Poetry and the Question of Modernity Ian Cooper, 2020-01-15 Interest in Martin Heidegger was recently reawakened by the revelations in his newly published Black Notebooks of the full terrible extent of his political commitments in the 1930s and 1940s The revelations reminded us of the dark allegiances co existing with one of the profoundest and most important philosophical projects of the twentieth century one that is of incomparable importance for literature and especially for poetry which Heidegger saw as embodying a receptiveness to Being and a resistance to the instrumental tendencies of modernity Poetry and the Question of Modernity From Heidegger to the Present is the first extended account of the relationship between Heidegger's philosophy and the modern lyric It argues that some of the best known modern poets in German and English from Paul Celan to Seamus Heaney and Les Murray are in deep imaginative affinity with Heidegger's enquiry into finitude language and Being But the work of each of these poets challenges Heidegger because each appeals to a transcendence taking place in language that is inseparable from the motion of encounter with embodied others It is thus poetry which reveals the full measure of Heidegger's relevance in redefining modern selfhood and poetry which reveals the depth of his blindness *The Oxford Handbook of British Poetry, 1660-1800* John T. Lynch, 2016 In the most comprehensive up to date account of the poetry published in Britain between the Restoration and the end of the eighteenth century a team of leading experts surveys the poetry of the age in all its richness and diversity They provide a systematic overview and restore these poetic works to a position of centrality in modern criticism

Perspectives on Sri Aurobindo's Poetry, Plays, and Criticism Amrita Paresh Patel, Jaydipsinh Dodiya, 2002 This Book It Is Hoped Will Create In The Readers Not Only An Interest In Sri Aurobindo S Literary Work But Also An Awareness About His Message Of Integralism And Its Continued Relevance For All Times *GERTRUDE STEIN Ultimate Collection: Novels, Short Stories, Poetry, Plays, Memoirs & Essays* Gertrude Stein, 2023-12-10 Gertrude Stein's Ultimate Collection encapsulates the avant garde spirit of her literary oeuvre presenting a rich tapestry of novels short stories poetry plays memoirs and essays Stein's experimental style eschews traditional narrative forms employing stream of consciousness techniques and a unique use of repetition that invites the reader to immerse themselves in the rhythm of her prose This collection not only showcases her contributions to modernism but also reflects the zeitgeist of the early 20th century a period of profound cultural and artistic upheaval that Stein was pivotal in shaping Gertrude Stein an American expatriate in Paris was at the forefront of the artistic movements of her time befriending luminaries such as Pablo Picasso and Ernest Hemingway Her own experiences as a Jewish woman and a groundbreaking writer informed her exploration of identity language and the very nature of art itself Stein's insistence on the significance of the structure and sound of language reveals her innovative approach to writing emerging from her deep

engagement with both psychology and the avant garde This collection is a treasure for both aficionados of modernist literature and newcomers alike offering an expansive view of Stein's intellectual landscape Readers will find in this anthology not just a compilation of her works but a gateway into the mind of a literary revolutionary whose legacy continues to influence writers and artists today "The Soul Exceeds Its Circumstances" Eugene O'Brien, 2016-11-15 The Soul Exceeds its Circumstances brings together sixteen of the most prominent scholars who have written on Seamus Heaney to examine the Nobel Prize winner's later poetry from a variety of critical and theoretical perspectives While a great deal of attention has been devoted to Heaney's early and middle poems the Bog Poems in particular this book focuses on the poetry collected in Heaney's *Seeing Things* 1991 *The Spirit Level* 1996 *Electric Light* 2001 *District and Circle* 2006 and *Human Chain* 2010 as a thematically connected set of writings The starting point of the essays in this collection is that these later poems can be grouped in terms of style theme approach and intertextuality They develop themes that were apparent in Heaney's earlier work but they also break with these themes and address issues that are radically different from those of the earlier collections The essays are divided into five sections focusing on ideas of death the later style translation and transnational poetics luminous things and gifts and usual and unusual spaces A number of the contributors see Heaney as stressing the literary over the actual and as always looking at the interstices and positions of liminality and complexity His use of literary references in his later poetry exemplifies his search for literary avatars against whom he can test his own ideas and with whom he can enter into an aesthetic and ethical dialogue The essayists cover a great deal of Heaney's debts to classical and modern literature in the original languages and in translations and demonstrate the degree to which the streets on which Heaney walked and wrote were two way he was influenced by Virgil Petrarch Milosz Wordsworth Keats Rilke and others and in turn had an impact on contemporary poets This remarkable collection will appeal to scholars and literary critics undergraduates as well as graduate students and to the many general readers of Heaney's poetry *Irish Poetry: Politics, History, Negotiation* S. Matthews, 1997-04-12 The award of the 1995 Nobel Prize for Literature to Seamus Heaney recognized not only the aesthetic achievement of his work but also its political urgency Here Steven Matthews presents a genealogy of Irish poetry which centres upon Heaney's recent preoccupation with the relations between poetry politics and history Writing from the perspective of Irish critical responses to the poetry he discusses a wide range of work from John Hewitt through Heaney himself to Paul Muldoon All of these poets have been inspired directly or indirectly by the situation in the North of Ireland Placing the poems in their historical context the author also analyses how these poets have reacted to the influence of W B Yeats This important book offers a new approach to Irish poetry linking it for the first time to the crucial political and historical events which lie at its centre **The Cambridge Companion to Irish Poets** Gerald Dawe, 2017-11-16 The Cambridge Companion to Irish Poets offers a fascinating introduction to Irish poetry from the seventeenth century to the present Aimed primarily at lovers of poetry it examines a wide range of poets including household names such as Jonathan

Swift Thomas Moore W B Yeats Samuel Beckett Seamus Heaney Patrick Kavanagh Eavan Boland and Paul Muldoon The book is comprised of thirty chapters written by critics leading scholars and poets who bring an authoritative and accessible understanding to their subjects Each chapter gives an overview of a poet s work and guides the general reader through the wider cultural historical and comparative contexts Exploring the dual traditions of English and Irish speaking poets this Companion represents the very best of Irish poetry and highlights understanding that reveals in clear and accessible prose the achievement of Irish poetry in a global context It is a book that will help and guide general readers through the many achievements of Irish poets

Sing with the Heart of a Bear Kenneth Lincoln,2023-09-01 Examining contemporary poetry by way of ethnicity and gender Kenneth Lincoln tracks the Renaissance invention of the Wild Man and the recurrent Adamic myth of the lost Garden He discusses the first anthology of American Indian verse *The Path on the Rainbow* 1918 which opened Jorge Luis Borges university surveys of American literature to thirty five contemporary Indian poets who speak to with and against American mainstream bards From Whitman s free verse through the Greenwich Village Renaissance sandwiched between the world wars and the post apocalyptic Beat incantations to transglobal questions of tribe and verse at the century s close Lincoln shows where we mine the mother lode of New World voices what distinguishes American verse which tales our poets sing and what inflections we hear in the rhythms pitches and parsings of native lines Lincoln presents the Lakota concept of singing with the heart of a bear as poetry which moves through an artist He argues for a fusion of estranged cultures tribal and migr margin and mainstream in detailing the ethnopoetics of Native American translation and the growing modernist concern for a native sense of the makings of American verse This fascinating work represents a major new effort in understanding American and Native American literature spirituality and culture

Examining contemporary poetry by way of ethnicity and gender Kenneth Lincoln tracks the Renaissance invention of the Wild Man and the recurrent Adamic myth of the lost Garden He discusses the first anthology of American Indian verse *The Path on the* Poetry and Revelation Kevin Hart,2017-04-20 Religious poetry has often been regarded as minor poetry and dismissed in large part because poetry is taken to require direct experience whereas religious poetry is taken to be based on faith that is on second or third hand experience The best methods of thinking about experience are given to us by phenomenology *Poetry and Revelation* is the first study of religious poetry through a phenomenological lens one that works with the distinction between manifestation in which everything is made manifest and revelation in which the mystery is re veiled as well as revealed Providing a phenomenological investigation of a wide range of religious poems some medieval some modern some written in English others written in European languages some from America some from Britain and some from Australia Kevin Hart provides a unique new way of thinking about religious poetry and the nature of revelation itself Politics and the Rhetoric of Poetry ,2022-06-13 The rich and varied nature of twentieth century Anglo Irish and Irish poetry is reflected in the essays presented in *Politics and the Rhetoric of Poetry* Perspectives on Modern Anglo Irish Poetry The linguistic and theoretical

observations formulated in close readings of apparently non political texts disclose implied political positions and suggest to what extent rhetoric and the nature of language are at the root of such questions as how should we read contemporary poetry How can poems play a part in the resolution of the political and historic conflict Nuala N Dhomhnaill s versions of The T in Brendan Kennelly s Cromwell Paul Muldoon s Madoc and Ciaran Carson s Belfast Confetti are analysed in detail as is the relationship between rhetoric and politics in Seamus Heaney and Derek Mahon Earlier twentieth century poets such as Thomas Kinsella John Hewitt Patrick Kavanagh John Montague Louis MacNeice and Padraic Colum are also examined The contingent nature of language is recognized by many of these poets and the seventeen essays bring out the political charge hidden in the poetry This includes the deliberate choice of the poetic form the internal dialogue or the complexity of voices in the poem and a particular preoccupation with endings These essays demonstrate Yeats s contention that Deliberation can be so intensified that it becomes synonymous with inspiration
