Concentration is a choice It excludes all except its object of concentration it is a narrowing If you are walking on the street you will have to narrow your consciousness in order to walk You cannot ordinarily be aware of all that is happening because if you are aware of everything that is happening you will become unfocused So concentration is a need Concentration of the mind is a need in order to live to survive and exist That is why every culture in its own way tries to narrow the mind of the child The Female King of Colonial Nigeria Nwando Achebe,2011-02-21 While providing critical perspectives on women

gender sex and sexuality and the colonial encounter she considers how it was possible for this woman to take on the office and responsibilities of a traditionally male role **Long Live the King** Maite Escudero-Alías,2008-12-18 Masculinity is no longer a monolithic category if ever it was Long Live the King is a solid piece of scholarship that explores in depth the drag king phenomenon as well as key theoretical texts by feminist postcolonial and cultural thinkers Maite Escudero Al as delves into drag king culture and highlights its relevance for the study of the relationship between gender sex race and sexuality Introduced by a well informed theoretical chapter that traces the roots of queer theory Long Live the King provides the reader with a rigorous textual and cultural examination of drag kings most innovative performances of masculinity in the USA and the UK These chapters prove groundbreaking in their acute analyses of drag kings acts in different media ranging from still images to live performances documentaries mainstream television series and literature Theory and analysis blend perfectly and Escudero Al as s main contention in this research the ambivalent nature of drag kings performances of masculinity is conducted convincingly This book constitutes an invaluable contribution to the field of gender studies and a fair assessment of the political impact of minority artistic practices in contemporary culture *SAUL, SOLOMON, AND ASA, THE KINGS WHO DISAPPOINTED GOD* GODSWORD GODSWILL ONU, *First Queer Voices from Thailand* Peter A. Jackson,2016-03-01 This is a fully revised and substantially expanded edition of Peter Jackson s highly regarded pioneering study of an Asian gay culture Male Homosexuality in Thailand 1989 The hero of Jackson s fascinating narrative is Uncle Go

which was the pen name of a popular magazine editor who despite being avowedly heterosexual was tolerant of all sexual practices and whose agony uncle columns in the 1970s provided unique spaces in the national press for Thailand's gays, lesbians and transgenders kathoey to speak for themselves in the public domain. By allowing the voices of alternative sexualities to be heard, Uncle Go emerged as Thailand's first champion of gender equality and sexual rights. Peter Jackson translates and analyses selected correspondence published in Uncle Go's advice columns, preserving and presenting important primary sources. In this new edition, Jackson has expanded his coverage to include not only letters from Thai gay men but also those from lesbians and transgenders, thus capturing the full diversity of Thailand's modern queer cultures at a key moment in their historical development when new understandings of sexual identities were first communicated to the wider community. How wonderful to see this classic volume printed in a new expanded edition for the 21st century. When first published, the figure of Uncle Go became an instant and unique voice in Thai sexuality studies. Peter Jackson's contributions here are huge and foundational. Gilbert Herdt, San Francisco State University. If Thailand is now well known for its unique milieu of sex and gender diversity, it is in large part due to Peter Jackson's writings. *First Queer Voices from Thailand* offers a rare archive of non-normative sexualities invaluable for anyone wishing to understand sexual modernity outside of the West. Ara Wilson, Duke University. An amazing work. Most valuable for this new edition is perhaps the way in which it documents changes in Jackson's thinking and in the field of sexuality studies over the last twenty years in response to the methodological challenges of queer and transgender scholarship. Susan Stryker, University of Arizona.

This edited volume of first-person narratives and empirical studies questions what happens when male bodies do femininity, the complexities of male femininities, and the conditions under which men engage less with masculinity and more with femininity and the consequences of these practices within a historical moment of gender binary transgressions.
