Rethinking Religious Education And Plurality Issues In Diversity And Pedagogy:

Rethinking Religious Education and Plurality Robert Jackson, 2013-02 This book offers a critical view of approaches to the treatment of different religions in contemporary education in order to devise approaches to teaching and learning and to formulate policies and procedures that are fair and just to all

Religious Education for Plural Societies Robert Jackson, 2018-10-08 In the World Library of Educationalists series international experts themselves compile career long collections of what they judge to be their finest pieces extracts from books key articles salient research findings major theoretical and practical contributions so the world can read them in a single manageable volume Readers will be able to follow the themes and strands and see how their work contributes to the development of the field *Religious Education for Plural Societies* highlights key writings from Robert Jackson's international career in education It provides a historical perspective in relation to current debates about religious education in the UK and internationally drawing attention to current issues of concern Carefully selected examples explore the key themes in religious education that allow us to consider how things were how they are now and the future for the field of study Split into parts empirical research the interpretive approach to religious education pedagogy religious education and plurality and human rights and international policy developments Robert Jackson also provides an overview of the text in the form of a general introduction and also introductions to each section of the book allowing the reader a personal insight into why each piece has been chosen *Religious Education for Plural Societies* allows readers to follow themes and strands across Robert Jackson's career and see how his work has contributed to the development of the fields of religions and education It will be of interest to all followers of Robert Jackson's work and any reader interested in the development of religious education in the UK and internationally

International Handbook of Inter-religious Education Kath Engebretson, Marian de Souza, Gloria Durka, Liam Gearon, 2010-08-17 This Handbook is based on the conviction of its editors and contributing authors that understanding and acceptance of as well as collaboration between religions has essential educational value The development of this Handbook rests on the further assumption that interreligious education has an important role in elucidating the global demand for human rights justice and peace Interreligious education reveals that the creeds and holy books of the world's religions teach about spiritual systems that reject violence and the individualistic pursuit of economic and political gain and call their followers to compassion for every human being It also seeks to lead students to an awareness that the followers of religions across the world need to be and to grow in dialogical relationships of respect and understanding An essential aim of interreligious education is the promotion of understanding and engagement between people of different religions and therefore it has great potential to contribute to the common good of the global community Interreligious education has grown from the interfaith movement whose beginning is usually identified with the World Parliament of Religions held in Chicago in 1893 This was the first time in history that leaders of the eastern and western religions had come together for dialogue and to consider working

together for global unity *Religious Education at Schools in Europe* Martin Rothgangel, Robert Jackson, Martin Jäggle, 2014-05-14 The project Religious Education at Schools in Europe REL EDU which is divided up into six volumes Central Europe Western Europe Northern Europe Southern Europe South Eastern Europe Eastern Europe aims to research the situation with regard to religious education in Europe The second volume outlines the organisational form of religious education in the countries of Western Europe England Ireland Northern Ireland Scotland Wales Belgium France Luxembourg Netherlands This is done on the basis of thirteen key issues which allows specific points of comparison between different countries in Europe Thereby the volume focusses the comparative approach and facilitates further research into specific aspects of the comparison *Negotiating Identity and Tradition in Single-faith Religious Education* Inkeri Rissanen, 2014 What kinds of process of negotiation are involved in teaching and studying Islam in a modern liberal context How can the common aims attached to liberal religious education in contemporary European multicultural societies be pursued in single faith education This book contributes to the search for legitimate and successful forms of religious education by presenting results from a case study examining Islamic education in Finnish schools Finnish Islamic education in which students study their own religion with aims drawn from the liberal educational paradigm offers a space for negotiating liberal educational values in an Islamic framework and negotiating Islam in its many contexts The findings demonstrate the possibilities as well as challenges in educating for autonomy tolerance and citizenship through religion The book also gives insights into students negotiations on diversity and tolerance that are important for all involved in any form of multicultural education These negotiations bring out distinct challenges in dealing with interreligious intrareligious and cultural differences and demonstrate how different understandings of tolerance in different ideological frameworks can cause confusion among students The results lead to a discussion of the educational needs of Muslim students in contemporary Western societies and the competencies their teachers need *Encyclopedia of Diversity in Education* James A. Banks, 2012-05-24 Presents research and statistics case studies and best practices policies and programs at pre and post secondary levels Prepub price 535 00 valid to 21 07 12 then 595 00 **Intercultural Dialogue** Prue Holmes, Melinda Dooly, John O'Regan, 2017-10-02 Intercultural dialogue as a concept and ideology in the European Union stimulates a rational 21st century society where people can engage in intercultural communication on a global scale and can do so openly and freely in conditions of security and mutual respect Intercultural dialogue connotes dialogic communication that is peaceful reconciliatory and democratic Yet the term and its accompanying rhetoric belie the intercultural communicative undercurrents and their manifestations that people encounter in their daily lives The research informed chapters in this book which are situated in international contexts provide more nuanced understandings and many even challenge this non critical ideology by suggesting that the concept of intercultural dialogue is inoperable and problematic under the present conditions of globalisation and migration where there exists conflict vulnerability and instability The different theoretical perspectives and analyses presented by the

authors are a reminder that researchers in the field of intercultural communication require robust and appropriate theories methods and pedagogies in order to research these complex conditions and contexts particularly where different languages and identities are present The book is also a reminder of how context and power both re shape and contest the central tenets of intercultural dialogue in particular of who speaks for whom when how and under what circumstances and conditions This book was originally published as a special issue of *Language and Intercultural Communication* Education, Religion and Society Dennis Bates, Gloria Durka, Friedrich Schweitzer, 2006-06-28 *Education Religion and Society* celebrates the career of Professor John Hull a leading figure in the transformation of religious education in English and Welsh schools and co founder of the International Seminar on Religious Education and Values He has also made major contributions to the theology of disability and the theological critique of the money culture Leading international scholars join together to offer a critical appreciation of his contribution to religious education and practical theology and explore the continuing debate about the role of religious education in promoting international understanding intercultural education and human rights The contributors also deal with indoctrination racism and relationship in Christian religious issues and examine aspects of the theology of social exclusion and disability This unique book includes a complete list of John Hull s writings up to the beginning of 2005 providing both an excellent introduction to contemporary issues of religious education in the West and the most complete critical account yet of his work **Challenging Life: Existential Questions as a Resource for Education**

Jari Ristiniemi, Geir Skeie, Karin Sporre, 2018 There is an increasing recognition today that young people need to have knowledge about religions and world views in order to live and work in diverse societies What kind of maps are they provided with through religious values and ethics education Does education address the challenging existential questions that children and adolescents ask about life and the world This volume addresses different aspects of how existential questions have been dealt with in educational research It especially draws attention to the Swedish research tradition of focusing on life questions and the interpretation of life in education but with contemporary international research added It also addresses issues of ethics education and discusses possible options for the future of existential questions as a resource for education *Religion in Education* Joyce Miller, Kevin O'Grady, Ursula McKenna, 2013-04-02 This volume explores numerous themes including the influence of ethnography on religious education research and pedagogy the interpretive approach to religious education the relationship between research and classroom practice in religious education providing a critique of contemporary religious education and exploring the implications of this critique for initial and continuing teacher education **Faith Schools, Tolerance and Diversity** Helen Everett, 2018-03-28 This book examines the effects of faith schools on social cohesion and inter ethnic relations Faith schools constitute approximately one third of all state maintained schools and two fifths of the independent schools in England Nevertheless they have historically been and remain controversial In the current social climate questions have been raised about the ability of faith schools to promote Community Cohesion and included within

that their ability to promote tolerance This book explores one aspect of the debate by examining the effect that faith schools have on their students attitudes of tolerance As well as asking what differences exist between students in faith and non faith schools it also looks at which aspects of the schools might be affecting the students and their attitudes towards different minorities The book is a must read for students and researchers in the fields of education and religious studies as well as anyone with an interest in the place of faith schools in a modern multicultural society **Inter Faith Dialogue by Email in**
