SECOND EDITION

WILEY Blackwell

# Sexuality In Greek And Roman Culture

**Peter N. Stearns**

## **Sexuality In Greek And Roman Culture:**

Sexuality in Greek and Roman Culture Marilyn B. Skinner, 2013-07-23 This agenda setting text has been fully revised in its second edition with coverage extended into the Christian era It remains the most comprehensive and engaging introduction to the sexual cultures of ancient Greece and Rome Covers a wide range of subjects including Greek pederasty and the symposium ancient prostitution representations of women in Greece and Rome and the public regulation of sexual behavior Expanded coverage extends to the advent of Christianity includes added illustrations and offers student friendly pedagogical features Text boxes supply intriguing information about tangential topics Gives a thorough overview of current literature while encouraging further reading and discussion Conveys the complexity of ancient attitudes towards sexuality and gender and the modern debates they have engendered

**Sexuality in Greek and Roman Culture** Marilyn B. Skinner, 2005 *Sexuality in Greek and Roman Society and Literature* Marguerite Johnson, 2022-08-29 This second edition includes an updated review of sexuality in Greece and Rome an expanded bibliography and numerous new passages with original translations This book provides readers with detailed information notes and original translated passages on the fascinating and multi faceted theme of ancient sexuality The sources range from the era of Homer and Hesiod through to the Graeco Roman world of the Fourth Century CE and explore the diversity of approaches to sexuality and sexual expression as well as how these issues relate to the rest of ancient society and culture *Sexuality in Greek And Roman Society and Literature* is an invaluable resource to students and academics alike providing a detailed series of chapters on all major facets of sexuality in ancient Greece and Rome It will particularly appeal to those interested in sexuality and gender in antiquity as well as ancient literature and social studies

**Sanctified Sexuality** Sandra Glahn, C. Gary Barnes, 2020-09-22 Expert biblical and practical advice for handling today's most challenging sexual issues Although modern culture constantly changes its views on sexuality God's design for sexuality remains the same Bringing together twenty five expert contributors in relevant fields of study Gary Barnes and Sandra Glahn address the most important and controversial areas of sexuality that Christians face today From a scriptural perspective and with an irenic tone the contributors address issues such as The theology of the human body Male and female in the Genesis creation accounts Abortion Celibacy Sexuality in marriage Contraception Infertility Cohabitation Divorce and remarriage Same sex attraction Gender dysphoria An ideal handbook for pastors counselors instructors and students *Sanctified Sexuality* provides solid answers and prudent advice for the many questions Christians encounter on a daily basis

The Oxford Handbook of New Testament, Gender, and Sexuality Benjamin H. Dunning, 2019-10-10 Over several decades scholarship in New Testament and early Christianity has drawn attention both to the ways in which ancient Mediterranean conceptions of embodiment sexual difference and desire were fundamentally different from modern ones and also to important lines of genealogical connection between the past and the present The result is that the study of gender and sexuality in early Christianity has become an increasingly complex undertaking This is a

complexity produced not only by the intricacies of conflicting historical data but also by historicizing approaches that query the very terms of analysis whereby we inquire into these questions in the first place Yet at the same time recent work on these topics has produced a rich and nuanced body of scholarly literature that has contributed substantially to our understanding of early Christian history and also proved relevant to ongoing theological and social debates The Oxford Handbook of Gender and Sexuality in the New Testament provides a roadmap to this lively scholarly landscape introducing both students and other scholars to the relevant problems debates and issues Leading scholars in the field offer original contributions by way of synthesis critical interrogation and proposals for future questions hypotheses and research trajectories

*Sexuality in the Age of Shakespeare* W. Reginald Rampone Jr., 2011-05-18 This book examines the important themes of sexuality gender love and marriage in stage literary and film treatments of Shakespeare's plays The theme of sexuality is often integral to Shakespeare's works and therefore merits a thorough exploration *Sexuality in the Age of Shakespeare* begins with descriptions of sexuality in ancient Greece and Rome medieval England and early modern Europe and England then segues into examinations of the role of sexuality in Shakespeare's plays and poetry and also in film and stage productions of his plays The author employs various theoretical approaches to establish detailed interpretations of Shakespeare's plays and provides excerpts from several early modern marriage manuals to illustrate the typical gender roles of the time The book concludes with bibliographies that students of Shakespeare will find invaluable for further study

**Sexuality in World History** Peter N. Stearns, 2009-02-18 Expansive and accessible Peter Stearns *Sexuality in World History* offers a much needed introduction to histories of sexuality from a global perspective Mary Spongberg Head of Department of Modern History Macquarie University USA This book examines sexuality in the past and explores how it helps explain sexuality in the present The subject of sexuality is often a controversial one and exploring it through a world history perspective emphasises the extent to which societies including our own are still reacting to historical change through contemporary sexual behaviours values and debates The study uses a clear chronological structure to focus on major patterns and changes in sexuality both sexual culture and sexual behaviours in the main periods of world history with comparison and discussion across cultures and societies Topics covered include issues involved in studying the history of sexuality the sexual implications of the transition from hunting and gathering economies to agricultural economies sexuality in Classical societies the post Classical period and the spread of the world religions sex in an age of trade and colonies changes in sexual behaviours and sexual attitudes between 1750 and 1950 sex in contemporary world history The book is a vital contribution to the study of world history and is the perfect companion for all students of the history of sexuality

*Sexuality and the Sacred* James B. Nelson, Sandra P. Longfellow, 1994-01-01 This volume is rooted in two convictions first sexuality is far more comprehensive and more fundamental to our existence than simply genital sex and second sexuality is intended by God to be neither incidental nor detrimental to our spirituality but a fully integrated and basic dimension of that

spirituality The authors address what our sexual experience reveals about God the ways we understand the gospel and the ways we read scripture and tradition and attempt to live faithfully

**The New Testament on Sexuality** William Loader, 2012-09-13 This is the fifth and final installment of William Loader's authoritative acclaimed series on attitudes toward sexuality in the ancient world Sexual themes are never far beneath the surface where there are human beings This was certainly the case for Christians in the first century world Some began in a strongly Jewish context and worked out their faith in dialogue with their scriptural heritage Others had to work out their sexual ethics in a world strongly influenced by Greco Roman ideals and practices In *The New Testament on Sexuality* William Loader explores the relevant cultural contexts and looks at New Testament texts related to sexuality highlighting both the warnings about sexual wrongdoing and the affirmations of sexual union He deals with specific themes such as divorce same sex relations women and men in leadership and celibacy individual behavior gender roles and rules preferences and hopes also fall under the scope of his investigation Broad ranging and thorough this book engages both the biblical texts and the diverse ways in which they have been interpreted

*Sexual Knowledge, Sexual Science* Roy Porter, Mikulas Teich, 1994-09 This volume is about those who have investigated sex from antiquity to the present day

*The Oxford Encyclopedia of the Bible and Gender Studies* Julia M. O'Brien, 2014 As the first major encyclopedia of its kind *The Oxford Encyclopedia of the Bible and Gender Studies* OEBGS is the go to source for scholars and students undertaking original research in the field Extending the work of nineteenth and twentieth century feminist scholarship and more recent queer studies the Encyclopedia seeks to advance the scholarly conversation by systematically exploring the ways in which gender is constructed in the diverse texts cultures and readers that constitute the world of the Bible With contributions from leading scholars in gender and biblical studies as well as contemporary gender theorists classicists archaeologists and ancient historians this comprehensive reference work reflects the diverse and interdisciplinary nature of the field and traces both historical and modern conceptions of gender and sexuality in the Bible The two volume Encyclopedia contains more than 160 entries ranging in length from 1 000 to 10 000 words Each entry includes bibliographic references and suggestions for further reading as well as a topical outline and index to aid in research The OEBGS builds upon the pioneering work of biblically focused gender theorists to help guide and encourage further gendered discussions of the Bible

*Mapping Gender in Ancient Religious Discourses* Todd C. Penner, Caroline Vander Stichele, 2007 A collection of essays on early Christian Jewish and Greco Roman religious discourses in antiquity focusing on the construction of gender in relationship to broader cultural and religious themes argumentation and identity formation in the early centuries of the common era

*Sexuality in Premodern Europe* Franz X. Eder, 2023-10-19 How did sexual relationships work before in and outside of marriage in the pre modern era What problems did contraception and sexually transmitted diseases pose How did people deal with prostitution and pornography back then What were the possibilities for same sex and queer desire and practice Using numerous examples and sources from across the continent

Sexuality in Premodern Europe shows that even in earlier centuries sexual life had an elementary significance for the coexistence of couples and communities. It was just as decisive for how individuals saw themselves and others as it was for maintaining the social economic and political order. Franz X Eder interestingly emphasises the socio historical view of sexuality offering an apt foil for the cultural perspective which is so prevalent in the field. In this book sexual behaviour is understood and thought about as social practice. From this vantage point Eder deals with the function of the sexual in upbringing and socialization its significance for the image of men and women its role in marriage initiation and the importance of sexual life for marital relationships and concubinage. Deviant and discriminated sexual forms such as prostitution pornography and same sex acts are also addressed throughout. The book explores the ways in which many people gained sexual experiences before besides or beyond marriage even if these experiences were forbidden in former societies. While research into the history of sexuality has so far dealt with such forms of the sexual primarily from the point of view of regulation and sanctioning here they are understood as positive practices that allowed people to understand and take ownership of their sexual desire.

*Two Views on Homosexuality, the Bible, and the Church* Zondervan, 2016-11-29. Unique among most debates on homosexuality this book presents a constructive dialogue between people who disagree on significant ethical and theological matters and yet maintain a respectful and humanizing posture toward one another. Few topics are more divisive today than homosexuality. *Two Views on Homosexuality, the Bible, and the Church* brings a fresh perspective to a well worn debate. While Christian debates about homosexuality are most often dominated by biblical exegesis this book seeks to give much needed attention to the rich history of received Christian tradition bringing the Bible into conversation with historical and systematic theology. To that end both theologians and biblical scholars well accomplished in their fields and conversant in issues of sexuality and gender articulate and defend each of the two views. Affirming represented by William Loader and Megan K DeFranza. Traditional represented by Wesley Hill and Stephen R Holmes. The main essays are followed by insightful responses that interact with their fellow essayists with civility. Holding to a high view of Scripture a commitment to the gospel and the church and a love for people especially those most affected by this topic the contributors wrestle deeply with the Bible and theology especially the prohibition texts the role of procreation gender complementarity and pastoral accommodation. The book concludes with reflections from general editor Preston Sprinkle on the future of discussions on faith and sexuality. The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text. Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion.

**The Oxford Classical Dictionary** Simon Hornblower, Antony Spawforth, Esther Eidinow, 2012-03-29. The revised third edition of the Oxford Classical Dictionary is the ultimate reference on the classical world containing over 6 200 entries. The 2003 revision includes minor corrections and updates and all Latin and Greek words in the text are now translated into

English      *Media, Culture and Human Violence* Jeff Lewis, 2015-11-18 Humans of the advanced world are the most violent beings of all times This violence is evident in the conditions of perpetual warfare and the accumulation of the most powerful and destructive arsenal ever known to humankind It is also evident in the devastating impact of advanced world economy and cultural practices which have led to ecological devastation and the current era of mass species extinction one of only six mass extinction events in planetary history and the only one caused by the actions of a single species humans This violence is manifest in our interpersonal relationships and the ways in which we organize ourselves through hierarchical systems that ensure the wealth and privilege of some against the penury and misery of others In this new and highly original book Jeff Lewis argues that violence is deeply inscribed in human culture thinking and expressive systems media Lewis contends that violence is not an inescapable feature of an aggressive human nature Rather violence is laced through our desires and dispositions to communalism and expressive interaction From the near extinction of all Homo sapiens around 74 000 years ago the invention of culture and media enabled humans to imagine and articulate particular choices and pleasures Organized intergroup violence or warfare emerged through the exercise of these choices and their expression through larger and increasingly complex human societies This agitation of amplified desire hierarchical social organization and mediated knowledge systems has created a cultural volition of violent complexity which continues into the present *Media Culture and Human Violence* examines the current conditions of conflict and harm as an expression of our violent complexity

*Gender, Sexuality and Museums* Amy K. Levin, 2010-09-13 *Gender Sexuality and Museums* provides the only repository of key articles new essays and case studies for the important area of gender and sexuality in museums It is the first reader to focus on LGBT issues and museums and the first reader in nearly 15 years to collect articles which focus on women and museums At last students of museum studies women s studies LGBT studies and museum professionals have a single resource The book is organised into three thematic parts each with its own introduction Sections focus on women in museum work applications of feminist and LGBT theories to museum exhibitions exhibitions and collections pertaining to women and individuals who are LGBT The Case studies in a fourth part provide different perspectives to key topics such as memorials and memorializing modernism and museums and natural history collections The collection concludes with a bibliographic essay evaluating scholarship to date on gender and sexuality in museums Amy K Levin brings together outstanding articles published in the past as well as new essays The collection s scope is international with articles about US Canadian and European institutions *Gender Sexuality and Museums A Routledge Reader* is an essential resource for those studying gender and sexuality in the museum

**Human Sexuality** Vern L. Bullough, Bonnie Bullough, 2014-01-14 First Published in 1994 The purpose of an encyclopedia is to gather in one place information that otherwise would be difficult to find Bring together a collection of articles that are authoritative and reflect a variety of viewpoints The contributors come from a wide range of disciplines from nursing to medicine from biology to history and include sociologists psychologists anthropologists political scientists literary

specialists academics and non academics clinicians and teachers researchers and generalists      **The Sexual Constitution of Political Authority** Aleardo Zanghellini, 2015-04-24 While there is no shortage of studies addressing the state's regulation of the sexual research into the ways in which the sexual governs the state and its attributes is still in its infancy The Sexual Constitution of Political Authority argues that there are good reasons to suppose that our understandings of state power quiver with erotic undercurrents The book maintains more specifically that the relationship between ideas of political authority and male same sex desire is especially fraught Through a series of case studies where a statesman's same sex desire was put on trial either literally or metaphorically as a problem for the good exercise of public powers the book shows the resilience and adaptability of cultural beliefs in the incompatibility between public office and male same sex desire Some of the case studies analysed are familiar ground for both political constitutional history and the history of sexuality The Sexual Constitution of Political Authority argues however that only by systematically reading questions of institutional politics and questions of sexuality through each other will we have access to the most interesting insights that a study of these trials can generate Whether they involve obscure public officials or iconic rulers such as Hadrian and James I these compelling fragments of queer history reveal that the disavowal of male same sex desire has been and partly remains central to mainstream understandings of political authority      SCM Core Text Theology and Sexuality Susannah Cornwall, 2013-02-18 The SCM Core Text Theology and Sexuality provides a clear overview of the theological debate surrounding sexuality as broadly understood It gives an outline of the major themes surrounding sexuality in theological perspective focusing on key thinkers concepts and areas of discussion This student friendly textbook is aimed at theology students and ordinands studying at undergraduate level 3 and MA level who are undertaking modules on theology and sexuality gender sex and the human body It is also accessible to Christian clergy and laypeople who wish to engage with issues of sexuality in congregations The use of extensive glossaries breakout definitions and examples makes the book accessible to those with little existing knowledge of contemporary debates on theology and sexuality The book includes chapters on definitions of sexuality sexuality in the Christian tradition Christian approaches to marriage celibacy and virginity and same sex relationships

**network flow theory and applications with practical impact** - May 04 2022

web network flow theory and applications with practical impact in doležal j fidler j eds system modelling and optimization ifip the international federation for information processing

network flows theory algorithms and applications - Sep 20 2023

web nov 1 1994 network flows theory algorithms and applications david k smith journal of the operational research society 45 1340 1994 cite this article 1179 accesses

pdf network flows researchgate - Oct 09 2022

web jan 1 1993 in this paper we introduce the maximum static and maximum dynamic multi commodity flow problems with proportional capacity sharing and present polynomial time algorithms to solve the problems

*pdf comp251 network flows semantic scholar* - Mar 02 2022

web this work investigates optimization problems in a realistic model for wireless network design called activation network and proposes polynomial time algorithms that optimally solve the st mandp st maedp minimum activation steiner tree and the problem of finding minimum activation cost node disjoint paths between k disjoint terminal pairs for

**network flow algorithms algorithmics complexity computer** - Jul 06 2022

web network flow theory has been used across a number of disciplines including theoretical computer science operations research and discrete math to model not only problems in the transportation of goods and information but also a wide range of applications from image segmentation problems in computer vision to deciding when a baseball team has

network flows theory algorithms and applications - Aug 07 2022

web computer science 2015 tldr a new mixed integer programming formulation for the curriculum based course timetabling problem is presented that contains an underlying network model by dividing the problem into two models and then connecting the two models back into one model using a maximum flow problem expand

**network flows theory algorithms and applications guide books** - Aug 19 2023

web mar 1 2017 abstract a comprehensive introduction to network flows that brings together the classic and the contemporary aspects of the field and provides an integrative view of theory algorithms and applications presents in depth self contained treatments of shortest path maximum flow and minimum cost flow problems including

**network flow theory and applications with practical impact** - Nov 10 2022

web network flow theory is one of the best studied and developed fields of optimization and has important relations to quite different fields of science and technology such as combinatorial mathematics algebraic topology electric circuit theory nonlinear continuum theory including plasticity theory geographic information systems vlsi design

network flows massachusetts institute of technology - Oct 21 2023

web jun1 [networkflows overview introduction 1 1applications 1 2complexityanalysis 1 3notationanddefinitions 1 4networkrepresentations 1 5searchalgorithms 1 6developingpolynomialtimealgorithms basicpropertiesofnetworkflows 21 flowdecompositionpropertiesandoptimalityconditions](#)

*flows in complex networks theory algorithms and application* - Apr 03 2022

web here we give a brief summary of the theory then discuss algorithms based on it that can be used to characterize the flows on the network we also comment on the connections between tpt and spectral approaches to network analysis bovier s potential theoretic approach to metastability in mjps and large deviation theory

[network flows theory algorithms and applications semantic](#) - Jun 17 2023

web network flows theory algorithms and applications in depth self contained treatments of shortest path maximum flow and minimum cost flow problems including descriptions of polynomial time algorithms for these core models are presented

**applications of dspace mit edu** - Sep 08 2022

web network optimization problems the shortest path problem the maximum flow problem the minimum cost flow problem assignment and matching problems and the minimum spanning tree problem we describe 25 applications of these problems and provide references for more than 100 additional applications this paper is
