the topic **Rethinking Religion in the Theatre of Grotowski** Catharine Christof,2017-03-27 This book opens a new interdisciplinary frontier between religion and theatre studies to illuminate what has been seen as the religious or spiritual nature of Polish theatre director Jerzy Grotowski s work The central argument is that through an embodied materialist approach to religion and through a critical reading of the concepts of the New Age a new understanding of Grotowski and religion can be developed This is a vital reference for academics in both Religion and Theatre Studies that have an interest in the spiritual aspects of Grotowski s work **Understanding Religion and Popular Culture** Dan W. Clanton Jr.,Terry Ray Clark,2012-05-04 This introductory text provides students with a toolbox of approaches for analyzing religion and popular culture It encourages readers to think critically about the ways in which popular cultural practices and products especially those considered as forms of entertainment are laden with religious ideas themes and values The chapters feature lively and contemporary case study material and outline relevant theory and methods for analysis Among the areas covered are religion and food violence music television and videogames Each entry is followed by a helpful summary glossary bibliography discussion questions and suggestions for further reading viewing Understanding Religion and Popular Culture offers a valuable entry point into an exciting and rapidly evolving field of study *Understanding the Religions of the World* Will Deming,2025-03-03 A comprehensive visually rich introduction to the world s major religious traditions Now in its second edition Understanding the Religions of the World An Introduction provides an essential framework for analyzing and understanding the world s major religions Rather than simply presenting a series of facts this innovative textbook provides an insightful lens through which students examine how and why religions appeal to their followers Contributions from leading scholars who have conducted fieldwork in the traditions they discuss focus on the contemporary beliefs and practices of Judaism Hinduism Buddhism Christianity Islam Chinese Religion and others Each chapter contains detailed analysis up to date scholarship review and discussion questions and multiple informational boxes that discuss topics in greater depth across five analytical categories More than 150 carefully curated images diagrams and maps that enhance student comprehension and retention are integrated throughout This edition features two entirely new chapters on the development of the study of religion and indigenous religions of the Americas Helping students appreciate the complex systems of belief that shape human experience Understanding the Religions of the World Provides a current and relevant perspective on religion across the globe Analyzes how religions operate as systems for achieving human aspirations Helps students strengthen critical thinking skills and cultural awareness Draws on the latest research and academic insights in the area of Religious Studies Covers traditions not typically addressed in introductory texts such as indigenous religions of Africa and Oceania Supplying the tools necessary for exploring global faith traditions Understanding the Religions of the World An Introduction Second Edition is an ideal textbook for undergraduate and elite high school honors courses on religious studies anthropology comparative religion and theology **The Future of Mainline Protestantism in America** James Hudnut-Beumler,Mark

Silk,2018-01-09 As recently as the 1960s more than half of all American adults belonged to just a handful of mainline Protestant denominations Presbyterian UCC Disciples of Christ Episcopal Lutheran Methodist and American Baptist Presidents congressmen judges business leaders and other members of the elite overwhelmingly came from such backgrounds But by 2010 fewer than 13 percent of adults belonged to a mainline Protestant church What does the twenty first century hold for this once hegemonic religious group In this volume experts in American religious history and the sociology of religion examine the extraordinary decline of mainline Protestantism over the past half century and assess its future Contributors discuss the demographics of mainline Protestants their beliefs practices and modes of worship their political views and partisan affiliations and the social and moral questions that unite and divide Protestant communities Other chapters examine Protestant institutions including providers of health care and education analyze churches public voice and probe what will come from a diminished role relative to other groups in society especially the ascendant evangelicals Far from going extinct the book argues the mainline Protestant movement will continue to be a vital remnant in an American religious culture torn between the contending forces of secularism and evangelicalism

Introducing World Religions Victoria Kennick Urubshurow,2008

Understanding Religion and Popular Culture Elizabeth Rae Coody,Dan W. Clanton Jr.,Terry Ray Clark,2023-04-17 Understanding Religion and Popular Culture 2nd edition provides an accessible introduction to this exciting and rapidly evolving field Divided into two parts Issues in Religion and Genres in Popular Culture it encourages readers to think critically about the ways in which popular cultural practices and products especially those considered as forms of entertainment are laden with religious ideas themes and values This edition has been thoroughly revised and includes five new chapters updated case studies and contemporary references Among the areas covered are religion and film food violence music television cosplay and fandom Each chapter also includes a helpful summary glossary bibliography discussion questions and suggestions for further reading viewing Providing a set of practical and theoretical tools for learning and research this book is an essential read for all students of Religion and Popular Culture or Religion and Media more broadly

[Representing Religion](#) Tim Murphy,2014-12-05 If religion is continually in a state of flux how can the study of religion critically examine contemporary religious beliefs and values Representing Religion critically examines this crisis of representation The volume traces the history of religious studies critiquing the concept that experience is central to understanding religion The views of influential semioticians and philosophers notably Nietzsche Saussure Foucault Barthes and Bakhtin are used to construct a new methodology for the critical study of religion Representing Religion will be of interest to students and scholars of semiotics as well as theory and method in religious studies

Mark Twain and the Spiritual Crisis of His Age Harold K. Bush,2007-01-07 Mark Twain is often pictured as a severe critic of religious piety shaking his fist at God and mocking the devout This book highlights Twain s attractions to and engagements with the variety of religious phenomena of America in his lifetime It offers a more complicated understanding

of Twain and his literary output

Interreligious Comparisons in Religious Studies and Theology Perry Schmidt-Leukel, Andreas Nehring, 2016-07-14 Can religions be compared For decades the discipline of religious studies was based on the assumption that they can Postmodern and postcolonial reflections however raised significant doubts In social and cultural studies the investigation of the particular often took precedence over a comparative perspective Interreligious Comparisons in Religious Studies and Theology questions whether religious studies can survive if it ceases to be comparative religion Can it do justice to a globalized world if it is limited on the specific and turns a blind eye on the general While comparative approaches have come under strong pressure in religious studies they have started flourishing in Theology Comparative theology practices interfaith dialogue by means of comparative research This volume asks whether theology and religious studies are able to mutually benefit from their critical and constructive reflections Can postcolonial criticism of neutrality and objectivity in religious studies create new links with the decidedly perspectival approach of comparative theology In this collection scholars from theology and religious studies discuss the methodology of interreligious comparison in the light of recent doubts and current objections Together with the contributors Perry Schmidt Leukel and Andreas Nehring argue that after decades of critique interreligious comparison deserves to be reconsidered reconstructed and reintroduced

Teaching Civic Engagement Forrest Clingerman, Reid B. Locklin, 2017-08 Teaching Civic Engagement offers a new conceptual model an examination of theoretical questions and concerns and a variety of concrete teaching strategies to assist faculty in engaging questions of civic belonging and social activism in religion classrooms The book explores the civic relevance of the academic study of religion

Environmental Science and Theology in Dialogue Russell A. Butkus, Steven A. Kolmes, 2011 This work demonstrates how understanding environmental science and theology can provide new resources for sustaining the Earth With sidebars discussion questions and recommended readings the book provides students with a text that nurtures both critical thinking and ethical action

Rethinking Religion and World Affairs Timothy Samuel Shah, Alfred C. Stepan, Monica Duffy Toft, 2012-02-29 In recent years the role of religion in the study and conduct of international affairs has become increasingly important The essays in this volume seek to question and remedy the problematic neglect of religion in extant scholarship grappling with puzzles issues and questions concerning religion and world affairs in six major areas Contributors critically revisit the secularization thesis which proclaimed the steady erosion of religion s public presence as an effect of modernization explore the relationship between religion democracy and the juridico political discourse of human rights assess the role of religion in fomenting ameliorating and redressing violent conflict and consider the value of religious beliefs actors and institutions to the delivery of humanitarian aid and the fostering of socio economic development Finally the volume addresses the representation of religion in the expanding global media landscape the unique place of religion in American foreign policy and the dilemmas it presents Drawing on the work of leading scholars as well as policy makers and analysts Rethinking Religion and World Affairs is the

first comprehensive and authoritative guide to the interconnections of religion and global politics *Biblical Interpretation and Doctrinal Formulation in the Reformed Tradition* Arie C. Leder, Richard A. Muller, 2014-04-16 The Reformed tradition is characterized by a rigorous commitment to theological formulation yet it is equally known for its commitment to rooting its life and practice in the authority of God's Word While these two commitments are commonly acknowledged the path from biblical interpretation to doctrinal formulation is often overlooked Examining a diverse group of thinkers across the chronological and international spectrum of the Reformed tradition this book demonstrates the depth and intricacies involved in the tasks of exegesis and dogmatic construction the ways they intersect and the effect it has on the church Table of Contents Preface Richard A Muller 1 An Appreciation of James De Jong Calvin Van Reken 2 Calvin's Teaching Office and the Dutch Reformed Doctorenambt Joel R Beeke 3 An Immeasurably Superior Rhetoric Biblical and Homiletical Oratory in Calvin's Sermons on the History of Melchizedek and Abraham Richard A Muller 4 Calvin's Lectures on Zechariah Textual Notes Al Wolters 5 Adopted in Christ Appointed to the Slaughter Calvin's Interpretation of the Maccabean Psalms Keith D Stanglin 6 Peter Martyr Vermigli and Aquinas Justice of War Doctrine Mark J Larson 7 Beza's Two Confessions as Sources of the Heidelberg Catechism Lyle D Bierma 8 Henry Ainsworth Harried Hebraist Raymond A Blacketer 9 The Interpretation of Christ's Descent into Hades in the Early Seventeenth Century Jay Shim 10 Critical and Catholic Exegesis in the Seventeenth Century Low Countries John S Bergsma 11 Biblical Interpretation and Doctrinal Formulation in John Flavel's Works Won Taek Lim 12 The Hobbes Bramhall Debate on the Nature of Freedom and Necessity J Mark Beach 13 Bible Commentary for the Untutored The Bijbelverklaring of 1780 1795 by Jacob van Nuys Klinkenberg and Gerard Johan Nahuys Arie C Leder 14 Herman Hoeksema was Right on the three points that really matter John Bolt *Spiritual Art and Art Education* Janis Lander, 2013-12-17 This book is a study of contemporary spirituality as it is practiced in the world today characterized by its secular and inclusive nature and applied to art and art education It identifies the issues facing a formal introduction of contemporary spiritual concepts into a secular and multicultural arts educational environment Lander begins by separating the notion of the spiritual from the study of organized religions She uses examples of art from different cultures in contemporary spiritual systems making the study a reference book for contemporary spirituality and spirituality in art education with usable definitions and practical examples suitable for scholars in art and visual studies art education and contemporary spirituality *Rethinking Religion and Politics in a Plural World* Julia Berger, 2021-01-14 In this book Julia Berger examines internal meaning making structures and processes driving NGO behavior identifying constructs from within a religious tradition that forge new ways of pursuing social change She evaluates the operation of a distinct rationality arguing that action is guided not simply by beliefs and values but also by a combination of elements so intrinsic as to constitute an organizational DNA These hidden structures and rationalities manifest themselves in new modes of engagement and agency they help us to see the pivotal role of religion in shaping notions of peace progress and modernity To

demonstrate the operation and salience of such a rationality Berger draws on the example of the worldwide Baha'i community Emerging in 19th century Iran the community's theological engagement with questions of justice the unity of humankind and the emerging global order constitute one of the most distinct and compelling yet least researched examples of religious engagement with the pressing questions of our time Analyzing events spanning a 75 year period from 1945 to 2020 this book provides a unique historical and contemporary perspective on the evolving role of religion and civil society in the modern world

On Human Nature Michel Tibayrenc, Francisco J. Ayala, 2016-09-12 On Human Nature Biology Psychology Ethics Politics and Religion covers the present state of knowledge on human diversity and its adaptive significance through a broad and eclectic selection of representative chapters This transdisciplinary work brings together specialists from various fields who rarely interact including geneticists evolutionists physicians ethologists psychoanalysts anthropologists sociologists theologians historians linguists and philosophers Genomic diversity is covered in several chapters dealing with biology including the differences in men and apes and the genetic diversity of mankind Top specialists known for their open mind and broad knowledge have been carefully selected to cover each topic The book is therefore at the crossroads between biology and human sciences going beyond classical science in the Popperian sense The book is accessible not only to specialists but also to students professors and the educated public Glossaries of specialized terms and general public references help nonspecialists understand complex notions with contributions avoiding technical jargon Provides greater understanding of diversity and population structure and history with crucial foundational knowledge needed to conduct research in a variety of fields such as genetics and disease Includes three robust sections on biological psychological and ethical aspects with cross fertilization and reciprocal references between the three sections Contains contributions by leading experts in their respective fields working under the guidance of internationally recognized and highly respected editors

A Concise Introduction to World Religions Willard Gurdon Oxtoby, Alan F. Segal, 2007 In addition to abridging the contents of the two best selling World Religions volumes Eastern Traditions and Western Traditions contributors to this concise volume text have reworked the original material to focus on six specific areas of analysis the major origins of the movement the crystallization of its teachings the major divisions within the tradition how adherents practice their faith cultural expressions and how the tradition has responded to the various changes intellectual social technological of modern times This more structural approach will make it easier for students to compare and contrast traditions resulting in a solid well rounded introduction to the study of world religions

American Book Publishing Record, 2003
