Seeing Is Forgetting The Name Of The Thi:

Toni Morrison: An Ethical Poetics Yvette Christianse, 2013 Toni Morrison *An Ethical Poetics* situates Toni Morrison as a writer who writes about writing as much as about racialized engendered and sexualized African American and therefore American experience In foregrounding the ethics of fiction writing the book resists any triumphalist reading of Morrison s achievement in order to allow the meditative unsettled and unsettling questions that arise throughout her long labor at the nexus of language and politics where her fiction interrogates representation itself Moving between close reading and critical theory Toni Morrison *An Ethical Poetics* reveals the ways in which Morrison s primary engagement with language has been a search for how and what language is made to communicate and for how and what speaks in and from generation to generation There is no easy escape from such legacy no escape into a pure language free of the burdens of racialized agendas Rather there is the example of Morrison s commitment to writerly which is to say readerly wakefulness At a time when sustained study devoted to single authors has become rare this book will be an invaluable resource for readers scholars and teachers of Morrison s work *The British Workwoman Out and at Home* ,1863 **Official Report of the Proceedings and Debates of the Third Constitutional Convention of Ohio** Ohio. Constitutional convention, 1874 **The Cloud of Unknowing** Patrick J Gallacher, 1997-05-01 The Cloud of Unknowing describes the contemplative method centered around eliminating all noise and images from the mind and in that encounter with nothingness finding God Meanwhile despite the austerity of the content the style of the author is warm and congenial and eminently readable Patrick J Gallacher further makes this text accessible to students and teachers by including a gloss introduction notes and glossary This text gives a great introduction to the ethos of mysticism in the middle ages *An Introduction to International Relations* Richard Devetak, Jim George, Sarah Percy, 2017-09-11 Machine generated contents note *This Is Shakespeare* Emma Smith, 2020-03-31 An electrifying new study that investigates the challenges of the Bard s inconsistencies and flaws and focuses on revealing not resolving the ambiguities of the plays and their changing topicality A genius and prophet whose timeless works encapsulate the human condition like no other A writer who surpassed his contemporaries in vision originality and literary mastery A man who wrote like an angel putting it all so much better than anyone else Is this Shakespeare Well sort of But it doesn t tell us the whole truth So much of what we say about Shakespeare is either not true or just not relevant In *This Is Shakespeare* Emma Smith an intellectually theatrically and ethically exciting writer takes us into a world of politicking and copycatting as we watch Shakespeare emulating the blockbusters of Christopher Marlowe and Thomas Kyd the Spielberg and Tarantino of their day flirting with and skirting around the cutthroat issues of succession politics religious upheaval and technological change Smith writes in strikingly modern ways about individual agency privacy politics celebrity and sex Instead of offering the answers the Shakespeare she reveals poses awkward questions always inviting the reader to ponder ambiguities **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1965

Treacherous Subjects Lan P Duong,2012-04-22 Treacherous Subjects is a provocative and thoughtful examination of Vietnamese films and literature viewed through a feminist lens Lan Duong investigates the postwar cultural productions of writers and filmmakers including Tony Bui Trinh T Minh ha and Tran Anh Hung Taking her cue from the double meaning of collaborator Duong shows how history has shaped the loyalties and shifting alliances of the Vietnamese many of whom are caught between opposing constricting forces of nationalism patriarchy and communism Working at home and in France and the United States the artists profiled in Treacherous Subjects have grappled with the political and historic meanings of collaboration These themes which probe into controversial issues of family and betrayal figure heavily in fictions such as the films The Scent of Green Papaya and Surname Viet Given Name Nam As writers and filmmakers collaborate Duong suggests that they lay the groundwork for both transnational feminist politics and queer critiques of patriarchy **ANF04.
