Peterson,2017-03-13 The Wiley Handbook of Sex Therapy ist ein umfassendes und auf empirischer Basis bearbeitetes Werk zur jüngsten Theorie und Praxis in der psychotherapeutischen Behandlung sexueller Probleme quer durch alle Klientengruppen In vier Abschnitten werden spezifische sexuelle Fehlfunktionen theoretische Ansätze der Sexualtherapie die Arbeit mit der Diversität der Klienten und zukünftige Richtungen in der Sexualtherapie dargestellt Vertritt einen ganzheitlichen Ansatz in der Sexualtherapie fokussiert auf die Anwendung einer Bandbreite psychotherapeutischer Theorien und Techniken mehr als nur auf die gängigen Verhaltensstrategien Fallstudien dokumentieren das breite Spektrum an Zuständen die Klienten erleben können und die Sexualtherapeuten daher im Beratungsraum antreffen Enthält Beiträge von mehr als 60 Experten verschiedenster Fachrichtungen **Handbook of Sex Therapy** Joseph LoPiccolo,Leslie LoPiccolo,2012-12-06 When is it timely to publish a synthesis of previously published and original materials from a specific discipline I believe it to be timely when one has a sufficient amount of high quality material covering the critical areas of that topic when the previously published material is scattered over a wide range of journals and books and when there is no single book that synthesizes the discipline The treatment of sexual dysfunction emerged to the front lines of health delivery only during the past decade with the pioneering work of William Masters and Virginia Johnson In spite of the rash of sex clinics and sex

therapists that followed precisely little solid research has been conducted on the various strategies of therapy the means of assessing complex interpersonal sexual relationships and the manner by which clinical change is objectively assessed No one reader can keep pace with the multitude of journals that publish key material by sophisticated investigators And no one investigator can cover these salient areas alone with his or her original work in a single volume The critical papers have now been written Ten were written specifically for this volume and thirty three have previously appeared This volume laces them together into a coherent pattern Thus the time for a synthesis in sexual dysfunction

Sex, Therapy, and Kids Sharon Lamb, 2006 A responsible realistic and sex positive approach to sexuality in youth

When Art Therapy Meets Sex Therapy Einat S. Metz, 2016-08-25 Appropriate for both sex therapists and art therapists When Art Therapy Meets Sex Therapy explores sexuality and gender through the use of art making connecting relevant theories and research from both fields It begins with a historical review of how explorations of anatomy physiology and sexual identity manifested in art making in different cultures and discusses why a clinician must take these spiritual medical and socioeconomic factors in account to offer effective and culturally competent therapy The second part of the book discusses clinically effective treatments in art and sex therapy and contains numerous case illustrations Included are interventions for important issues in therapy such as exploring gender identity sexual health and shame processing sexual abuse couples intimacy parenting concerns regarding their children's sexuality and treating sex addiction

New Sex Therapy Helen Singer Kaplan, 2013-10-28 First published in 1975 The last two decades have brought remarkable advances in our knowledge of human sexuality These data are in the process of being assimilated into the main body of psychiatric thought which is being greatly enriched thereby Our increased understanding of sexuality is also currently being translated into innovative new approaches to the treatment of sexual difficulties These developments promise relief to many persons with distressing sexual problems who were previously thought to be beyond help At the present time the specific approach to sex therapy described in this volume is being employed further developed and most important systematically evaluated at the Sex Therapy and Education Program of the Payne Whitney Psychiatric Clinic of the Cornell University New York Hospital Center The Cornell program is psychiatrically oriented It regards sex therapy as a specialized branch of psychotherapy The Clinic conceives of sexual dysfunctions as psychosomatic symptoms and its orientation is multicausal and eclectic in that it believes that sexual dysfunctions are the product of multiple etiologic factors and our treatment armamentarium comprises an amalgam of experiential behavioral and dynamically oriented modalities

Therapy Thieves Francis A. Martin, 2020-03-13 Acting on what started as a hunch Dr Francis Martin has cataloged well over 20 000 distinct approaches to counseling and psychotherapy that are advertised on the webpages of licensed practicing mental health providers No doubt some portion of them are harmful but the sheer volume of advertised practices and techniques often with names deceptively similar to actual evidence based practices should be cause for concern among all stakeholders in the helping professions from educators and researchers to policy makers and insurance companies and especially consumers Based on this significant original study and drawing from other research and supports **Therapy Thieves** describes a near universal crisis in the field and recommends ways to rescue mental health care from itself The crisis is caused by declining competence among counselors and psychotherapists who have failed to regulate themselves and who therefore deliver inadequate if not harmful services In presenting a simple yet powerful indictment of the field Dr Martin advocates for major reforms in several areas of mental health care including how prospective licensees are trained supervised and licensed a major reworking of professional ethics and the need to establish regulations for mental health care providers In short the book calls for major specific and urgently needed reforms
