The American Dream Stephen McDowell, 2007-04. America is a unique nation in history. No nation has been as free, prosperous, charitable, and virtuous. This has nothing to do with any inherent value of the American people but has to do with the valuable ideas upon which she was founded. Seven foundational ideas are examined that produced the American Dream, all of which are Biblical in their origin and were planted by the early settlers. The first seed principles were planted in

Jamestown 400 years ago Though often ignored Christianity was vital for the beginning of Virginia God's hand was evident in preserving the colony and in the lives of many of its founders The American Dream looks at Rev Richard Hakluyt the man most influential in English colonization in the new world and his motive to enlarge the glory of the gospel It documents the important role of the Christian faith in the founding of Virginia and shows how the colonists desire to propagate the Christian religion as recorded in the First Charter of Virginia 1606 was fulfilled in Pocahontas and other native Americans The ideas that made America exceptional were planted and grew in all the colonies producing much fruit in the early American republic Today however these ideas are under attack and are being displaced by secular ideas For the American Dream to continue we must remember from where we came and return the nation to its original Godly covenant **Manifest Your Dream**
