Sexual Politics And The Male Playwright The Portrayal Of Women In 10 Contemporary Plays:

Sexual Politics and the Male Playwright Geetha Ramanathan, 1996 Traditional studies of theater have long neglected an overall study of female roles as written by male playwrights Are the roles blatantly sexist or do they adhere to the cultural norms that even progressive male playwrights cannot ignore From Georg Buchner's *Woyzeck* to David Hare's *Plenty* the ten plays studied here have traditionally been seen as extraordinarily innovative and progressive Despite their seeming openness each of the plays is affected by the playwright's sexual politics Laid out is a framework for studying the plays in a feminist context that permits a new reading of the female roles while still allowing the critic enjoyment of the performance as a whole

The Pinter Ethic Penelope Prentice, 2002-05-03 The only comprehensive guide to the plays of one of the world's greatest yet most puzzling contemporary dramatists *The Pinter Ethic* penetrates the mystery of Harold Pinter's work with compelling and authoritative insights that locate and disclose the primal power of his drama in his characters' powerplay for dominance With remarkable clarity Penelope Prentice's close reading of Pinter's work untangles the multiple ambiguities complex conflicts and contradictory actions which continue to baffle bewilder and confound critics and audiences She reveals that Pinter's plays reflect not a vision of postmodern hopelessness in a world threatening to self-destruct but provoke unguessed choice and action that enlarge the concept of love and link it to justice Offering a definitive analysis of Pinter's work from his early poetry fiction interviews essays and novel *The Dwarfs* to his most recent play *Celebration* Prentice demonstrates why Pinter's work can only be communicated through drama where attitude and intention may count for little but where action is all

Though male detractors denied women's comic ability throughout the era eighteenth century women playwrights were on the cutting edge of comedy and their work had important feminist influence that can be traced to today's stages and screens

Staging Gender in Behn and Centlivre Nancy Copeland, 2019-09-26 Staging Gender in Behn and Centlivre studies the representation of gender in four of the most important plays by the leading professional women playwrights of the

late Stuart period Behn's *The Rover* 1677 and *The Luckey Chance* 1686 and Centlivre's *The Busie Body* 1709 and *The Wonder A Woman Keeps a Secret* 1714 are first placed in their original theatrical and cultural contexts and then studied through subsequent productions and adaptations extending from the eighteenth century to the twentieth. The detailed analysis of these plays is framed by a discussion of the cultural position of the playwrights and the kind of comedy they wrote. The survival of these plays in the repertoire offers an unusual opportunity to examine the theatrical double life of works by early women playwrights. The lengthy production histories of these comedies placed them in dialogue with radically different ideas of appropriate and permissible behavior for both women and men. The resulting productions' alterations and adaptations included both feminist reinterpretations and recuperations of the plays' challenges to dominant meanings of gender. This book will be of interest to scholars and students of dramatic literature, theatre, and women's studies.

Enclosure Acts Richard Burt, John Archer, 2019-06-07. Enclosure, the conversion of peasants' commonly held lands to privately owned pasture, has long been considered a critical stage in the transition from feudalism to capitalism. This book is the first, however, to treat in detail the literary and cultural implications of enclosure in early modern England. Bringing together the work of both senior and younger scholars who represent a wide range of critical orientations, *Enclosure Acts* focuses not only on the historical fact of land enclosure but also on the symbolic containment of sexuality in Elizabethan and Jacobean literary works. The first type of enclosure frequently has been treated by materialists, and new historicists, feminists, and theorists concerned with issues of gender have tended to concentrate on the second. The fourteen essays collected here explore the relationships between these two ways of perceiving enclosure in the context of cultural studies. Individual chapters examine the creation of territorial and social boundaries as well as the consequences of enclosure acts.

Queer Literature in the Sinosphere Hongwei Bao, Yahia Zhengtang Ma, 2024-10-17. *Queer Literature in the Sinosphere* is the most up-to-date English language study of lesbian, gay, bisexual, transgender, and queer LGBTQ-themed literature and culture in the Chinese-speaking world. From classical homoerotic texts to contemporary boys' love fan fiction, this book showcases the richness and diversity of queer Chinese literature across the full spectrum of genres, styles, topics, and cultural politics. The book features authors and literary works from mainland China, Hong Kong, Taiwan, Singapore, and the global Chinese diaspora. Featuring chapters by leading scholars from around the world, this book rewrites literature history and culture from a queer lens in China and globally.
