**The Civil War Dead and American Modernity** Ian Finseth, 2018-01-02 The Civil War Dead and American Modernity offers a fundamental rethinking of the cultural importance of the American Civil War dead Tracing their representational afterlife across a massive array of historical visual and literary documents from 1861 to 1914 Ian Finseth maintains that the war dead played a central complex and paradoxical role in how Americans experienced and understood the modernization of the United States From eyewitness accounts of battle to photographs and paintings and from full dress histories of the war to fictional narratives Finseth shows that the dead circulated through American cultural life in ways that we have not fully appreciated and that require an expanded range of interpretive strategies to understand While individuals grieved and relinquished their own loved ones the collective Civil War dead Finseth argues came to form a kind of symbolic currency that informed Americans melancholic relationship to their own past Amid the turbulence of the postbellum era as the United States embarked decisively upon its technological geopolitical and intellectual modernity the dead provided an illusion of coherence intelligibility and continuity in the national self At the same time they seemed to represent a traumatic break in history and the loss of a simpler world and their meanings could never be completely contained by the political discourse that surrounded them Reconstructing the formal rhetorical and ideological strategies by which postwar American society reimagined and continues to reimagine the Civil War dead Finseth also shows that a strain of critical thought was alert to this dynamic from the very years of the war itself The Civil War Dead and American Modernity is at once a study of the politics of mortality the disintegration of American Victorianism and the role of visual and literary art in both forming and undermining social consensus

**Trains, Literature, and Culture** Steven D. Spalding, Benjamin Fraser, 2012-01-01 Trains Literature and Culture Reading and Writing the Rails delves into the rich connections between rail travel and the creation of cultural products from short stories to novels from photographs to travel guides and from artistic manifestos of the avant garde to Freud's psychology Each of the contributions engages in critical readings of textual or visual representations of trains across a wide spectrum of time periods and traditions from English and American to Mexican West African and European literary cultures By turns trope metaphor and emblem of technological progress these textual and visual representations of the train serve at times to index racial and gender inequalities to herald the arrival of a nation's independence and at still others to evince the trauma of industrialization In each instance the figure of the train emerges as a complex narrative form engaged by artists who were Reading Writing the Rails as a way of assessing the competing discursive investments of cultural modernity

**A Companion to American Literature** Susan Belasco, Theresa Strouth Gaul, Linck Johnson, Michael Soto, 2020-04-02 A comprehensive chronological overview of American literature in three scholarly and authoritative volumes A Companion to American Literature traces the history and

development of American literature from its early origins in Native American oral tradition to 21st century digital literature. This comprehensive three volume set brings together contributions from a diverse international team of accomplished young scholars and established figures in the field. Contributors explore a broad range of topics in historical, cultural, political, geographic, and technological contexts, engaging the work of both well known and non canonical writers of every period. Volume One is an inclusive and geographically expansive examination of early American literature, applying a range of cultural and historical approaches and theoretical models to a dramatically expanded canon of texts. Volume Two covers American literature between 1820 and 1914, focusing on the development of print culture and the literary marketplace, the emergence of various literary movements, and the impact of social and historical events on writers and writings of the period. Spanning the 20th and early 21st centuries, Volume Three studies traditional areas of American literature as well as the literature from previously marginalized groups and contemporary writers often overlooked by scholars. This inclusive and comprehensive study of American literature examines the influences of race, ethnicity, gender, class, and disability on American literature. It discusses the role of technology in book production and circulation, the rise of literacy, and changing reading practices and literary forms. It explores a wide range of writings in multiple genres, including novels, short stories, dramas, and a variety of poetic forms, as well as autobiographies, essays, lectures, diaries, journals, letters, sermons, histories, and graphic narratives. It provides a thematic index that groups chapters by contexts and illustrates their links across different traditional chronological boundaries. *A Companion to American Literature* is a valuable resource for students coming to the subject for the first time or preparing for field examinations, instructors in American literature courses, and scholars with more specialized interests in specific authors, genres, movements, or periods.

**Small-Screen Souths** Lisa Hinrichsen, Gina Caison, Stephanie Rountree, 2017-11-16. In sixteen essays that capitalize on recent innovations in cultural studies, media studies, and American studies, *Small Screen Souths: Region, Identity, and the Cultural Politics of Television* assesses a diverse televisual archive to demonstrate how television studies can offer new critical possibilities for analyzing the complex histories of gender, sexuality, class, and race in the U.S. South. *Small Screen Souths* analyzes historical and current depictions of the South and the way such depictions have influenced popular conceptions of the region.

*Sum of the Parts* Kent C. Ryden, 2011-04-01. Proponents of the new regional history understand that regional identities are constructed and contested, multifarious, and not monolithic; that they involve questions of dominance and power, and that their nature is inherently political. In this lively new book, writing in the spirit of these understandings, Kent Ryden engagingly examines works of American regional writing to show us how literary partisans of place create and recreate, attack and defend, argue over, and dramatize the meaning and identity of their regions in the pages of their books. Cleverly drawing upon mathematical models that complement his ideas and focusing on both classic and contemporary literary regionalists, Ryden demonstrates that regionalism in the cultural sense retains a great deal of power as a framework for literary interpretation. For New England, he

examines such writers as Robert Frost and Hayden Carruth Mary E Wilkins Freeman and Edith Wharton and Carolyn Chute and Russell Banks to demonstrate that today's regionalists inspire closer more democratic readings of life and landscape For the West and South he describes Wallace Stegner's and William Faulkner's use of region to respectively exclude and evade or confront and indict For the Midwest he focuses on C J Hribal William Least Heat Moon Paul Gruchow and others to demonstrate that midwesterners continually construct the past anew from the materials at hand filling the seemingly empty midlands with history and significance Ryden reveals that there are many Wests many New Englands many Souths and many Midwesterns all raising similar issues about the cultural politics of region and place Writing with appealing freshness and a sense of adventure he shows us that place and the stories that emerge from and define place can be a source of subversive energy that blunts the homogenizing force of region inscribing marginal places and people back onto the imaginative surface of the landscape when we read it on a place by place landscape by landscape book by book basis **The**

**Twentieth-Century American Fiction Handbook** Christopher MacGowan, 2011-02-21 THE TWENTIETH CENTURY AMERICAN FICTION Accessibly structured with entries on important historical contexts central issues key texts and the major writers this Handbook provides an engaging overview of twentieth century American fiction Featured writers range from Henry James and Theodore Dreiser to contemporary figures such as Joyce Carol Oates Thomas Pynchon and Sherman Alexie and analyses of key works include *The Great Gatsby* *Lolita* *The Color Purple* and *The Joy Luck Club* among others Relevant contexts for these works such as the impact of Hollywood the expatriate scene in the 1920s and the political unrest of the 1960s are also explored and their importance discussed This is a stimulating overview of twentieth century American fiction offering invaluable guidance and essential information for students and general readers Old-Fashioned Modernism Andy Oler, 2019-06-12 The Midwest holds two conflicting positions in the American cultural imagination both of which rob the region of its distinctiveness Often it is seen as the heartland a pastoral ideal standing in for all of American culture Alternatively the Midwest can represent flyover country part of an expansive undifferentiated mass between the coasts In *Old Fashioned Modernism Rural Masculinity and Midwestern Literature* Andy Oler challenges both views by pairing fiction and poetry from the region with cultural and material texts that illustrate the processes by which regional modernism both opposes and absorbs prevailing models of twentieth century manhood Although it acknowledges a tradition of Midwestern urban literature *Old Fashioned Modernism* focuses on representations of life on farms and in small towns that generate specific forms of rural modernity Oler considers a series of male protagonists who both fulfill and resist conventional American narratives of economic advancement spatial experience and gender roles The writers he studies portray the onset of socioeconomic and mechanical modernity by merging realist and naturalist narratives with upwellings of modernist form and style His analysis charts a trajectory in which Midwestern literature depicts experiences that appear dependent on nostalgic pastoralism but actually foreground the ongoing fragmentation and emerging anxieties of the countryside In

detailed readings of novels by Sherwood Anderson William Cunningham Langston Hughes Wright Morris and Dawn Powell as well as the poetry of Lorine Niedecker Oler highlights images of men from the rural Midwest who face the tensions between agricultural production and mass industrialization These works of literature which Oler examines alongside pieces of material culture like advertisements for farm implements and record labels feature communities that support self made as well as corporate identities As portraits of the Midwest that resist the totalizing trajectory of industrialization these texts generate spaces that meld rural and urban economics land use and affective experiences Old Fashioned Modernism reveals how Midwestern regionalism negotiates the anxieties and dominant narratives of early and midcentury rural masculinities as regional literature and culture alter the forms and spaces of literary modernism

[Fade In, Crossroads](#) Robert Jackson, 2017 Fade In Crossroads is a history of the relations between black and white southerners and films from the silent era to midcentury It illustrates how the rise and fall of the American film industry coincided with that of the South's most important modern product and export Jim Crow segregation

*Peculiar Whiteness* Justin Mellette, 2021-03-01 Peculiar Whiteness Racial Anxiety and Poor Whites in Southern Literature 1900-1965 argues for deeper consideration of the complexities surrounding the disparate treatment of poor whites throughout southern literature and attests to how broad such experiences have been While the history of prejudice against this group is not the same as the legacy of violence perpetrated against people of color in America individuals regarded as white trash have suffered a dehumanizing process in the writings of various white authors Poor white characters are frequently maligned as grotesque and anxiety inducing especially when they are aligned in close proximity to blacks or to people with disabilities Thus as a symbol much has been asked of poor whites and various iterations of the label e.g. white trash tenant farmers or even people with a little less money than average have been subject to a broad spectrum of judgment pity compassion fear and anxiety Peculiar Whiteness engages key issues in contemporary critical race studies whiteness studies and southern studies both literary and historical Through discussions of authors including Charles Chesnutt Thomas Dixon Sutton Griggs Erskine Caldwell Lillian Smith William Faulkner and Flannery O'Connor we see how whites in a position of power work to maintain their status often by finding ways to recategorize and marginalize people who might not otherwise have seemed to fall under the auspices or boundaries of white trash

*Beyond Blackface* W. Fitzhugh Brundage, 2011-07-15 This collection of thirteen essays edited by historian W. Fitzhugh Brundage brings together original work from sixteen scholars in various disciplines ranging from theater and literature to history and music to address the complex roles of black performers entrepreneurs and consumers in American mass culture during the early twentieth century Moving beyond the familiar territory of blackface and minstrelsy these essays present a fresh look at the history of African Americans and mass culture With subjects ranging from representations of race in sheet music illustrations to African American interest in Haitian culture Beyond Blackface recovers the history of forgotten or obscure cultural figures and shows how these historical actors played a role in the creation of American mass culture The essays explore the predicament that blacks faced at a time when white supremacy

crested and innovations in consumption technology and leisure made mass culture possible Underscoring the importance and complexity of race in the emergence of mass culture Beyond Blackface depicts popular culture as a crucial arena in which African Americans struggled to secure a foothold as masters of their own representation and architects of the nation's emerging consumer society The contributors are Davarian L Baldwin Trinity College W Fitzhugh Brundage University of North Carolina at Chapel Hill Clare Corbould University of Sydney Susan Curtis Purdue University Stephanie Dunson Williams College Lewis A Erenberg Loyola University Chicago Stephen Garton University of Sydney John M Giggie University of Alabama Grace Elizabeth Hale University of Virginia Robert Jackson University of Tulsa David Krasner Emerson College Thomas Riis University of Colorado at Boulder Stephen Robertson University of Sydney John Stauffer Harvard University Graham White University of Sydney Shane White University of Sydney

**Christina Stead and the Matter of America**  
 Fiona Morrison, 2019-10-01 Although Christina Stead is best known for the mid century masterpiece set in Washington D C and Baltimore The Man Who Loved Children it was not her only work about the America Five of Christina Stead's mid career novels deal with the United States capturing and critiquing American life with characteristic sharpness and originality In this examination of Stead's American work Fiona Morrison explores Stead's profound engagement with American politics and culture and their influence on her restlessly experimental style Through the turbulent political and artistic debates of the 1930s the Second World War and the emergence of McCarthyism the matter of America provoked Stead to continue to create new ways of writing about politics gender and modernity This is the first critical study to focus on Stead's time in America and its influence on her writing Morrison argues compellingly that Stead's American novels reveal the work of the greatest political woman writer of the mid twentieth century and that Stead's account of American ideology and national identity remains extraordinarily prescient even today
