Sexism New Issue In American Education:

Resources in Education ,1990 Serves as an index to Eric reports microform **Resources in Women's Educational Equity** ,1980 American Education ,1973 **Every Woman's Right** Cecilia Cota-Robles Suárez,Lupe Anguiano,1981

Feminism and Women's Rights Worldwide Michele A. Paludi,2009-12-22 This set is both a history of the global women s rights movement and an expert analysis of where that movement is and should be heading in the future Feminism and Women s Rights Worldwide is both a richly detailed history of the women s movement around the globe and a road map for the next stages in the ongoing fight for gender equality In this landmark three volume set a remarkable team of contributors draws on a wealth of contemporary research to discuss pivotal events issues and controversies related to the global women s movement with chapters addressing reproductive rights sexual slavery harassment forced marriage mortality in birthing domestic violence and rape job discrimination pay inequities women in leadership positions and other crucial issues Together these volumes offer today s generation the real story of feminism and a call to action for the next wave of advocacy in education religion politics the military personal relationships the workplace and the home Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1978 *Philosophy of Education: Society and education* Hirst, Paul Heywood Hirst,Patricia White,1998 Safety Education in the Elementary School Joseph E. Wayne,1982 This pamphlet deals with incorporating effective safety education programs into the elementary school curriculum Covered in a discussion of the scope and nature of the safety problem are classes of accidents motor vehicle home work and public accidents and causes of accidents Various functions of safety education in elementary schools are examined including increasing knowledge developing attitudes of safe living and developing skills of safe behavior Described next are steps in planning a safety education program and articulation of the safety education curriculum Following a brief outline of the content requirements for safety education information is provided on a number of nonschool jurisdiction accidents including motor vehicle pedestrian pedacycle water related home recreational and fad related accidents Examined next are such facets of creating a safe school environment as proper supervision of student activities maintaining a safe school facility emergency preparedness school safety services student and community involvement pupil transportation services accident reporting and staff development programs Several teaching methods for use in safety education are explained Appended to the pamphlet are addresses for sources of safety education resources MN **Basic Education** Gerald Lee Gutek,1981 This publication clarifies the basic education movement by placing it in a historical and philosophical context In many ways the basic education movement of the 1970s is part of a continuum of similar movements in American education that have occurred with almost clocklike regularity appearing in rather regular cycles since the 1930s First the current basic education movement that originated in the 1970s is reviewed Criticisms made by proponents of basic education and some remedies proposed that may cure the problems believed to exist today in public schooling are presented The Essentialist movement of

the 1930s is then examined The Essentialists were a group of professional educators who challenged the then progressive trends in American education Like today s advocates of basic education the Essentialists charged that public education despite its vast extent and heavy cost to society was appalling weak and ineffective They believed it was crucial that the curriculum be organized systematically and sequentially and that instruction stress logical chronological and causal relationships They argued that the teacher should be restored to a position of central authority in the classroom Lastly the publication discusses arguments of the educational critics of the 1950s A new educational movement called Life Adjustment Education brought about by World War II became the target for a group of educational critics The proponents of Life Adjustment Education maintained that the purpose of the schools should be broader in scope than stictly academic programs The critics perceived of the function of the school in academic terms Author RM *Philosophy of Education: Problems of educational content and practices* Hirst, Paul Heywood Hirst, Patricia White, 1998 Summer School John W. Dougherty, 1981 A brief history of the role of summer schools in American education provides the background for a discussion of how summer school can become an integral and expanded part of our school system Summer school may be viewed as a viable alternative to retention as part of the provision of equal education for handicapped students and as an opportunity for students to strengthen basic skills The summer program however should not simply duplicate the regular program It needs to be innovative and flexible Moreover summer school can serve the needs of ambitious students by offering courses these students could not pursue during the year or by allowing some students to graduate early Talented and gifted students can take advanced or special courses that utilize community resources or are specifically designed for them The concept of the extended school year has also yielded plans that make use of school buildings during the summer including extended summer school the trimester plan the multiple session plan and the quarter plan Whatever plan is followed summer school should receive the same administrative care and planning as the regular session Author WD

Resources in Women's Educational Equity: Special Issue ,1979 Critical Feminism and Critical Education

Jennifer Gale De Saxe, 2016-03-31 Challenging the current state of public education and teacher preparation this book argues for a re imagination of teacher education through a critical feminist and critical education perspective Offering a rich discussion of the promise and pedagogy of self reflexivity and testimonio which emerges from critical feminism this book brings together theory and practice in critical feminism critical education and testimonio to serve as a platform in which to reconceptualize the philosophy of traditional teacher education arguing that too many programs prepare teachers who often preserve rather than challenge the status quo **Education in the USSR** Delbert Long, Roberta Long, 1980 The Politburo of the Communist party controls all aspects of Soviet life including education Education is the responsibility of all the organizations institutions and persons in the state but the schools as directed by the Party have the leading role in developing a citizenry of proper social outlook This new Soviet man will not only contribute through his labor to the

expansion of Soviet industrial and military power but will also actively participate in building a Communist society The Soviet Union has one of the most extensive preschool programs in the world providing free voluntary nursery schools for children from two month to three years and kindergartens for children from three to seven years General education is provided through a system of primary schools through third grade incomplete secondary schools through eighth grade and the complete secondary school through tenth grade for those who pass examinations at the eighth grade level The curriculum at all levels of schooling is set nationally Teacher education is particularly important since education is the primary means for spreading Communist ideology This booklet describes the nature of Soviet education noting philosophical emphases structural characteristics and major problems of the Soviet system Author PGD *Education in West Germany* Hans G. Lingens, Barbara Lingens, 1980 The Case for Competency-based Education Dale Parnell, 1978 **Gender, Class & Education** Stephen Walker, Len Barton, 1983 Presentations made at the fifth Westhill Sociology of Education Conference in January 1982 introd *Supervision Made Simple* William Goldstein, 1982 To assist school administrators this handbook discusses types of supervision and evaluation and suggests ways to assess teacher performance After a brief introductory section the handbook s second section addresses five fictions about evaluation including that evaluations must be objective and annual require direct observation and standard evaluation forms and involve gathering hard data Eleven criteria for judging teacher performance are presented in the third section involving such things as teacher ability with skills and concepts English speaking and writing ability expectations of student scholarship variety of teaching methods planning classroom control pedagogical principles class results on achievement tests cooperation with students and staff handling of procedures and reports and pursuit of professional growth The following section discusses the uses and abuses of evaluation checklists and sets forth the three components of narrative evaluation reports comments on the meeting of objectives descriptions of performance quality and recommendations for improvement The fifth section suggests 17 guidelines for supervision systems classroom visits supervisory conferences and narrative reports Among the guidelines are evaluating tenured and nontenured teachers differently taking notes during visits being sensitive to a supervisory conference s emotional context and writing simple direct reports RW **Anti-Racism, Feminism, and Critical Approaches to Education** Roxana Ng, Joyce Scane, Patricia Staton, 1995-07-24 This book maintains that there has not been sufficient dialogue and cross fertilization between various forms of critical approaches to education notably multicultural anti racist education feminist pedagogy and critical pedagogy Contributors from Canada and the United States address educational issues relevant to aboriginal peoples people of color and people of religious minorities in light of feminist and critical pedagogical theory They are sensitive and responsive to the power relations operative in a setting and address the multiple and contradictory subjectivities of teachers and learners on the basis of race gender class religion ethnicity age and ability
How to Individualize Learning Alan Gartner, Frank Riessman, 1977
