Mateo Seco, José Antonio Riestra, 1994 Written chiefly for theology students the book

presents the authentic teachings of Catholic faith to be found not only in the ancient conciliar sources but also in important recent documents dealing with disputed issues of our times Chapters deal with The hoped for Saviour The Coming of Jesus Christ in the fullness of time The Person of Christ Christ the Way the Truth and the Life Redemption and Personhood Jennifer Anne Cox, 2017-05-11 Theological anthropology is charged with providing an understanding of the human but there are numerous challenges to this Autism is a pervasive developmental disorder the main characteristic of which is difficulty in social interaction In its severest form a person with low functioning autism may be both intellectually impaired and unable to relate to others as persons Theological anthropology can exclude people who are cognitively impaired because it has historically upheld reason as the image of God Recent theology of intellectual disability has bypassed this difficulty by emphasising relationality as the image of God However this approach has the unfortunate consequence of excluding people with severe low functioning autism This calls for a new approach to theological anthropology Autism Humanity and Personhood provides a Christ centred inclusive anthropology which does not exclude people with severe autism The book takes a conservative evangelical approach to severe autism and the challenges it poses to theological anthropology It considers significant aspects of salvation history creation incarnation atonement and resurrection in order to build a solid theological foundation for an inclusive theological anthropology As long as we look within the individual it is difficult to find a solid basis for the humanity of people who are severely intellectually and developmentally impaired Instead of trying to ground humanity and personhood within the individual with autism the book outlines an extrinsic basis for theological anthropology That extrinsic basis is the gift of humanness and personhood from Jesus Christ who alone is fully human and the true image of God Jesus has overcome sin and death which have wreaked havoc on the human person Therefore his incarnate life death and resurrection are more than enough basis to declare that people with the most severe intellectual and developmental impairment are truly human persons **Brass Tacks Christianity and Beyond!** Roger L. Bradley, 2011 There is so much time spent on converting new Christians that follow up is often grossly overlooked What are new believers supposed to do after dedicating their lives to Christ They certainly shouldn t have to walk the path alone and yet they sometimes do Even dedicated Christians waver from the path we can get so lost in the images of church religion and faith that we forget why we re here It s time to get back to the basic facts and realities of Christianity back to the brass tacks which is exactly what you ll find in Brass Tacks Christianity and Beyond In this collection of individually themed chapters you will discover abundant resources to understand and remember the important foundations of your faith Rekindle your faith with knowledge restore your relationship with a loving God by getting to know Him all over again With knowledge comes power the power to convert nonbelievers The salvation of many is in the hands of all Christians but the lack of knowledge can create hesitation Stop hesitating Learn more about the basic foundations of your faith in order to save the people you love In the words of the Apostle Paul Do your best to present yourself to God as one approved a worker who does not need to be
