Armstrong, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1973 Medjugorje and the Supernatural Daniel Maria Klimek, 2018-03-01 In June 1981 six young Croatians in the village of Medjugorje in the former Yugoslavia reported that the Virgin Mary had appeared to them The Medjugorje visionaries say that Mary has returned every day since then bringing them important messages from heaven to convey to the world Throughout history people have reported encountering extraordinary religious experiences apparitions of the Virgin Mary visions of Jesus Christ weeping statues and icons the stigmata physical healings and miracles and experiences of the afterlife and interpreted them as supernatural in origin Scholars have often tried to reinterpret such experiences including those described by the great mystics like Francis of Assisi Catherine of Siena and Teresa of Avila into natural or psychopathological categories such as hysteria hallucination delusion epileptic seizures psychosis the workings of the unconscious mind or fraud Are such reductionist explanations valid Over the past three decades the Medjugorje visionaries have been subjected to extensive medical psychological and scientific examination even while undergoing their visionary experiences Daniel Klimek argues that the case of Medjugorje affords a rare opportunity to

understand a deeper dimension of extraordinary religious phenomena Presenting and analyzing the scientific studies on the visionaries in juxtaposition with the major scholars and debates surrounding religious experience Klimek concludes that a multidisciplinary approach grants a more holistic and deeper understanding of such extraordinary religious experiences

Who's who Among North American Authors, 1939 Covering the United States and Canada with their possessions and neighbors and containing the biographical and literary data of living authors whose birth or activities connect them with the continent of North America with a press section devoted to journalists and magazine writers varies slightly Saint Hysteria Cristina Mazzoni, 1996 Saint Hysteria examines scientific literary and religious texts that share a fascination with the otherness of the female body whether in ecstatic pleasure or in neurotic pain Cristina Mazzoni focuses on material from the late nineteenth and early twentieth centuries mainly in Italy and France Her approach uses the methodologies of cultural studies and feminism but also benefits from the insights of psychoanalytic criticism She asks how the identification of mysticism with hysteria became prevalent and explores the continuing dialogue between a historicizing view of hysteria and a view of hysteria as repressed religious mysticism According to Mazzoni this dialogue is discernible at various levels and in a variety of discourses The medical history of hysteria she maintains is often linked to the religious history of supernatural phenomena and the medical discourse of positivism depends on the religious feminine element that it attempts to repress Similarly she finds a continuity between the literature of naturalism and that of decadence in their representations of the interdependence of neurosis and religion Finally the religious writings of women mystics and the discourses they inspired reveal an unresolved tension between nature and supernature body and soul or psyche which Mazzoni suggests mirrors and complicates the very issues raised by hysterical conversion Among those whose views she considers are the writers Jules and Edmond de Goncourt Gabriele d'Annunzio and Antonio Fogazzaro as well as Graham Greene and Simone Weil the mystics Angela of Foligno Gemma Galgani and Teresa of Avila and the theorists Jean Martin Charcot Cesare Lombroso Jacques Lacan Simone de Beauvoir Julia Kristeva and Luce Irigaray **Satanism, Magic and Mysticism in Fin-de-siècle France** R. Ziegler, 2012-06-07 An interdisciplinary study of the supernatural and the occult in fin de siècle France 1870 1914 the present volume examines the explosion of interest in devil worship magic and mysticism both from an historical perspective and through analysis of key literary works of the period **The New Republic** Herbert David Croly, 1976 **The New Big Book of Christian Mysticism** Carl McColman, 2023-08-29 This revised and expanded edition offers a big possibility the hope of achieving real experiential union with God The Christian of the future will be a mystic or will not exist This word of warning from theologian Karl Rahner was uttered half a century ago and today Christianity is indeed in crisis Is mysticism

necessary for the survival of Christianity What exactly is Christian mysticism How can it be relevant in our crisis ridden world Questions like these inspire The New Big Book of Christian Mysticism a newly updated edition from beloved spiritual teacher and bestselling author Carl McColman The New Big Book of Christian Mysticism serves as both introduction and practical instruction for a living contemplative practice today In addition to the overview of mysticism spiritual and prayer practices in mysticism the various types of mysticism in Christian tradition and influential mystics through the millennia this second edition offers an embodied understanding of the mystic life with a more diverse range of voices and perspectives from Howard Thurman to Pauli Murray It also includes new chapters and themes that address embodied mysticism contemplation and social justice and the ongoing relevance of Jesus s message of radical equality and inclusivity This bigger book introduces both Christians and non Christians to the contemplative tradition within Christianity a tradition that has often been marginalized or cloistered to the church s detriment As a practice oriented book this is an invitation to embrace the mystical element within Christianity a practice that can equip faithful persons with a joyful sense of divine intimacy not just for personal benefit but as a foundation to a life of service and activism in the interest of justice McColman s overview of mysticism shows how it has been practiced and lived through the centuries and will prove inspirational for today s seekers regardless of their faith tradition At its heart Christian mysticism is an ancient practice that incorporates meditation contemplation worship philosophy the quest for enlightenment the thirst for a better world and the experience of divine presence
