Select Passages Illustrating Mithraism, 2013-10 This is a new release of the original 1925 edition **Select Passages Illustrating Mithraism** Alfred Shenington Geden, 1925 **The Origins of the Mithraic Mysteries** David Ulansey, 1991 This volume sets forth a new explanation of the meaning of the cult of Mithraism tracing its origins not as commonly held to the ancient Persian religion but to ancient astronomy and cosmology **The Classical Review**, 1927 **Marcion, on the Restitution of Christianity** R. Joseph Hoffmann, 1984 **Yarnall Library of Theology of St. Clement's Church, Philadelphia** Philadelphia. St. Clement's church. Artz, 2014-11-20 This is the third edition of a near standard survey of the intellectual life of the age of faith Artz on the arts as on philosophy politics and other aspects of culture makes lively and informative reading The Washington Post **The Journal of Religion**, 1925 Includes section Book reviews Subject Index of the Modern Books Acquired by the British Museum in the Years ..., 1927 *Empires of Faith in Late Antiquity* Jaś Elsner, 2020-03-19 Explores the problems for studying art and religion in Eurasia arising from ancestral colonial and post colonial biases in historiography The Religions of the Roman Empire John Ferguson, 1970 **Backgrounds of Early Christianity** Everett Ferguson, 2003-08-19 Having long served as a standard introduction to the world of the early church Everett Ferguson's Backgrounds of Early Christianity has been expanded and updated in this third edition The book explores and unpacks the Roman Greek and Jewish political social religious and philosophical backgrounds necessary for a good historical understanding of the New Testament and the early church New to this edition are revisions of Ferguson's original material updated bibliographies and fresh discussions of first century social life of Gnosticism and of the Dead Sea Scrolls and other Jewish literature To Know All Mysteries C. Andrew Ballard, 2022-08-31 This book examines the way that Paul presents himself as a guide into mysteries a mystagogue in 1 2 Corinthians By describing himself as a type of mystagogue for the community Paul was following a precedent in both Jewish and non Jewish sources for invoking mystagogic language to engage in polemics with a rival In opposition to the precedent however Paul understands the mystagogue to be a bi partite figure comprised of both foolishness and wisdom simultaneously C Andrew Ballard argues that ancient mystagogues were often described in two disparate ways figures of power and figures of weakness and foolishness Paul synthesizes both aspects of the mystagogue in his self presentation to the Corinthians The figure of the mystagogue as a wise fool was useful to Paul because it was descriptive not only of his own experience as a suffering yet authoritative apostle but also of the experience of his deity the suffering and glorified Christ By presenting himself as both a powerful and foolish mystagogue Paul could argue that he was a more authentic imitator of Christ than his opponents in Corinth who boasted in self exaltation instead of self humility In this way

Paul used the character of the mystagogue as a strategic rhetorical tool in his communication with the Corinthians **The Son of Man in Myth and History** Frederick Houk Borsch,2007-03-01 Borsch has not answered all the questions of course Who can But his view of the Man tradition makes more sense to me than for example Perrin s rather cavalier dismissal of the evidence and it not only enlightens but also enlivens the discussion As against the extreme skeptics Borsch is also convincing to me in arguing the case for a large measure of authenticity in the Son of man tradition in the Gospels If the proof of the pudding is in the eating the book constantly calls me back to its pages for insight regarding the problem both in its historical dimension and in its bearing upon the meaning of Jesus of Nazareth for faith today Theology The author is well aware of the difficulties involved in entering a field wherein so much investigation has been done And of this with the positive and negative conclusions he gives an excellent survey crisp and critical The lines opened up will engage the attention of a new and more positive chapter in the form critical argument London Quarterly and Holborn Review **The Journal of the Association of Graduate Near Eastern Students** ,1990 **Myth, Magick, and Masonry** Jaime Lamb,2018-08 In MYTH MAGICK MASONRY Jaime Paul Lamb develops four thought provoking interpretations of the symbolism and allegorical content of Freemasonry and some of its appendant bodies By viewing the craft through the interpretive lenses of ceremonial magick solar and astrological lore and symbolism classical mythology and the Roman Mystery cult Mithraism Lamb establishes four distinct vantage points from which to survey Freemasonry Thereby Jaime Paul Lamb enables Masons new and old to develop a more nuanced appreciation of the Craft and a deeper understanding of the Fraternity s priceless initiatory heritage *The Spectator* ,1925 Rhetoric and Reality in Early Christianities Willi Braun,2006-01-01 One of the most pressing issues for scholars of religion concerns the role of persuasion in early Christianities and other religions in Greco Roman antiquity The essays in Rhetoric and Reality in Early Christianities explore questions about persuasion and its relationship to early Christianities The contributors theorize about persuasion as the effect of verbal performances such as argumentation in accordance with rules of rhetoric or as a result of other types of performance ritual behavioural or imagistic They discuss the relationship between the verbal performance of rhetoric and other performative modes in generating sustaining and transmitting a persuasive form of religiosity The essays in this book cover a wide chronological range from the first century to late antiquity and diverse topical examples contribute to the collection s thematic centre the relations among formalized and technical verbal performances rhetoric texts and other forms of persuasive performances ritual practices the social agendas that early Christians pursued by means of verbal rhetorical performances and the larger social context in which Christians and other religious groups competitively jockeyed to attract the minds and bodies of audiences in the Greco Roman world
