Sexual Correctness The Gender Feminist Attack On Women

Mary Ellen Snodgrass

Sexual Correctness The Gender Feminist Attack On Women:

Sexual Correctness Wendy McElroy, 2001-06-15 As feminist and women positive ideas and ideals exploded in the 1960s and 1970s a sexual revolution was forged allowing women a variety of lifestyle choices Many current feminists called gender feminists by some too often are fighting to limit the sexual options of women They view women as victims of patriarchy whom must be protected from making incorrect sexual choices such as choosing to work in pornography or prostitution As a movement author McElroy believes feminism is in danger of drifting from sexual liberation to sexual correctness This work gives a critical overview of the ideological shift among many feminists The issues of sexual correctness are examined in detail showing how the changing ideology is destroying the principle of a woman s body a woman s right and endangering women s right to choose On each issue this work presents alternatives in the individualist traditions that defined the feminism movement for many years *Feminist Interpretations of Ayn Rand* Mimi Reisel Gladstein, Chris Matthew

Sciabarra, 2010-11-01 Bloemlezing van bijdragen vanuit feministisch perspectief over het werk van de Amerikaanse filosoof en schrijfster Ayn Rand Bevat de volgende bijdragen Ayn Rand the reluctant feminist Barbara Branden Ayn Rand and feminism an unlikely alliance Mimi Reisel Gladstein On Atlas shrugged Judith Wilt Ayn Rand a traitor to her own sex Susan Brownmiller Psyching out Ayn Rand Barbara Grizzuti Harrison Reflections on Ayn Rand Camille Paglia Ayn Rand and feminist synthesis rereading We the living Val rie Loiret Prunet Skyscrapers supermodels and strange attractors Ayn Rand Naomi Wolf and the third wave aesthos Barry Vacker Looking through a paradigm darkly Wendy McElroy The romances of Ayn Rand Judith Wilt Who is Dagny Taggart the epic heroine in disguise Karen Michalson Was Ayn Rand a feminist Nathaniel Branden Ayn Rand and the concept of feminism a reclamation Joan Kennedy Taylor Ayn Rand s philosophy of individualism a feminist psychologist s perspective Sharon Presley Ayn Rand the women who would not be president Susan Love Brown Rereading Rand on gender in the light of Paglia Robert Sheaffer Sex and gender through an egoist lens masculinity and femininity in the philosophy of Ayn Rand Diana Mertz Brickell The female hero a Randian feminist synthesis Thomas Gramstad Fluff and granite rereading Rand s camp feminist aesthetics Melissa Jane Hardie Human Nature Greg Clydesdale, 2016-05-13 Humans are weird They can be emotional irrational and often unpredictable yet as their manager it is your job to get the best out of them In fact they are often the key to your success Sadly humans do not come with an instruction manual which lists their technical specifications Human Nature by Greg Clydesdale is based on the premise that the key to good management is understanding human nature and interpersonal relations But what is human nature Greg argues that even where human nature is addressed at a conceptual level the link between theory and what actually happens in the workplace is usually weak and often fails to recognize that social ability is probably the defining aspect It is his intense focus on human nature and the link between a theoretical understanding of it and what actually happens in the workplace that makes this book so valuable Throughout the book you see how managers must constantly make balancing acts between conflicting forces that exist at any

given time But the essential message is If you want to make the World a better place focus on being a better manager to your staff To help with this you will find an elaboration theory based approach in which a basic model is provided and then elaborated on with examples from the work place The model consists of twenty human characteristics placed in three categories emotion motivation and cognition These characteristics are then linked to what managers have to do in the workplace

Applying Political Theory Katherine Smits,2017-10-05 Fully revised and extended the new edition of this innovative and engaging textbook introduces the central elements of political theory from an applied perspective Focusing on 12 high profile contemporary social and political case studies both domestic and global this text shows how political theory illuminates and helps makes sense of important debates in public life This is the perfect introduction for students interested in how political theory can be used to help us solve the political questions of our time whether at a beginner s level or building upon an introduction to theories and concepts New to this Edition Draws on an even wider range of contemporary and historical political thinkers from different philosophical traditions Updated to take recent important cases and controversies into account Includes a new chapter which examines leaking classified information

Individualist Feminism of the Nineteenth Century Wendy McElroy,2001-01-01 Feminism today has many definitions but to a large degree the movement has its roots in nineteenth century individualist feminism which was based on the theory that all humans should be treated as sovereign individuals regardless of gender race or religion This once shocking idea was championed by many individuals and publications now largely forgotten This unique work covers the history of the individualist feminism movement and of three prominent publications that rose in its defense The Word Liberty and Lucifer the Light Bearer Although these journals published some of the most important ideas on feminism anarchism and personal liberty they are often overlooked today Biographies and selections of writing from contributors to these magazines feature the remarkable women and men who laid many of the foundations for modern feminist thought Included among those profiled are Angela Heywood who first defended abortion based on woman s self ownership of her body and Lillian Harman who was jailed at the age of 16 for being married without state or church ceremonies These profiles and writings provide insight into the lives and work of these important but often neglected early feminists

Naguib Mahfouz , The Blank Slate Steven Pinker,2003-08-26 A brilliant inquiry into the origins of human nature from the author of Rationality The Better Angels of Our Nature and Enlightenment Now Sweeping erudite sharply argued and fun to read also highly persuasive Time Finalist for the Pulitzer Prize Updated with a new afterword One of the world s leading experts on language and the mind explores the idea of human nature and its moral emotional and political colorings With characteristic wit lucidity and insight Pinker argues that the dogma that the mind has no innate traits a doctrine held by many intellectuals during the past century denies our common humanity and our individual preferences replaces objective analyses of social problems with feel good slogans and distorts our understanding of politics violence parenting and the arts Injecting calm and rationality into debates

that are notorious for ax grinding and mud slinging Pinker shows the importance of an honest acknowledgment of human nature based on science and common sense *Dilemmas of Free Expression* Emmett Macfarlane, 2021-11-01 Free expression is under threat Social media and fake news misinformation and disinformation have prompted governments to propose new forms of regulation that are deeply challenging to free expression Hate speech far right populism campus speech debates and censorship consistently make headlines in Canada and abroad *Dilemmas of Free Expression* offers forward looking appraisals of ways to confront challenging moral issues policy problems and controversies that pay heed to the fundamental right to free expression The essays in this volume offer timely analyses of the law policy and philosophical challenges and social repercussions to our understanding of expressive freedom in relation to government obligations and public discourse Free expression and its limits are multifaceted deeply complex inherently values based and central to the ability of a society to function *Dilemmas of Free Expression* addresses the challenges of limiting free expression across a host of issues through an analyses by leading and emerging voices in a number of disciplines including political science law philosophy and Indigenous studies *American Anarchism* Steve J. Shone, 2013-09-05 *American Anarchism* by Steve J Shone is a work of political theory and history that focuses on nineteenth century American Anarchism together with two European anarchists who influenced some of the Americans The nine thinkers discussed are Alexander Berkman Voltairine de Cleyre Samuel Fielden Luigi Galleani Peter Kropotkin Lucy Parsons Max Stirner William Graham Sumner and Benjamin Tucker Shone emphasizes the value of using ideas from nineteenth century American Anarchism to solve contemporary political problems **Encyclopedia of Feminist Literature** Mary Ellen Snodgrass, 2015-04-22 Presents articles on feminist literature including significant authors themes and history **While There's Time** Robert Griffin, 2005-08-24 When I refer to schools in the five essays on education that comprise *While There's Time* I have elementary and secondary schools in mind I approached this writing from the perspective of an insider so to speak as I have worked extensively in the field of education first as a high school teacher and now as a professor of education in a university These essays were prompted by dissatisfaction and a desire Increasingly over the last few years I have felt uncomfortable with the conventional wisdom in my field about how students ought to be educated It just didn't set right with me Labels vary for the mainstream thinking in the profession but let's call it a progressive or neo Deweyian after the philosopher John Dewey approach Some might refer to it simply as modern education Even though its advocates marshal compelling arguments in support of this set of ideas and practices what they are will be spelled out in the essays I was finding in my work in schools that it wasn't getting good enough results with students in the classroom and that in any case it simply didn't fit me as a person or as a professional my values my hopes for schools and students and this society So I felt an inner push to find an educational orientation that I could believe in more than the one that currently dominates in the field of education to the point that it could be called an orthodoxy or at least find something that complements it adds to it These essays represent the results of my quest I have

concluded that the philosophical orientations that we most need to affirm and employ as bases for constructing school programs in our time are the very ones which are most often dismissed by professional educators namely conservatism and individualism In these essays I go into the specifics of conservative and libertarian orientations to education explore what all the talk about teaching democracy in the schools is about contrast sports and schools as settings and use the concept of personal authenticity in a discussion of the work of teaching What holds these five essays together is that they all are grounded in a conservative rather than liberal and individual centered rather than collectivist frame of reference These essays are self contained enough to be read out of order although I did line them up in the way that I think best presents my argument I hope what I offer here informs the debate in this country over the best route to take in educating our children I wrote this book with both general readers and professional educators in mind For general readers I hope what is here will provide them with a better understanding of how professional educators come at their work and thereby enable them to deal with school people more effectively and give them some things they can take into account when determining what ought to go on in their children s education or in schools generally For people in the profession who read this book teachers and administrators those in training to become teachers and so on I believe these writings will provide them with a clearer understanding of the predominant thinking in their field a good way to understand anything is to compare it with something that contrasts with it I would presume and hope that for some educators and educators to be this book will provide them with ideas they can use to guide their work Much of what follows is expressed in the first person I thought that if I brought myself into this book it would encourage readers to bring themselves into it I would like readers to see these writings as my half of a conversation I want them to respond critically to what I have written and extend it take it farther than I have been able to and I don t think they have to be active in the field of education to be able to do that I want readers to decide how if at all what I write changes the way they look at things and what they a

Reproductive Rights and the State Melissa Haussman, 2013-01-11 Simultaneously examining four significant never before combined case studies this unique feminist analysis offers troubling revelations about the private public interaction in U S policy affecting birth control drugs Reproductive Rights and the State Getting the Birth Control RU 486 and Morning After Pills and the Gardasil Vaccine to the U S Market tackles a subject that remains controversial more than 60 years after the pill was approved for use in the United States The first book to examine the politicization of the FDA approval process for reproductive drugs this study maps the hard fought battles over the four major drugs currently on the U S market To make her case Melissa Haussman scrutinizes the history of the FDA and the statutes that have governed it as well as interactions between the U S government American pharmaceutical companies and the medical community The analysis centers on explaining how three reproductive drugs were kept off the U S market well after their efficacy had been proven while the availability of the fourth Gardasil has less to do with helping girls than with preserving the financial wellbeing of Merck Readers will come away understanding how when

it comes to reproductive drugs women's health concerns have consistently taken a backseat to political agendas and corporate profits

Actual Ethics James R. Otteson, 2006-06-19 Actual Ethics offers a moral defense of the classical liberal political tradition and applies it to several of today's vexing moral and political issues James Otteson argues that a Kantian conception of personhood and an Aristotelian conception of judgment are compatible and even complementary He shows why they are morally attractive and perhaps most controversially when combined they imply a limited classical liberal political state Otteson then addresses several contemporary problems wealth and poverty public education animal welfare and affirmative action and shows how each can be plausibly addressed within the Kantian Aristotelian and classical liberal framework Written in clear engaging and jargon free prose Actual Ethics will give students and general audiences an overview of a powerful and rich moral and political tradition that they might not otherwise consider John Stuart Mill's Political Philosophy John R. Fitzpatrick, 2006-06-15 In the aftermath of the terrorist attacks of September 11 2001 the philosophy of John Stuart Mill has never been more relevant Can we reconcile individual liberty with the demands of the common good John Fitzpatrick argues that properly understood Mill's liberal utilitarianism can indeed support a system of rights rich enough to guarantee individual liberty Combining fresh interpretations of Mill's writings on ethics politics and political economy with the historical Mill that can be found in his autobiography the book will be of substantial interest to a wide audience

Redefining Rape Estelle B. Freedman, 2013-09-03 The uproar over legitimate rape during the 2012 U S elections confirms that rape remains a word in flux subject to political power and social privilege Redefining Rape describes the forces that have shaped the meaning of sexual violence in the U S through the experiences of accusers assailants and advocates for change Today's Moral Issues Daniel A. Bonevac, 1999 This anthology of 88 readings explores the most pressing ethical issues of our time In addition to providing readings on contemporary issues the book lends historical perspective to current moral issues through its unique inclusion of classic selections by philosophers such as Mill Kant Locke and Rousseau

Feminist Media History M. DiCenzo, 2010-11-24 Highlighting the contributions of feminist media history to media studies and related disciplines this book focuses on feminist periodicals emerging from or reacting to the Edwardian suffrage campaign and situates them in the context of current debates about the public sphere social movements and media history

Human Sexuality Coursewise Mahoney, Dan, 1999 **Sexual Harassment in Sport** Karin A. E. Volkwein-Caplan, Gopal Sankaran, 2002 This text provides an overview of all sorts of behaviour related to sexual harassment its impact on the world of sport and on the participants It answers questions raised by health and physical education students athletes and sport personnel

Sex Matters Mona Charen, 2018-06-26 Author of the New York Times bestseller Useful Idiots and popular columnist Mona Charen takes a close reasoned look at the aggressive feminist agenda undermining the success and happiness of men and women across the country In this smart deeply necessary critique Mona Charen unpacks the ways feminism fails us at home in the workplace and in our personal relationships by promising that we can have it all do

it all and be it all Here she upends the feminist agenda and the liberal conversation surrounding women s issues by asking tough and crucial questions such as Did women s full equality require the total destruction of the nuclear family Did it require a sexual revolution that would dismantle traditions of modesty courtship and fidelity that had characterized relations between the sexes for centuries Did it cause the broken dating culture and the rape crisis on our college campuses Did it require war between the sexes that would deem men the enemy of women Have the strides of feminism made women happier in their home and work life The answer is No Sex Matters tracks the price we have paid for denying sex differences and stoking the war of the sexes family breakdown declining female happiness aimlessness among men and increasing inequality Marshaling copious social science research as well as her own experience as a professional as well as a wife and mother Mona Charen calls for a sexual ceasefire for the sake of women men and children

Unveiling the Magic of Words: A Report on "**Sexual Correctness The Gender Feminist Attack On Women**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring. Enter the realm of "**Sexual Correctness The Gender Feminist Attack On Women**," a mesmerizing literary masterpiece penned by a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve to the book is central themes, examine its distinctive writing style, and assess its profound effect on the souls of its readers.
