Seeking Spiritual Direction Nick Helm, Liz Hoare, 2019 Spiritual direction is an ancient way of drawing attention to the primacy of God's perspective on life Practised well it is the art of keeping out of the way and like the good teacher or midwife enabling the directee to encounter God directly Aimed at anyone interested in receiving spiritual direction this illuminating guide examines the origins of the practice in the Bible and early church and explores how it can support the radical prophetic way of life that Jesus calls us to Page 4 of cover Seeking the Spirit With Ankita Sharma, 2018-09-13 Seeking the Spirit Within will allow you to view life from a bigger picture and encourage you to follow a spiritual path as the spirit within us awaits to connect with God Short Term Spiritual Guidance Duane R. Bidwell, This book represents a significant departure from most contemporary writing about spiritual direction While most writers focus on long term relationships of guidance specifically envisioning long listening sessions Bidwell changes focus Spiritual direction he insists typically requires

intervention in a specific crisis or situation or question is not formal lasts fewer than five sessions and must be actively and intentionally focused on the person's growth Bidwell's work shows what spiritual directors can learn from the short term therapy model especially about enabling people briefly but effectively to learn to listen on their own and with others for God s presence Focusing on how God is already active in the directee s life allows the participants to identify God s action and respond in ways that collaborate with that identified movement of the Spirit **Seeking Spirit Beyond the Bottle Helen** Sherry, 2004-06-29 We live in an addictive society in which compulsiveness has become an art form and most people have dependencies of some sort This book was written to help all dependent people learn ways to follow a spiritual path even if their dependencies might be one of those potentially less severe than alcoholism or drug addiction such as workaholism materialism excessive anxiety or relationship difficulties To quote from the author People these days talk seriously of addictions to television the Internet or to acquiring material possessions These are usually self involved occupations It s as though humanity knows somehow that joy is their natural state but they lack the ability to open enough to experience it They are seeking comfort and joy in all the wrong places This memoir tells the story of three generations afflicted with alcoholism and its effects on family and friends It chronicles the author's growing up with an alcoholic mother in the middle of the twentieth century and her own later development of the same illness despite her strong commitment to avoid this It describes the methods she has used to remain in recovery over twenty seven years and includes information learned from her twenty plus years of working as an addictions counselor and from her ongoing relationships with an alcoholic spouse and an emotionally disabled son This book speaks to issues of import to much of humanity such as abandonment the need for safely and security in an insecure world the need to give control back to a spiritual source the need for forgiveness of self and others and the primary need to find Spirit within and not without To quote again from Ms Sherry s words I no longer think of God as dwelling in heaven wherever that might be As a child heaven seemed to be a place above the sky However even though I now know more of the facts about our Universe I still can t identify a place called heaven Today I also acknowledge the fact that our Universe may not be the only one that exists Consequently I think of Spirit as being a power that exists not only beyond the Universe but at the same time exists and resides in us all The author clearly and humanly identifies the eclectic combination of spiritual tools she had put in place in her life Her message will speak to those with addictions but also to those who simply wish to avoid dependencies and to change grow and evolve Spiritual Power Gian Kumar, 2017-12-06 An insightful informative and definitive work that projects spirituality in a new light and reveals how it can transform us and bring peace and happiness all around In this compact volume Gian Kumar a thinker by nature provides a comprehensive overview of the seemingly mysterious yet accessible world of spirituality Those seriously seeking to understand spirituality and its myriad aspects will find answers to questions they have been pondering over for years such as Is God only in the mind Is reality the same for all of us How do we go beyond the limitations of the body and the mind to attain a higher plane of
