level and how this phenomenon has affected the law the media and social movements An astute and incisive chronicle of some of the most polarizing cases of the 1980s and 1990s High Profile Crimes shows that their landmark status results from the overlapping interaction of diverse participants The merging of legal cases and social causes Chancer argues has wrought ambivalent effects on both social movements and the law On the one hand high profile crimes offer important opportunities for emotional expression and raise awareness of social issues But on the other hand social problems cannot be resolved through the either or determinations that are the goals of the legal system creating frustration for those who look to the outcome of these cases for social progress Guilt or innocence through the lens of the media leads to either defeat or victory for a social cause a confounding situation that made the O J Simpson case for example unable to resolve the issues of domestic violence and police racism that it had come to symbolize Based on nearly two hundred interviews Chancer s discussions of the infamous Central Park jogger and Bensonhurst cases as well as the rape trials of William Kennedy Smith and Mike Tyson the assault cases of Rodney King and Reginald Denny and finally the O J Simpson murder trial provide a convincing multidimensional and innovative analysis of the most charged public dramas of the last two decades *Timelines of American Women's History* Sue Heinemann,1996 Spanning five hundred years of American history this definitive reference provides an incisive look at the contributions that women have made to the social cultural political economic and scientific development of the United States Original *Women's Issues for a New Generation* Gail Ukockis,2016-05-13 How do you hook a Millennial student into caring about women s issues when feminism has been declared dead for decades Written in an engaging style that promotes critical thinking Women s Issues for a New Generation is intended for freshman and sophomore level undergraduates who have never heard of Mary Wollstonecraft or Anita Hill The interdisciplinary text includes three major sections women in the U S women from diverse groups e g Native American and disabled and women in the global arena It also stresses the inclusion of men in topics such as body image since women s issues are really issues that affect everyone Other striking features included the contemporary debates e g War on Women and Hillary Clinton s ambitions and the current issues such as human trafficking Textbooks on gender and women s studies often emphasize theory with the assumption that students already know about women s history the pay gap and other basic information Women s Issues for a New Generation serves as a reader friendly bridge to more advanced analysis of women and gender Written by a social worker this textbook applies social work values and the strength perspective to anyone who is fighting gender inequality *Encyclopedia of Prostitution and Sex Work* Melissa Hope Ditmore,2006-08-30 The cliché is that prostitution is the oldest profession Isn t it time that the subject received a full reference treatment This major 2 volume set is the first to treat in an inclusive reference what is usually considered a societal failing and the underside of sexuality and economic survival The A to Z encyclopedia offers wide ranging entries related to prostitution and the sex industry past and present both worldwide mostly in the West and in the United States The topic of prostitution has high interest appeal across
