Rethinking Feminist Ethics:

Rethinking Feminist Ethics Daryl Koehn, 2012-10-12 The question of whether there can be a distinctively female ethics is one of the most important and controversial debates in gender studies philosophy and psychology today Rethinking Feminist Ethics Care Trust and Empathy marks a bold intervention in these debates and bridges the ground between women theorists disenchanted with aspects of traditional ethics and traditional theories that insist upon the need for some ethical principles

Rethinking Ethics in the Midst of Violence Linda A. Bell, 1993-07-02 Selected by Choice as an Outstanding Academic Book for 1995 Moving beyond the traditional feminist ethics of care Linda A Bell places an existentialist conception of liberation at the heart of ethics and argues that only an ethics of freedom sufficiently allows for feminist critique and opposition to a status quo imbued with violence She offers a critique of Aristotelian utilitarian and Kantian ethics analyzing each approach from feminist perspectives and showing how each fails women and others who resist oppression **The**

Ethics of the Story David Craig, 2006-10-27 The best journalists are masters at their craft With a comma and a colon a vivid verb and a colorful adjective they not only convey important information but also create a sense of place and evoke powerful emotions A compelling story can shape _for good or ill_ the way a reader understands people events and issues The Ethics of the Story examines the ethical implications of narrative techniques commonly used in journalism not just literary journalism but also news and feature writing The book draws on interviews with 60 talented journalists including Pulitzer Prize winners to offer practical advice about ethical choices in writing and editing Much has been written about journalism ethics but the discussion has often focused on spectacularly bad decisions _such as Jayson Blair's and Jack Kelley's use of fraudulent narrative_ rather than the ethical dimension of day to day choices about the building blocks of journalistic storytelling The Ethics of the Story fills a gap in current work on ethics writing and editing It will enlighten any serious wordsmith with a story to tell **A Stakeholder Approach to Corporate Social Responsibility** Philip Kotler, François Maon, 2016-03-16

Corporate social responsibility has grown into a global phenomenon that encompasses businesses consumers governments and civil society and many organizations have adopted its discourse Yet corporate social responsibility remains an uncertain and poorly defined ambition with few absolutes First the issues that organizations must address can easily be interpreted to include virtually everyone and everything Second with their unique often particular characteristics different stakeholder groups tend to focus only on specific issues that they believe are the most appropriate and relevant in organizations corporate social responsibility programs Thus beliefs about what constitutes a socially responsible and sustainable organization depend on the perspective of the stakeholder Third in any organization the beliefs of organizational members about their organization's social responsibilities vary according to their function and department as well as their own managerial fields of knowledge A Stakeholder Approach to Corporate Social Responsibility provides a comprehensive collection of cutting edge theories and research that can lead to a more multifaceted understanding of corporate social

responsibility in its various forms the pressures and conflicts that result from these different understandings and some potential solutions for reconciling them *A Quest of Her Own* Lori M. Campbell,2014-08-07 This collection of new essays seeks to define the unique qualities of female heroism in literary fantasy from Tolkien s *The Lord of the Rings* in the 1950s through the present Building upon traditional definitions of the hero in myth and folklore as the root genres of modern fantasy the essays provide a multi faceted view of an important fantasy character type who begins to demonstrate a significant presence only in the latter 20th century The essays contribute to the empowerment and development of the female hero as an archetype in her own right *Email and Ethics* Emma Rooksby,2003-08-27 This book explores the ways in which interpersonal relations are affected by being conducted via computer mediated communication Rooksby investigates the benefits limitations and implications of computer mediated communication *Animal Writing* Danielle Sands,2019-08-21 Combining recent insights from animal studies critical plant studies and the new materialisms Danielle Sands reads fiction and philosophy alongside each other to propose a method of thinking of and with animals that draws on a bestiary of affects She challenges the claim that empathy should be primary mode of engagement with nonhuman life Instead she looks at the stories that we tell and are told by insects beings at the edges of animal life The indifference even disgust that these creatures evoke in us forms the basis for a new ethics not limited by empathy Along the way she encounters fiction writers Yann Martel Karen Joy Fowler Han Kang and Jim Crace beside the philosophy of Graham Harman Donna Haraway Jacques Derrida and Roger Caillois **Youth Work Ethics** Howard Sercombe,2010-01-21 What does it mean to practice youth work ethically How does ethical theory relate to the youth work profession What are the moral dilemmas confronting youth workers today and how should practitioners respond This definitive text on youth work ethics examines these questions and more and should be on the reading lists of all youth work trainees and practitioners A wide range of topics are covered including confidentiality sexual propriety dependence and empowerment equity of provision interprofessional working managing dual relationships working across cultures working within an agency Referencing professional codes of ethics in youth work and the theories underpinning them Howard Sercombe offers readers a framework for how to think about their practice ethically Each chapter includes Narrative case studies to provide an insight into real life dilemmas Reflective questions and exercises to encourage critical thinking Chapter summaries and further reading *Youth Work Ethics* is the ideal text for undergraduates and postgraduates studying on youth work youth studies or youth community work degrees as well as youth work practitioners *Gower Handbook of Leadership and Management Development* Richard Thorpe,2016-04-22 On few occasions in the history of modern management have leadership skills been in such sharp focus as they are now The ability to direct often very large and diverse organizations to make sense of the complex and turbulent markets and environments in which you operate and to adapt and learn seems at an all time premium The premise behind the fifth edition of this influential Handbook is that leadership management and organizational development are all parts of the same process

enhancing the capacity of organizations whatever their size and the people within them to achieve their purpose To this end the editors have brought together a who's who of current writers on leadership and development and created the definitive single volume guide to the subject The perspectives that the text provides to leadership learning and development embrace the formal and the informal cultures and case examples from organizations of all kinds and offers readers a rigorous readable and where appropriate ground breaking book In the 14 years since the fourth edition of this classic book very much has changed But the need for this Handbook is as strong as ever and the Fifth Edition of Gower Handbook of Leadership and Management Development is set to become a definitive read for senior managers and those who develop them and an essential reader for the management students aspiring to become the next generation of leaders

Contemporary Political Philosophy Will Kymlicka, 2002 This new edition of Will Kymlicka's best selling critical introduction to contemporary political theory has been fully revised to include many of the most significant developments in Anglo American political philosophy in the last 11 years particularly the new debates over issues of democratic citizenship and cultural pluralism The book now includes two new chapters on citizenship theory and multiculturalism in addition to updated chapters on utilitarianism liberal egalitarianism libertarianism socialism communitarianism and feminism The many thinkers discussed include G A Cohen Ronald Dworkin William Galdston Carol Gilligan R M Hare Chandran Kukathas Catherine Mackinnon David Miller Philippe Van Parijs Susan Okin Robert Nozick John Rawls John Roemer Michael Sandel Charles Taylor Michael Walzer and Iris Young Extended guides to further reading have been added at the end of each chapter listing the most important books and articles on each school of thought as well as relevant journals and websites Covering some of the most advanced contemporary thinking Will Kymlicka writes in an engaging accessible and non technical way to ensure the book is suitable for students approaching these difficult concepts for the first time This second edition promises to build on the original edition's success as a key text in the teaching of modern political theory

Media Ethics Beyond Borders Stephen J.A. Ward, Herman Wasserman, 2010-06-15 Explores the construction of an ethics for news media that is global in reach and impact This title includes the essays that provide theoretical perspectives on major issues and applies the ideas to specific countries contexts and problems It offers a source of ethical thought and analysis on questions raised by contemporary global media

Everyday Utopias Davina Cooper, 2014-02-03 Everyday utopias enact conventional activities in unusual ways Instead of dreaming about a better world participants seek to create it As such their activities provide vibrant and stimulating contexts for considering the terms of social life of how we live together and are governed Weaving conceptual theorizing together with social analysis Davina Cooper examines utopian projects as seemingly diverse as a feminist bathhouse state equality initiatives community trading networks and a democratic school where students and staff collaborate in governing She draws from firsthand observations and interviews with participants to argue that utopian projects have the potential to revitalize progressive politics through the ways their innovative practices incite us to rethink mainstream concepts including property

markets care touch and equality This is no straightforward story of success however but instead a tale of the challenges concepts face as they move between being imagined actualized hoped for and struggled over As dreaming drives new practices and practices drive new dreams everyday utopias reveal how hard work feeling ethical dilemmas and sometimes failure bring concepts to life Social Policy and the Ethic of Care Olena Hankivsky,2004 In this book Hankivsky considers the implications of this ethic for a range of Canadian social policy issues Through a series of case studies she demonstrates the extent to which a care orientation differs from a justice orientation and provides an alternative normative framework for interpreting understanding and evaluating social policy She reveals why Canadian social policy is lacking and how it could be made more effective and robust by the inclusion of an ethic of care Jacket **Tourism, Cosmopolitanism and Global Citizenship** Jim Butcher,2019-12-18 Certain types of tourism such as volunteer tourism and student travel have long been associated with global citizenship To travel and to experience other societies and other cultures is linked with a cosmopolitan outlook and also with the capacity to empathise and act ethically in relation to people in distant countries In turn global citizenship being a citizen of the world has become increasingly important both as a moral and political identity Encouraged by employers validated by universities travel has become a marker of moral and intent for altruistic and ambitious youth with a mind to travel and the bank balance to facilitate it The chapters in this volume explore the relationship between tourism global citizenship and cosmopolitanism The chapters were originally published in a special issue of Tourism Recreation Research **In Search of Just Families** Chhanda Gupta,2018-06-06 This book explores two contemporary combative views regarding the search for just families These views arise from the conundrum of the family being seen as a supportive nurturing haven versus a grievously unjust harmful institution that violates the rights and freedoms of any individual family member Triggered by anti family movements which have been inspired by the ideas of some theorists and writers the book addresses the question Is family destined to wither away It challenges the radical idea that the solution to the problem of unjust families is their complete replacement by purportedly just anti familial alternatives Chhanda Gupta advances a distinct reformist and reconciliatory view that the expulsion of either side of the family anti family binary is not the answer She seeks to syncretize the seemingly irreconcilable ideas propagated through that philosophical binary Furthermore she urges that the search for just families must find its answer in clarifying how the term just applies to the characters behaviors and attitudes of people who comprise actual families The search is not for a perfectly just society or polity or even for a perfectly just family Instead it is a search for ways to redress the remediable injustices that occur in families in order to benefit and uplift individuals and families and the societies in which they live **Communication Yearbook 25** William B. Gudykunst,2001-05 This volume offers state of the art communication research representing media interpersonal intercultural and other areas of communication It is an important reference on current research for scholars and students in the social sciences **Popularizing Dementia** Aagje Swinnen,Mark Schweda,2015-11-15 How are individual and social

ideas of late onset dementia shaped and negotiated in film literature the arts and the media And how can the symbolic forms provided by popular culture be adopted and transformed by those affected in order to express their own perspectives This international and interdisciplinary volume summarizes central current research trends and opens new theoretical and empirical perspectives on dementia in popular culture It includes contributions by internationally renowned scholars from the humanities social and cultural gerontology age ing studies cultural studies philosophy and bioethics Contributions by Lucy Burke Marlene Goldman Annette Leibing and others Virtue Ethics Christine Swanton,2003 Major concerns of modern ethical theory are addressed from a character based perspective in this new comprehensive theory of virtue ethics

Mediating Religion Jolyon P. Mitchell,Sophia Marriage,2003-06-01 This is the first book to bring together many aspects of the interplay between religion media and culture from around the world in a single comprehensive study Leading international scholars provide the most up to date findings in their fields and in a readable and accessible way Some of the topics covered include religion in the media age popular broadcasting communication theology popular piety film and religion myth and ritual in cyberspace music and religion communication ethics and the nature of truth in media saturated cultures The result is not only a wide ranging resource for scholars and students but also a unique introduction to this increasingly important phenomenon of modern life **Business Ethics in Practice** Simon Robinson,Paul

Dowson,2012-03-01 Business Ethics in Practice is essential reading for all undergraduate postgraduate and MBA students looking to ensure they act responsibly and make the right decisions when faced with ethical dilemmas Covering the impact of character and culture on managing ethics leadership governance and social responsibility this book goes beyond ethical theory to show ethical considerations and challenges in practice With examples from both small businesses and large multinational corporates such as Google BP and Nestle Business Ethics in Practice shows how ethics must be considered by everyone in every sector in a business of any size With coverage of ethics in relation to staff consumers the supply chain competitors and the environment this book will ensure that students can think ethically and make effective ethical decisions Supported by online resources including powerpoint slides and a guide for lecturers as well as practical tips for students this book will help anyone studying business ethics in both their professional and personal development
