**Psicolog a de lo esot rico** Osho, 2008-05-30 Con el hombre termina el proceso de evoluci n natural autom tico El hombre es el ltimo producto de la evoluci n inconsciente Con el hombre se inicia la evoluci n consciente Primero la evoluci n incosciente es mec nica y natural Ocurre por s sola A trav s de este tipo de evoluci n la conciencia se desarrolla Pero en el momento en que la conciencia comienza a manifestarse la evoluci n inconsciente se detiene porque ha alcanzado su objetivo La evoluci n inconsciente es necesaria solo hasta el momento en que lo consciente nace El hombre ha llegado a ser consciente En cierto modo ha trascendido la naturaleza Ahora la naturaleza nada puede hacer la evoluci n natural ha entrado en su producto final Ahora el hombre tiene la libertad de decidir si no evoluciona En segundo lugar la evoluci n inconsciente es colectiva pero en el momento en que la evoluci n

llega a ser consciente se transforma en algo individual Ninguna evolución colectiva automática avanza más allá del gergo humano De aquí en adelante la evolución se transforma en un proceso individual La conciencia crea la individualidad Osho es uno de los más estilosos más conocidos y provocativos del siglo XX un maestro contemporáneo cuya vida y enseñanzas han influenciado a millones de personas de todas las edades y culturas A principios de los años setenta captó la atención de la juventud que deseaba experimentar la meditación y la transformación Hoy más de una década después de su muerte la influencia de sus enseñanzas continúa expandiéndose prácticamente todos los países del mundo Ha sido descrito por el Sunday Mid Day de la India como una de las diez personas junto con Gandhi Nehru y Buda que cambiaron el destino de la India

**Securing Sex** Benjamin A. Cowan, 2016-03-02 In this history of right wing politics in Brazil during the Cold War Benjamin Cowan puts the spotlight on the Cold Warriors themselves Drawing on little tapped archival records he shows that by midcentury conservatives individuals and organizations civilian as well as military were firmly

situated in a transnational network of right wing cultural activists They subsequently joined the powerful hardline constituency supporting Brazil's brutal military dictatorship from 1964 to 1985 There they lent their weight to a dictatorship that Cowan argues operationalized a moral panic that conflated communist subversion with manifestations of modernity coalescing around the crucial nodes of gender and sexuality particularly in relation to youth women and the mass media The confluence of an empowered right and a security establishment suffused with rightist moralism created strongholds of anticomunism that spanned government agencies spurred repression and generated attempts to control and even change quotidian behavior Tracking how limits to Cold War authoritarianism finally emerged Cowan concludes that the record of autocracy and repression in Brazil is part of a larger story of reaction against perceived threats to traditional views of family gender moral standards and sexuality a story that continues in today's culture wars

**Migrations** Julieta Vartabedian, 2018-05-22 This book sheds new light on the interconnections between identity gender and geographical displacement At its centre are Brazilian travesti migrants assigned as male at birth but later seeking to convey the aesthetic attributes of women by repeatedly performing a minutely studied type of femininity Despite the fact that they have been migrating between Brazil and Europe for more than forty years very little is known about them especially in the English speaking world This work therefore fills a significant lacuna in our understandings of sexualities bodies and trans issues whilst rejecting hegemonic terms such as transsexual and transgender in favour of the specificity of the travesti What it presents is an ethnographical study of their bodily and geographic spatial migrations analysing how they become travestis through the gendered modification of their bodies their involvement in sex work and the transnational migrations to Europe that many of them make Examining their lives in both Brazil and Europe it also analyses how their migrations influence the construction of their subjectivities Drawing on extensive fieldwork in Brazil and Barcelona this exciting book will appeal to all those interested in gender sexuality and transgender issues     *Contesting Publics* Lynne Phillips, Sally Cole, 2014-04-07
