*Sexuality & Eroticism Among Males in Muslim Societies* Arno Schmitt, Jehoeda Sofer, 1995      **Sexuality and Eroticism Among Males in Moslem Societies**, 1995      *Islamic Homosexualities* Stephen O. Murray, Will Roscoe, 1997-02 The first anthropological collection that reveals patterns of male and female homosexuality in the Muslim World The dramatic impact of Islamic fundamentalism in recent years has skewed our image of Islamic history and culture Stereotypes depict Islamic societies as economically backward hyper patriarchal and fanatically religious But in fact the Islamic world encompasses a great diversity of cultures and a great deal of variation within those cultures in terms of gender roles and sexuality The first collection on this topic from a historical and anthropological perspective Homosexuality in the Muslim World reveals that patterns of male and female homosexuality have existed and often flourished within the Islamic world Indeed same sex relations have until quite recently been much more tolerated under Islam than in the Christian West Based on the latest theoretical perspectives in gender studies feminism and gay studies Homosexuality in the Muslim World includes cultural and historical analyses of the entire Islamic world not just the so called Middle East Essays show both age stratified patterns of homosexuality as revealed in the erotic and romantic poetry of medieval poets and gender based patterns in which both men and women might to varying degrees choose to live as members of the opposite sex The contributors draw on historical documents literary texts ethnographic observation and direct observation by both Muslim and non Muslim authors to show the considerable diversity of Islamic societies and the existence of tolerated gender and sexual variances      *Before Homosexuality in the Arab-Islamic World, 1500-1800* Khaled El-Rouayheb, 2009-03-02 Attitudes toward homosexuality in the pre modern Arab Islamic world are commonly depicted as schizophrenic visible and tolerated on one hand prohibited by Islam on the other Khaled El Rouayheb argues that this apparent paradox is based on the anachronistic assumption that homosexuality is a timeless self evident fact to which a particular culture reacts with some degree of tolerance or intolerance Drawing on poetry biographical literature medicine dream interpretation and Islamic texts he shows that the culture of the period lacked the concept of homosexuality

*Islamicate Sexualities* Kathryn Babayan, Afsaneh Najmabadi, Harvard University. Center for Middle Eastern Studies, 2008 This anthology explores different genealogies of sexuality and questions some of the theoretical emphases and epistemic assumptions affecting current histories of sexuality      **Sexuality and the World's Religions** David Wayne Machacek, Melissa M. Wilcox, 2003-08-13 Exploring one of the most controversial topics in contemporary theology this scholarly volume reveals what the world's great faiths East and West preach about sexuality with a special emphasis on American religion What do the world's most important religious texts have to say about one of humanity's favorite activities Editors David W Machacek and Melissa M Wilcox have brought together top scholars in the field of religious studies to ask and answer these critical questions Carefully researched elegantly written and respectfully presented Sexuality and the

World's Religions explores the intersection of the spiritual and the carnal in Buddhism Christianity Confucianism Daoism Hinduism Islam Judaism and African and Native American spiritual traditions A separate section explores critical religious and sexual topics in American society including the role of spirituality in gay lesbian bisexual and transgender communities the role of sex in the modern witchcraft community and the ever thorny problem of religion and sexual liberty Reconciling sexuality and spirituality in every human soul is one of religion's most important tasks Students and other readers will find this timely and comprehensive volume of interest in exploring these issues

**Homosexualities, Muslim Cultures and Modernity** M. Rahman, 2014-01-30 This book addresses the increasing role of queer politics within forms of Islamophobia both by exploring the framing of lesbian gay bisexual and transgender LGBT issues as a key marker of western superiority and by identifying the ways in which Muslim homophobia contributes to this dialectic

**Popular Iranian Cinema before the Revolution** Pedram Partovi, 2017-07-14 Critics and academics have generally dismissed the commercial productions of the late Pahlavi era best known for their songs and melodramatic plots as shallow derivative entertainment Instead they have concentrated on the more recent internationally acclaimed art films claiming that these constitute Iranian national cinema despite few Iranians having seen them Film discourse and even fan talk have long attempted to marginalize the mainstream releases of the 1960s and 1970s with the moniker *filmfarsi* ironically asserting that such popular favorites were culturally inauthentic This book challenges the idea that *filmfarsi* is detached from the past and present of Iranians Far from being escapist Hollywood fare merely translated into Persian it claims that the better films of this supposed genre must be taken as both a subject of and source for modern Iranian history It argues that they have an appeal that relies on their ability to rearticulate traditional courtly and religious ideas and forms to problematize in unexpectedly complex and sophisticated ways the modernist agenda that secular nationalist elites wished to impose on their viewers Taken seriously these films raise questions about standard treatments of Iran's modern history By writing popular films into Iranian history this book advocates both a fresh approach to the study of Iranian cinema as well as a rethinking of the modernity tradition binary that has organized the historiography of the recent past It will appeal to those interested in Iranian cinema Iranian history and culture and more broadly readers dissatisfied with a dichotomous approach to modernity

British Colonialism and the Criminalization of Homosexuality Enze Han, Joseph O'Mahoney, 2018-05-03 British Colonialism and the Criminalization of Homosexuality examines whether colonial rule is responsible for the historical and continuing criminalization of same sex sexual relations in many parts of the world Enze Han and Joseph O Mahoney gather and assess historical evidence to demonstrate the different ways in which the British empire spread laws criminalizing homosexual conduct amongst its colonies Evidence includes case studies of former British colonies and the common law and criminal codes like the Indian Penal Code of 1860 and the Queensland Criminal Code of 1899 Surveying a wide range of countries the authors scrutinise whether ex British colonies are more likely to have laws that criminalize homosexual conduct than other ex colonies or other

states in general They interrogate the claim that British imperialism uniquely poisoned societies against homosexuality and look at the legacies of colonialism and the politics and legal status of homosexuality across the globe **Islamic Law and Muslim Same-Sex Unions** Junaid Jahangir,Hussein Abdullatif,2016-10-03 This book is written with the objective of reasonably addressing the need of Muslim gays and lesbians for a life which involves intimacy affection and companionship within the confines of a legal contract Contemporary conservative Muslim leaders unreasonably promote false marriages with straight spouses failing which they prescribe the solution of permanent celibacy as a test This book delves into an extensive scholarship on the same sources that conservative Muslim leaders draw on the Qur an Hadith and jurisprudence It is argued that the primary sources of Muslim knowledge addressed sexual acts between the same gender in the context of inhospitality exploitation coercion and disease but not true same sex unions past Muslim scholarship is silent on the issue of sexual orientation and Muslim same sex unions The arguments of contemporary conservative Muslim leaders are deconstructed and the case for Muslim same sex unions is made based on jurisprudential principles and thorough arguments from within the Muslim tradition *The Routledge History of Sex and the Body* Sarah Toulalan,Kate Fisher,2013-03-20 The Routledge History of Sex and the Body provides an overview of the main themes surrounding the history of sexuality from 1500 to the present day The history of sex and the body is an expanding field in which vibrant debate on for instance the history of homosexuality is developing This book examines the current scholarship and looks towards future directions across the field The volume is divided into fourteen thematic chapters which are split into two chronological sections 1500 1750 and 1750 to present day Focusing on the history of sexuality and the body in the West but also interactions with a broader globe these thematic chapters survey the major areas of debate and discussion Covering themes such as science identity the gaze courtship reproduction sexual violence and the importance of race the volume offers a comprehensive view of the history of sex and the body The book concludes with an afterword in which the reader is invited to consider some of the tensions problems and areas deserving further scrutiny Including contributors renowned in their field of expertise this ground breaking collection is essential reading for all those interested in the history of sexuality and the body **Islam and Morality** Oliver Leaman,2019-09-05 Islam and Morality considers how Islam the Qur an and other Islamic texts have approached the ethics of a variety of contemporary and historical issues Oliver Leaman provides a varied balanced and thought provoking account of how Islamic thinkers discussed medical ethics wealth poverty the environment and law He explores the work of a range of Islamic thinkers including Rumi Ibn al Arabi al Ghazali Mutahhari and Barlas while taking into consideration the different branches of Islam and Islamic theology and law The book also considers how Islam understands the concept of free will the relationship between good and evil and far less abstract topics like what we should eat and drink Aimed at upper level undergraduates postgraduates and researchers working in Islamic Studies and ethics this is one of the first books to provide a sustained reading of the importance of ethics within Islam **Routledge International**

**Encyclopedia of Queer Culture** David A. Gerstner, 2006 The Encyclopedia introduces both scholars and general readers to the cultural political scientific juridical and historical practices of international queer culture *Lone Star Muslims* Ahmed Afzal, 2015 Lone Star Muslims offers an engaging and insightful look at contemporary Muslim American life in Texas It illuminates the dynamics of the Pakistani Muslim community in Houston a city with one of the largest Muslim populations in the south and southwestern United States Drawing on interviews and participant observation at radio stations festivals and ethnic businesses the volume explores everyday Muslim lives at the intersection of race class profession gender sexuality and religious sectarian affiliation to demonstrate the complexity of the South Asian experience Importantly the volume incorporates narratives of gay Muslim American men of Pakistani descent countering the presumed heteronormativity evident in most of the social science scholarship on Muslim Americans and revealing deeply felt affiliations to Islam through ritual and practice It also includes narratives of members of the highly skilled Shia Ismaili Muslim labor force employed in corporate America of Pakistani ethnic entrepreneurs the working class and the working poor employed in Pakistani ethnic businesses of community activists and of radio program hosts Decentering dominant framings that flatten understandings of transnational Islam and Muslim Americans such as terrorist on the one hand and model minority on the other Lone Star Muslims offers a glimpse into a variety of lived experiences It shows how specificities of class Islamic sectarian affiliation citizenship status gender and sexuality shape transnational identities and mediate racism marginalities and abjection

*Sex and Religion* Dag Ølstein Endsjø, 2012-01-01 Sex and religion are inevitably and intricately linked There are few realms of human experience other than sex in which religion has greater reach and influence The role of religion of any faith to prohibit regulate condemn and reward is unavoidably prominent in questions of sex namely with whom when how and why In *Sex and Religion* Dag Ølstein Endsjø examines the myriad and complex religious attitudes towards sex in cultures throughout the world Endsjø reflects on some of the most significantly problematic areas in the relationship between sex and religion from sex before or outside of marriage to homosexuality Through many examples from world religions he outlines what people mean by sex in a religious context with whom it is permissible to have sex how sex can be a directly religious experience and what consequences there are for deviance for both the individual and society As Endsjø explains while Buddhist monks call attention to gay sex as a holy mystery the Christian church questions a homosexual's place in the church Some religions may believe that promiscuity leads to hurricanes and nuclear war and in others God condemns interracial marriage *Sex and Religion* reveals there is nothing natural or self evident about the ways in which various religions prescribe or proscribe and bless or condemn different types of sexuality Whether sex becomes sacred or abhorrent depends entirely on how a religion defines it *Sex and Religion* is a fascinating investigation of mores meanings rituals and rules in many faiths around the globe and will be of interest to anyone curious about the intersection of these fundamental aspects of human history and experience
