Secrets Of The Unknown Titanic:

Titanic's Resurrected Secret—H.E.W. J. Robert DiFulgo, 2014-05-13 A Post Titanic mystery novel unravels Titanic's untold secret. During the aftermath of the loss of the great liner, attempts were made to recover, identify, and lay to rest those individuals scattered in the cold North Atlantic in the hope of bringing dignity to those lost souls. This Post Titanic story is about an individual whose identity was forfeited because of the theft of an extremely valuable object which he held in his possession. Historical and mystery novelist Alexander J. Dante had always felt drawn to the tragic story of the Titanic. Now retired, Alexei decides to visit Fairview Lawn Cemetery in Halifax, Nova Scotia, where some of the victims of the disaster are laid to rest. While he is there, Alexei feels a strange pull towards gravesite 223, where supposedly an unidentified crew member lay. A mystery surrounds the number 223, and Alexei is determined to solve it. His obsession takes him across the globe as he begins to unravel a long kept secret that will consume his life.

The Titanic in Print and on Screen D. Brian Anderson, 2005-04-05 Titanic scholars contend that the demise of the unsinkable ship left more behind than a memory of April 15, 1912, as an important point in history. Through books, films, stories, and songs, the archetypal shipwreck has endured as a metaphor for the perils of mankind's hubris and the fallibility of technology. In 1985, the discovery of the long missing wreckage, two miles below the surface of the Atlantic, revitalized interest in the Titanic and spawned a new generation of books, films, and for the first time, websites and computer games. James Cameron's blockbuster Titanic became the biggest movie of all time and engendered still greater popular interest in the tragic event. This bibliography is a survey of the immense volume of literary, dramatic, and commercial endeavors that came out of history's most compelling shipwreck. Organized by genre in accessible categories and short entries, the book includes Titanic-inspired documentaries, narrative films, children's books, histories, short stories, novels, plays, articles, essays, software, websites, poems, and songs. Each entry includes a brief review, bibliographic information, and the technical details of the specific source. The reviews include subjective analysis designed to reflect the usefulness of the source and to be of benefit to researchers and scholars. Five appendices include lists of the actors appearing in more than one Titanic film, brief film and television appearances of the Titanic, films never or not yet released, books that survived the wreck, and books written by passengers.
