

"We may see nothing but our imperfections," Sister Wixom said. "We may think our mistakes are impossible to repair, and we may think we cannot change. We may feel like we are failing."

The way God has provided for his children to overcome the condition of imperfection and the feeling of failure is through the sacrament.

"One real blessing is this Sunday we will again have the opportunity to renew the covenant we made at baptism as we partake of the sacrament with the glorious promise that we may always have his Spirit to be with us," Sister Wixom said.

Doing so is a way of keeping covenants, and it helps change a person into the righteous child of God that is his or her ultimate potential.

"Regardless of its form, we will stand in awe as the angel emerges," Sister Wixom said.

"And we will give credit to our Savior, Jesus Christ, for he is perfect."

- Rosemary Wixom

What You See Is What You Hear Dario Martinelli, 2020-01-01

What You See Is What You Hear develops a unique model of analysis that helps students and advanced scholars alike to look at audiovisual texts from a fresh perspective. Adopting an engaging writing style, the author draws an accessible picture of the field, offering several analytical tools, historical background, and numerous case studies. Divided into five main sections, the monograph covers problems of definitions, history, and most of all, analysis. The first part raises the main problems related to audiovisuality, including taxonomical and historical questions. The second part provides the bases for the understanding of audiovisual creative communication as a whole, introducing a novel theoretical model for its analysis. The next three parts focus on the model in all its constituents and with plenty of case studies taken from the field of cinema, TV, music, videos, advertising, and other forms of audiovisuality. Methodologically, the book is informed by different paradigms of film and media studies: multimodality studies, structuralism, narratology, auteur theory, in the broad sense, communication studies, semiotics, and the so-called Humanities. *What You See Is What You Hear* enables readers to better understand how to analyze the structure and content of diverse audiovisual texts, to discuss their different idioms, and to approach them with curiosity and critical spirit.
