Barrett,2023 Music connects the lives of students teachers and school communities in many ways Music is also integrally related to other art forms history culture and other subjects commonly taught in schools These relationships deserve critical attention particularly as educators seek to reorient their curricula and pedagogy toward the pressing aims of social justice Seeking Connections encourages interdisciplinarity as a capacity to be exercised an orientation or habit of mind that teachers and students can develop This capacity depends upon viewing music as permeable recognizing that music influences related ways of knowing just as related ways of knowing influence music This book invites teachers to create educational experiences that engage students in exploring an expansive relationship with music With imaginative examples drawn from diverse musical genres visual art poetry and historical cases Seeking Connections provides thoughtful principles models and instructional strategies to deepen students understandings of musical works and inspire interdisciplinary inquiry throughout elementary and secondary music programs as well as settings in music teacher education and professional development Seeking the Sacred Romeo Dallaire,Thomas Moore,Martin Rutte,2006-03-27 Speaking from experience where things can go wrong and wrongs can remain unrighted the five modern thinkers in this collection offer ways to
