

WHAT IS SEXUALITY?

Sexuality is how people experience and express themselves as human beings. It involves values, thoughts, feelings and relationships.

The most important thing to understand about **sexuality** is that it is self-defined; that is, that every person is allowed to talk about their own sexuality in their own way that makes sense to them.

World Health Organization defines sexuality as "...a central aspect of being human throughout life encompasses sex, gender identities and roles, sexual orientation, eroticism, pleasure, intimacy and reproduction".
