The American Naturalist: An illustrated Magazine of Natural History A. S. Packard, F. W. Putnam, 2021-10-29 Reprint of the original first published in 1874 **Essential Novelists - Charles Reade** August Nemo, Charles Reade, 2019-09-12 Welcome to the Essential Novelists book series where we present to you the best works of remarkable authors For this book the literary critic August Nemo has chosen the two most important and meaningful novels of Charles Reade which are *Hard Cash* and *It Is Never Too Late to Mend* Charles Reade was an English novelist and dramatist Reade's novels were popular and he was among England's highest paid novelists However many libraries refused to carry his works on the grounds that they were indecent Novels selected for this book *Hard Cash* *It Is Never Too Late to Mend* This is one of many books in the series Essential Novelists If you liked this book look for the other titles in the series we are sure you will like some of the authors *The Well at the World's End* William Morris, 2025-01-06T22:18:48Z *The King of Upmeads* has four sons who are tired of living in the peaceable kingdom and yearn to adventure abroad Three are sent out but the fourth Ralph is chosen to stay home He can't stand being left behind and so he runs away wandering to the many lands beyond Upmeads On his travels he encounters much evil meeting both thieves and tyrants At the start Ralph is somewhat naive and is merely carried along by events But when he hears of a legendary Well at the World's End that grants health and long life he devotes himself to finding it though many before him have tried Ralph must make allies escape evil plots and take charge of his journey to fulfill his quest Along the way he'll grow into a confident warrior and the kind of ruler that can set things right in the world *The Well at the World's End* is an early example of the high fantasy genre as it takes place in a fictional world filled with romance and features a heroic protagonist The magic is subtle and the story is largely an adventure of knights damsels villains and heroes The prose is written in an archaic style of English which inspired many later fantasy writers including J R R Tolkien who may have been influenced by the book's King Gandolf and horse Silverfax and C S Lewis This book is part of the Standard Ebooks project which produces free public domain ebooks **Hard Cash** Charles Reade, 2019-12-03 In *Hard Cash* Charles Reade presents a gripping tale that deftly intertwines themes of morality justice and the flaws of the Victorian society particularly the penal and economic systems Written in a realist style Reade employs vivid characterizations and dramatic narratives to illuminate the struggles faced by his protagonist John Mangles as he navigates a world fraught with

corruption and hypocrisy The novel s intricate plot driven by Mangles wrongful imprisonment due to a forged bank note exposes the failings of a society that values wealth over virtue reflecting the social issues and reform movements of its time Reade s nuanced prose delves deep into human psychology evoking sympathy for those victimized by an unforgiving system Charles Reade 1814 1884 was an influential English novelist and playwright whose works often addressed social injustices and advocated for reform His personal experiences with the legal system combined with an acute awareness of the societal issues of his era particularly the harsh realities of poverty and incarceration inspired him to tackle these themes in *Hard Cash* Reade s commitment to social critique and his passion for philanthropy deeply influenced his literary output making him a key figure in Victorian literature Readers looking for a profound exploration of morality and societal critique will find *Hard Cash* to be an essential read Through its compelling narrative and rich character development the novel not only entertains but also provokes thoughtful reflection on justice and human dignity Reade s masterful storytelling ensures that readers are not only engaged but also challenged to consider the implications of the systems governing society
