Freud and the Question of Pseudoscience Frank Cioffi,1998 In the early 1970s Cioffi demonstrated that Freud falsified the account of his discovery of the Oedipus complex an account that had gone unquestioned until that time Moreover Cioffi showed that this misrepresentation was necessary to the propagation of the Oedipus theory The author subsequently revealed Freud s falsifications in retracting his theory of infantile seduction a revelation that has been often cited in recent books and scholarly journals

Shakespeare's Ghost Writers Marjorie Garber,2020-11-25 The plays of Shakespeare are filled with ghosts and ghost writing Shakespeare s Ghost Writers is an examination of the authorship controversy surrounding Shakespeare the claim made repeatedly that the plays were ghost written Ghosts take the form of absences erasures even forgeries and signatures metaphors extended to include Shakespeare himself and his haunting of us and in particular theorists such Derrida Marx Nietzsche and Freud the figure of Shakespeare constantly made and remade by contemporary culture Marjorie Garber one of the most eminent Shakespearean theorists writing today asks what is at stake in the imputation that Shakespeare did not write the plays and shows that the plays themselves both thematize and theorize that controversy This Routledge Classics edition contains a new preface and new chapter by the author

Sex, Lies, and Autobiography James L. O'Rourke,2006 In Sex Lies and Autobiography James O Rourke explores the relationships between literary form and ethics revealing how autobiographical texts are able to confront readers with the moral complexities of

everyday life Tracing the ethical legacy of Jean Jacques Rousseau s Confessions in a series of English language texts the author shows how Rousseau s doubts about the possibility of ethical behavior in everyday life shadows the first person narratives of five canonic works William Wordsworth s Prelude Charlotte Bront s Jane Eyre and Villette Mary Shelley s Frankenstein and Vladimir Nabokov s Lolita Offering a fascinating new way of thinking about ethics through literature Sex Lies and Autobiography challenges the most fundamental principles of the philosophical study of ethics revealing the innate difference between morality in life and morality in literature O Rourke begins with Rousseau s inability to reconcile his intuitive belief that he is a good person with the effects that his actions have on others and he goes on to show how this same ethical impasse recurs in the five aforementioned texts The ethical crises these texts describe such as when Jane Eyre s happiness can be purchased only at the cost of Bertha Mason s suicide or when Humbert Humbert s artistry demands the sacrifice of Dolores Haze are not instances of authorial ethical blindness O Rourke says but rather are ethical challenges that force us as readers to consider our own lives In each of these works a narrator attempts to justify his or her behavior and fails in each case the rigorous narrative of self examination demands a similar effort from the reader whose own sense of moral rectitude is put into question Confronting the long held philosophical construction that links ethical principles and life choices thereby reassuring us of the ethical coherence of everyday life the narrators of these literary autobiographies come to a very different conclusion by looking back on their lives they cannot understand how their most benevolent desires led to such damaging life stories By leaving meaning inexplicit O Rourke argues these texts are able to recover traumatic material that is ordinarily repressed and then bring that repressed knowledge to bear on self justifying narratives For readers interested in autobiographical studies ethical criticism and trauma and literary studies Sex Lies and Autobiography provides a groundbreaking analysis of the role of ethics in literature

Freud and His Critics Paul Robinson, 2024-07-26 Wars against Freud were waged along virtually every front in the 1980s In *Freud and His Critics* Paul Robinson takes on three of Freud s most formidable detractors mounting a thoughtful witty and ultimately devastating critique of the historian of science Frank Sulloway the psychoanalyst Jeffrey Masson and the philosopher Adolf Gr nbaum Frank Sulloway contends that Freud took most of his ideas from Darwin and other contemporary thinkers that he was something of a closet biologist Jeffrey Masson charges that Freud caved in to peer pressure when he abandoned his early seduction theory which Masson believes was correct in favor of the theory of infantile sexuality Adolf Gr nbaum impugns Freud s claim to have grounded his ideas especially the idea of the unconscious on solid empirical foundations Under Robinson s rigorous cross examination the evidence of these three accusers proves ambiguous and their arguments biased by underlying assumptions and ideological commitments Robinson concludes that the anti Freudian writings of Sulloway Masson and Gr nbaum reveal more about their authors prejudices and about the Zeitgeist of the 1980s than they do about Freud Indeed they fundamentally distort and diminish Freud pointedly ignoring his remarkable historical achievement the invention of a new way of thinking about the
