RETHINKING SOCIAL POLICY

**Race, Poverty, and
the Underclass**

CHRISTOPHER JENCKS

Rethinking Social Policy

Joel F. Handler

Rethinking Social Policy:

Rethinking Social Policy Gail Lewis, Sharon Gewirtz, John Clarke, 2000-06-06 Rethinking Social Policy is a comprehensive introduction to and analysis of the complex mixture of problems and possibilities within the study of social policy Contributors at the cutting edge of social policy analysis reflect upon the implications of new social and theoretical movements for welfare and the study of social policy Topics covered include criminology and crime control race class and gender poverty and sexuality the body and the emotions violence work and welfare in Europe Examples are drawn from a variety of welfare sectors such as social services and community care health education employment and criminal justice This is a course reader for The Open University course D860 R **Rethinking Social Policy** Christopher Jencks, 1993-02-05 One of the foremost sociologists of our time makes a fervent appeal for clearer thinking on race poverty crime and the underclass

The Homeless Christopher Jencks, 1994 Late in the 1970s Americans began to notice more people sleeping in public places and wandering the streets By the late 1980s the homeless were everywhere a grim reminder of America's social and economic troubles Renowned social analyst Jencks discusses the causes and extent of this problem and what can be done about it Line illustrations and tables **Anthropologica**, 2003 *Anthropologica*, 2003 **The Poverty of Welfare Reform** Joel F. Handler, 1995-01-01 Once again America is getting tough on welfare Democrats and Republicans at both the national and state levels seem to have agreed that paying public funds to the poor particularly to single mothers and their children perpetuates dependency and undermines self sufficiency and the work ethic In this book Joel Handler a national expert on welfare points out the fallacies in the current proposals for welfare reform arguing that they merely recycle old remedies that have not worked He analyzes the prejudice that has historically existed against the undeserving poor and shows that the stereotype of the inner city woman of color who has children in order to stay on welfare is untrue Most welfare mothers are in the labor market says Handler however the work that is available to them is most often low wage part time employment with no benefits Efforts to move large numbers of welfare recipients to full time employment are not likely to be successful especially since most of the welfare programs for single mothers are at the state and local levels and these governments are reluctant to spend the extra money needed to institute work or other reform programs Handler suggests that national reform efforts should focus less on welfare and blaming the victim and more on increasing labor markets and reducing poverty through legislation that promotes for example the Earned Income Tax Credit and universal health care benefits Welfare reform by itself does nothing to improve the job market and unless there are more jobs paying more income we will have done nothing to lessen poverty or reduce welfare **Race, Poverty, and American Cities** John Charles Boger, Judith Welch Wegner, 1996 Precise connections between race poverty and the condition of America's cities are drawn in this collection of seventeen essays Policymakers and scholars from a variety of disciplines analyze the plight of the urban poor since the riots of the 1960s an *Introducing Social Policy* Cliff Alcock, Guy Daly, Edwin Griggs, 2014-06-06 The

completely revised second edition of this highly respected textbook provides a comprehensive yet digestible and accessible introduction to the theoretical foundations development and crucial areas of contemporary concern in social policy and welfare Fully up to date it provides a concise but thorough overview of the context for the provision of social welfare in contemporary Britain and beyond Providing an integrated framework to highlight the relationships between theory policy and practice Introducing Social Policy examines social policy from a multi disciplinary perspective It therefore encourages a broad understanding of the importance of the subject within social policy itself as well in social work healthcare education and beyond

Managing Care in Context Jeanette Henderson, Dorothy Atkinson, 2003 *Managing Care in Context* looks at the different contexts in which care takes place and considers the impact of policy practice and organisational contexts on managers It explores the complexity and diversity of the management task and the role *Welfare and the State: Welfare futures* Nicholas Deakin, Catherine Jones, Bob Matthews, 2004 Creating Autoethnographies Tessa

Muncey, 2010-04-14 The first ever practical text on this increasingly popular research method it provides a background and considers some of the criticisms of the approach It is suitable for all social science students both graduate and upper level undergraduate The book is structured to mirror the process of writing about experience from establishing an idea through to the process of writing and the development of creative writing skills and provides detailed worked examples of the whole process The final two chapters are devoted to exploring two cases in which readers can see the principles discussed in action There are also a wide range of case studies drawn from a wide a range of social science disciplines and exercises throughout the text *Youth and Crime* John Muncie, 2009-03-18 In *Youth and Crime* John Muncie accomplishes the extraordinarily difficult feat of covering a huge territory introducing his subject matter in an accessible form and yet offering original analysis and insight This is a wonderfully accomplished textbook which leaves its rivals standing The Third Edition is everything we have come to expect of its predecessors but with the added bonus that it is completely up to date and has new material on youth victimology and comparative youth justice An absolute must for all students and teachers in the areas of youth crime and justice Professor Tim Newburn London School of Economics and Political Science *Youth and Crime* is without question the key text in its field Its breadth of coverage and depth of analysis are truly remarkable Muncie constantly pushes the boundaries and by including a substantial volume of new material his Third Edition effectively sets the agenda and defines the future direction for youth justice studies It is a must have book Professor Barry Goldson University of Liverpool With his unique and authoritative voice Muncie draws together a wide range of new political developments and cutting edge criminological and sociological theory and research to expand his original object of inquiry in this brilliant new edition Jo Phoenix Reader Durham University The Third Edition of this definitive bestselling text offers the most comprehensive and authoritative overview of youth and crime available Youth crime and justice are constantly in the news and the subject of ongoing legislative action This new edition keeps the reader up to date on a wide range of contemporary

debates and covers all the essentials required in studying the topic of youth and crime at undergraduate and postgraduate level Two new chapters on youth victimology and comparative and international youth justice have been added to provide critical analysis of issues such as institutional abuse child trafficking international children s rights and transnational policy transfer The book also includes new material on antisocial behaviour orders ASBOs gangs gun and knife crime early intervention initiatives the respect agenda restorative justice child imprisonment The book offers numerous tools to enhance the learning process including chapter outlines summary boxes key terms study questions further reading lists a glossary and guidance on Web resources

Cultural Turns/Geographical Turns Simon Naylor,James Ryan,Ian Cook,David Crouch,2018-10-08 Introduces undergraduates to the key debates regarding space and culture and the key theoretical arguments which guide cultural geographical work This book addresses the impact significance and characteristics of the cultural turn in contemporary geography It focuses on the development of the cultural geography subdiscipline and on what has made it a peculiar and unique realm of study It demonstrates the importance of culture in the development of debates in other subdisciplines within geography and beyond In line with these previous themes the significance of space in the production of cultural values and expressions is also developed Along with its timely examination of the health of the cultural geographical subdiscipline this book is to be valued for its analysis of the impact of cultural theory on studies elsewhere in geography and of ideas of space and spatiality elsewhere in the social sciences [Re/visioning](#) Vincent D'Oyley,Carl

James,1998 **International Handbook of Criminology** Shlomo Giora Shoham,Paul Knepper,Martin Kett,2010-02-23 The second handbook in the Shoham trilogy which includes the esteemed International Handbook of Penology and Criminal Justice and the upcoming International Handbook of Victimology this volume is a comprehensive treatment of criminology theory This text contains contributions from 25 of the top international scholars in the field across a wide range of disciplines Topics include social deviance research methods biological and physiological explanations personality types and family socialization processes The book also explores ecological and economic factors differential association and situational crime prevention cultural conflicts and immigration as well as stigmas group delinquency and juvenile delinquency **The**

Routledge Handbook of Feminist Economics Günseli Berik,Ebru Kongar,2021-05-23 The Routledge Handbook of Feminist Economics presents a comprehensive overview of the contributions of feminist economics to the discipline of economics and beyond Each chapter situates the topic within the history of the field reflects upon current debates and looks forward to identify cutting edge research Consistent with feminist economics goal of strong objectivity this Handbook compiles contributions from different traditions in feminist economics including but not limited to Marxian political economy institutionalist economics ecological economics and neoclassical economics and from different disciplines such as economics philosophy and political science The Handbook delineates the social provisioning methodology and highlights its insights for the development of feminist economics The contributors are a diverse mix of established and rising scholars of feminist

economics from around the globe who skilfully frame the current state and future direction of feminist economic scholarship This carefully crafted volume will be an essential resource for researchers and instructors of feminist economics

American Families Stephanie Coontz, Maya Parson, Gabrielle Raley, 1999 A reader for a two quarter seminar on race class and gender in family scholarship Selections shed light on debates in family diversity revealing that in every historical period the US has had several distinct but interconnected family systems all of which form part of a larger constellation of power relations unequal access to resources and struggles over ideological representations of family life Topics include American Indians and the boarding school experience social science theorizing for Latino families gay and lesbian families and biracial identity No index Annotation copyrighted by Book News Inc Portland OR Rethinking Social Policy Jane Lewis, 1999

Contractualism and Citizenship Terry Carney, Gaby Ramia, Anna Yeatman, 2001 Contractualism and Citizenship is a special issue Volume 18 No 2 of the journal Law in Context The contents are listed below You can read the abstract for each chapter by clicking on its title You can purchase a single copy of this issue through this page or subscribe to the journal from the journal page EBOOK: Race, Masculinity and Schooling Louise Archer, 2003-12-16 a welcome and valuable contribution because of Archer's ability to reveal for her readers the complex and dynamic ways in which young Muslim Asian boys in England construct their identities Through a careful analysis she demonstrates how stereotypes and inequalities have a real impact on the ways in which these young people negotiate their identities reminding us of the importance of reading identities within their different contexts an important and refreshing book Journal of Education Policy Muslim boys are currently hot topics of social and educational debate they have been associated with global terrorism fundamentalism urban rioting and within the context of schooling they appear to be suffering from disproportionately high rates of exclusion and low rates of achievement and post 16 progression This timely and innovative book examines the issues in detail foregrounding Muslim boys own views of their lives and schooling The book explores the complex interplay between race ethnicity religion masculinity and social class within Muslim boys lives Attention is also given to the role of the teacher researcher within the boys production of masculine identities The book draws on illuminating new research data and reviews a wide range of literature on masculinity and race ethnicity to enable readers to engage with complex social inequalities within the context of secondary schooling
