Ilze Hugo,2021-06-22 In the aftermath of a deadly outbreak bearing similarities to the Tanganyika Laughter Epidemic a city at the tip of Africa is losing its mind complete with hallucinations paranoia and good old fashioned ghost sightings Is it the result of secret government experiments an episode of mass hysteria the effects of trauma a sign of the end times In a quarantined city in which the inexplicable has already occurred rumors superstitions and conspiracy theories abound In these strange days Faith works as a full time corpse collector and a freelance truthologist putting together disparate pieces of information to solve others problems But after Faith agrees to help an orphaned girl find the girl s abducted baby brother she begins to wonder whether the boy is even real Meanwhile Sans a ponyjacker in the human hair trade is so distracted by a glimpse of his dream woman that he lets a bag of money he owes his gang partners go missing leaving him desperately searching for both and soon questioning his own sanity Over the course of a single week the paths of Faith Sans and a cast of other hustlers including a data dealer a drug addict a sin eater and a hyena man will cross and intertwine as they move about the city looking for lost souls uncertain absolution and answers that may not exist Part ghost story part whodunit part palimpsest **THE DOWN DAYS** is a rollicking exploration of the mutability of memory the subjectivity of perception and the notion that truth is ultimately in the eye of the beholder Nanosecond

Douglas Greer,2022-06-10 Nanosecond captures what the so called present moment now means amid environmental issues especially sound pollution small talk and language barrier This novel basically broaches the potential era when man made time might have been wholeheartedly rejected That is to say Nanosecond neatly frowns upon the new and popular idea that every moment is worth it or vital Greer renders searching for an unpoetic untouched ground zero where human imagination can finally be taken seriously Just as every second matters every month year and ten years matter collectively or categorically Greer kindly discovers that the present moment is of course future material in terms of the past past material in terms of the future A simple play of words this book somewhat mends the fringes of faith and culture A sure voice for environmental reform Greer does offer space for elementary self reflection amid the formal informalities we put up with daily The finishing quote from the Bible s book of

Revelation seems to be the final pitch for legitimate mysticism newfound eye communication authentic beginning end etc

derived many compositions and essays by the same author but his identity was never revealed due to possible implications that may affect the life he chose and lived after the war The manuscript of The Deserter was written many years ago As it was taken very seriously not to omit any details if let known the need for publication nullified the urgency until it was decided how the book would be presented without the narration being upsetting To know about the book is to read it in its entirety because the author himself could not find ways to transform the story into a few words The Complete Works of W.R.
