the spaces between fact and fiction Adding texture to her study are her analyses of the visual dimensions of cross cultural representation and of the role of evolving technologies in defining a shared set of rhetorical strategies Gephardt argues that British writers envisioned their country simultaneously as distinct from the Continent and as a part of Europe anticipating the contradictory British discourse around European integration that involves both fear that the European super state will violate British sovereignty and a desire to play a more central role in the European Union

A Short History of Ireland John Ranelagh, 2012-10-11 This third edition of John O Beirne Ranelagh's classic history of Ireland incorporates contemporary political and economic events as well as the latest archaeological and DNA discoveries Comprehensively revised and updated throughout it considers Irish history from the earliest times through the Celts Cromwell plantations famine Independence the Omagh bomb peace initiatives and financial collapse It profiles the key players in Irish history from Diarmuid MacMurrough to Gerry Adams and casts new light on the events North and South that have shaped Ireland today Ireland's place in the modern world and its relationship with Britain the USA and Europe is also examined with a fresh and original eye Worldwide interest in Ireland continues to increase but whereas it once focused on violence in Northern Ireland the tumultuous financial events in the South have opened fresh debates and drawn fresh interest This is a new history for a new era

Imagining Ireland's Future, 1870-1914 Pauline Collombier, 2023-01-25 This book attempts to delve into the connection between imagination and politics and examines the many expectations and fears engendered by the Irish home rule debate More specifically it assesses the ways politicians artists and writers in Ireland Britain and its empire imagined how self government would work in Ireland after the restitution of an Irish parliament What did home rulers want What were British supporters of Irish self government willing to offer What did home rule mean not only to those who advocated it but also to those who opposed it

Ireland, Reading and Cultural Nationalism, 1790-1930 Andrew Murphy, 2018 Examination of literacy and reading habits in nineteenth century Ireland and implications for an emerging cultural nationalism

Transnational Perspectives on Modern Irish History Niall Whelehan, 2014-10-03 This book explores the benefits and challenges of transnational history for the study of modern Ireland In recent years the word transnational has become more and more conspicuous in history writing across the globe with scholars seeking to move beyond national and local frameworks when investigating the past Yet transnational approaches remain rare in Irish historical scholarship This book argues that the broader contexts and scales associated with transnational history are ideally suited to open up new questions on many themes of critical importance to Ireland's past and present They also provide an important means of challenging ideas of Irish exceptionalism The chapters included here open up new perspectives on central debates and events in Irish history They illuminate numerous transnational lives follow flows and ties across Irish borders and trace networks and links with Europe North America the Caribbean Australia and the

British Empire This book provides specialists and students with examples of different concepts and ways of doing transnational history Non specialists will be interested in the new perspectives offered here on a rich variety of topics particularly the two major events in modern Irish history the Great Irish Famine and the 1916 Rising

Radical Basque Nationalist-Irish Republican Relations Niall Cullen, 2023-12-14 This volume explains the genesis and development of the nexus between radical Basque nationalists and Irish republicans how they have learnt from each other historically and how they have utilised this relationship at times to their benefit From medieval tales of shared origins to the violent conflicts largely wrought by ETA and the IRA the Basque Country and Ireland have long been associated in popular imagination Despite this little is known of historical Basque Irish relations and in particular the web of party political military and social movement connections between radical Basque nationalists and Irish republicans since the Irish Revolutionary Period 1916-23 Drawing on extensive archival research undertaken in Spain Ireland and the UK and more than 70 interviews conducted with politicians former paramilitaries and grassroots activists this is the first study to comprehensively document and analyse the emergence evolution and implications of this mythified transnational relationship Radical Basque Nationalist Irish Republican Relations A History will appeal to students and scholars of Irish republicanism Basque nationalism terrorism studies and social movements studies as well as those interested in the contemporary history of Western Europe's two most volatile regions

The civil service and the revolution in Ireland 1912-1938 Martin Maguire, 2013-07-19 This book is a history of the Irish civil service and its response to revolutionary changes in the State It examines the response of the civil service to the threat of partition World War the emergence of the revolutionary forces of D il ireann and the IRA through to the Civil War and the Irish Free State Questioning the orthodox interpretation of evolution rather than revolution in the administration of the State it throws new light on civil service organization in British ruled Ireland the process whereby Northern Ireland came into existence the D il ireann administration in the War of Independence and civil service attitudes to the new Irish Free State Based on a wide range of new sources the book is of interest to undergraduate and postgraduate students of Irish Imperial and Commonwealth history and of post colonial governance and political studies as well as a reader with an interest in the role of the State in the process of decolonisation in the 20th century
