Sexual Power In British Romantic Poetry:

Sexual Power in British Romantic Poetry Daniel P. Watkins, 1996 Will assume a significant role in what is unquestionably the most important area of new revisionary work in romantic studies Watkins extends the work of recent feminist romantic critics who have been developing one of the liveliest critical debates in studies of British romanticism Watkins theoretical analysis of the gender dynamics at work in the logics of Sadeian power bourgeois capitalism and romantic idealism offers a new perspective on the gendering of romantic discourse Greg Kucich University of Notre Dame When a romanticist links sexual violence and visionary idealism literary critics and scholars take notice Built on important arguments from the last two decades this book is a timely contribution to current work in cultural studies generally and in romantic studies particularly The central argument is simple but contentious sadism and British romanticism are both products of an emergent capitalist world order in the late 18th century they are bound together by the far reaching cultural logic of that order Although the vision of one is characterized by sexual violence of the other by visionary idealism both express the reality of their historical moment which was a reality of rigid and masculine hierarchies of value Watkins provides a descriptive analysis of these hierarchies of value as they are manifested in romantic poetry and investigates their historical and political dimensions He also builds upon earlier feminist studies of British romanticism by examining the ineluctable historical and social relations among bourgeois ideology romantic idealism and sexual violence in an effort first to describe the gender specific dynamics of the romantic imagination and second to recuperate certain utopian and potentially transformative elements within romanticism The study concludes that despite its strong masculinist ideology romanticism in its historical definition is indispensable to a feminist effort to keep utopian thought alive while working to liberate desire from unequal relations of power Daniel P Watkins is professor of English at Duquesne University in Pittsburgh He is the coeditor of *Spirits of Fire* English Romantic Writers and Contemporary Historical Methods and the author of *A Materialist Critique of English Romantic Drama* UPF 1993 *Keats Poetry and the Politics of the Imagination and Social Relations in Byron's Eastern Tales* *British Romantic Drama* Terence Allan Hoagwood, Daniel P. Watkins, 1998 The present volume attempts a systematic explanation of various dimensions of Romantic drama by foregrounding both the theoretical and practical questions bearing on Romantic drama in its historical situation In this effort the volume intentionally gravitates toward discussion of lesser known works of the period rather than such major dramas as *Manfred* or *Prometheus Unbound* This is because the poetic dramas by Byron and Shelley have already been the subject of many useful historicist investigations and also because lesser known works for instance the dramas of Scott Wordsworth's *Borderers* and the many revolutionary and counter revolutionary dramas of the period provide avenues into historical and ideological issues that cannot be adequately addressed by exclusive attention to dramas long recognized as canonical *A Companion to Romantic Poetry* Charles Mahoney, 2010-12-21 Through a series of 34 essays by leading and emerging scholars *A Companion to Romantic Poetry* reveals the rich diversity of Romantic poetry

and shows why it continues to hold such a vital and indispensable place in the history of English literature Breaking free from the boundaries of the traditionally studied authors the collection takes a revitalized approach to the field and brings together some of the most exciting work being done at the present time Emphasizes poetic form and technique rather than a biographical approach Features essays on production and distribution and the different schools and movements of Romantic Poetry Introduces contemporary contexts and perspectives as well as the issues and debates that continue to drive scholarship in the field Presents the most comprehensive and compelling collection of essays on British Romantic poetry currently available

Key Concepts in Romantic Literature Jane Moore, John Strachan, 2010-09-10 Key Concepts in Romantic Literature is an accessible and easy to use scholarly guide to the literature criticism and history of the culturally rich and politically turbulent Romantic era 1789-1832 The book offers a comprehensive and critically up to date account of the fascinating poetry novels and drama which characterized the Romantic period alongside an historically informed account of the important social political and aesthetic contexts which shaped that body of writing The epochal poetry of William Wordsworth William Blake Mary Robinson S T Coleridge Charlotte Smith P B Shelley Lord Byron John Keats Felicia Hemans and Letitia Elizabeth Landon the drama of Joanna Baillie and Charles Robert Maturin the novels of Jane Austen and Mary Shelley all of these figures and many more are insightfully discussed here together with clear and helpful accounts of the key contexts of the age's literature including the French Revolution slavery industrialisation empire and the rise of feminism as well as accounts of perhaps less familiar aspects of late Georgian culture such as visionary spirituality atheism gambling fashion music and sport This is the broadest guide available to late eighteenth and early 19th century British and Irish literature history and culture

1798: The Year of the Lyrical Ballads Richard Cronin, 2016-01-03 1798 is a significant date in literary history in that year the *Lyrical Ballads* were published anonymously by Joseph Cottle the Bristol bookseller But this is a volume not about the *Lyrical Ballads* but about their year It is an attempt to re create and examine the literary culture of 1798 the culture on which Wordsworth and Coleridge decided to make their experiment It is a book in which Wordsworth and Coleridge vie for attention as they did in 1798 with many other writers including Schleiermacher John Thelwall Mary Hays the Abbe Barruel Walter Savage Landor Mary Wollstonecraft Thomas Malthus Joanna Baillie George Canning Robert Sothey and the Reverend T J Mathias The

chapters of this book work together to define a single historical moment that marked the beginning of romanticism in England William Wordsworth's Poetry Daniel Robinson,2010-10-07 Daniel Robinson provides a comprehensive guide to studying Wordsworth at undergraduate level Romanticism, Gender, and Violence Nowell Marshall,2013-07-22 Combining queer theory with theories of affect psychoanalysis and Foucauldian genealogy Romanticism Gender and Violence Blake to George Sodini theorizes performative melancholia a condition where regardless of sexual orientation overinvestment in gender norms causes subjects who are unable to embody those norms to experience socially expected normal gender as something unattainable or lost This perceived loss causes an ambivalence within the subject that can lead to self inflicted violence masochism suicide or violence toward others sadism murder Reading a range of Romantic poetry and novels between 1790 1820 but ultimately moving beyond the period to show its contemporary cultural relevance through readings of Eliot s *The Mill on the Floss* Virginia Woolf s *Mrs Dalloway* Andrew Holleran s *Dancer from the Dance* and George Sodini s 2009 murder suicide case this study argues that we need to move beyond focusing on bullying teens and LGBT students and look at our cultural investment in gender normativity itself Doing so allows us to recognize that the relationship between non normative gender performance and violence is not simply a gay problem it is a human problem that can affect people of any sex sexuality age race or ethnicity and one that we can trace back to the Romantic period Bringing late 18th century novels into conversation with both canonical and lesser known Romantic poetry allows us to see that as people whose performance of gender occasionally exceeds the normal we too often internalize these norms and punish ourselves or others for our inability to adhere to them Contrasting paired chapters by male and female authors and including sections on failed romantic coupling melancholic femininities melancholic masculinities failed gender performance and madness and ending with a section titled *After Romanticism* this study works on multiple levels to complicate previous understandings of gender and violence in Romanticism while also offering a model for contemporary issues relating to gender and violence among people who fail to perform gender according to social norms **Romantic Echoes in the Victorian Era** Andrew Radford,2017-03-02 In tracing those deliberate and accidental Romantic echoes that reverberate through the Victorian age into the beginning of the twentieth century this collection acknowledges that the Victorians decided for themselves how to define what is Romantic The essays explore the extent to which Victorianism can be distinguished from its Romantic precursors or whether it is possible to conceive of Romanticism without the influence of these Victorian definitions *Romantic Echoes in the Victorian Era* reassesses Romantic literature s immediate cultural and literary legacy in the late nineteenth century showing how the Victorian writings of Matthew Arnold Wilkie Collins the Bront s the Brownings Elizabeth Gaskell Charles Dickens Gerard Manley Hopkins Thomas Hardy and the Rossettis were instrumental in shaping Romanticism as a cultural phenomenon Many of these Victorian writers found in the biographical literary and historical models of Chatterton Coleridge Byron Shelley Keats and Wordsworth touchstones for reappraising their own creative potential and artistic identity

Whether the Victorians affirmed or revolted against the Romanticism of their early years their attitudes towards Romantic values enriched and intensified the personal creative and social dilemmas described in their art Taken together the essays in this collection reflect on current critical dialogues about literary periodisation and contribute to our understanding of how these contemporary debates stem from Romanticism's inception in the Victorian age **Time of Beauty, Time of Fear** James Holt McGavran, Jr.,2012-05-10 Displaying careful scholarship sophisticated use of contemporary literary theory and close readings of texts while recovering and analyzing materials from more than two centuries of British and other Anglophone cultural history this collection of new essays traces the evolution of the Romantic child The contributors play off one another both within the three traditional historical periods Romantic Victorian and modern postmodern and across intellectual and disciplinary categories Women in British Romantic Theatre Catherine Burroughs,2000-11-16 First published in 2000 this collection of essays focuses on women theatre artists in the romantic period Magic Search Rebecca S.
