*Sexuality and the Body in Russian Culture* Jane T. Costlow, Stephanie Sandler, Judith Vowles, 2022 **Queering Russian Media and Culture** Galina Miazhevich, 2022-02-27 This book explores how queerness and representations of queerness in media and culture are responding to the shifting socio political cultural and legal conditions in post Soviet Russia especially in the light of the so called antigay law of 2013 Based on extensive original research the book outlines developments historically both before and after the fall of the Soviet Union and provides the background to the 2013 law It discusses the proliferating alternative visions of gender and sexuality which are increasingly prevalent in contemporary Russia The book considers how these are represented in film personal diaries photography theatre protest art fashion and creative industries web series news media and how they relate to the traditional values rhetoric Overall the book provides a rich and detailed yet complex insight into the developing nature of queerness in contemporary Russia **The Birth of the Body: Russian**

**Erotic Prose of the First Half of the Twentieth Century** Alexei Lalo, 2012-10-19 This anthology of Russian erotic writings of 1900 to 1940 consists of texts previously unavailable in English They all reflect the fascinating albeit laborious nature of the birth of the body in the Russian literature and culture of the period **Libertinage in Russian Culture and**

**Literature** Alexei Lalo, 2011-09-09 Much of the previous scholarship on Russia s literary discourses of sexuality and eroticism in the Silver Age was built on applying European theoretical models from psychoanalysis to feminist theory to Russia s modernization This book argues that at the turn into the twentieth century Russian popular culture for the first time found itself in direct confrontation with the traditional high cultures of the upper classes and intelligentsia producing modernized representations of sexuality This Russian tradition of conflicted representations heretofore misassessed by literary history emerges as what Foucault would call a full blown bio history of Russian culture a history of indigenous representations of sexuality and the eroticized body capable of innovation on its own terms not just those derivative from Europe **Sexuality,**

**Nudity and the Body in Soviet Cinema** Birgit Beumers, Catherine Géry, Eugénie Zvonkine, 2025-07-18 This book explores evocations of and allusions to sexual desire in Soviet cinema 1919 1991 By deploying several lines of investigation from the cult of the masculine strong body in Stalinist cinema to the shifting signification of the naked body male and female in post war cinema and to the display of a sexualised body in the late Soviet era this book establishes the extent to which Soviet cinema actually did reveal sexuality It also explores how external political and social factors impacted representation Overall the contributions challenge the narrative of Soviet cinema as an art form where the representation of sexuality was taboo and outline shifts in the concepts of the naked and sexualised body of sexuality and sexual relationships This book will be of

of literary and political inspiration or as a warning of creeping totalitarianism In this new book Ira Nadel charts the story of that influence through the work of some of the key figures in British literature across the century including Joseph Conrad Somerset Maugham Jane Harrison Virginia Woolf and H G Wells Framed by the story of two romantic encounters between Walter Benjamin and the actress Asja Lacis in Moscow in 1926 and between Isaiah Berlin and Anna Akhmatova in 1945 Love and Russian Literature casts a vivid new light on the ways in which responses to Russia shaped the history of British modernism

From the Womb to the Body Politic Anna Kuxhausen, 2013-04-22 In Russia during the second half of the eighteenth century a public conversation emerged that altered perceptions of pregnancy birth and early childhood Children began to be viewed as a national resource and childbirth heralded new members of the body politic The exclusively female world of mothers midwives and nannies came under the scrutiny of male physicians state institutions a host of zealous reformers and even Empress Catherine the Great Making innovative use of obstetrical manuals belles lettres children s primers and other primary documents from the era Anna Kuxhausen draws together many discourses medical pedagogical and political to show the scope and audacity of new notions about childrearing Reformers aimed to teach women to care for the bodies of pregnant mothers infants and children according to medical standards of the Enlightenment Kuxhausen reveals both their optimism and their sometimes fatal blind spots in matters of implementation In examining the implication of women in public even political roles as agents of state building and the civilizing process *From the Womb to the Body Politic* offers a nuanced expanded view of the Enlightenment in Russia and the ways in which Russians imagined their nation while constructing notions of childhood

Rereading Russian Poetry Stephanie Sandler, 1999-01-01 Russia s poets hold a special place in Russian culture perhaps revealing more about their country than poets within any other nation In this unique and wide

ranging collection of writings on poets and poetic trends in Russia contributors from the United States Britain and Russia examine the place of poetry in Russian culture Through a variety of critical approaches these scholars translators and poets consider a broad cross section of Russian poets from Pushkin to Brodsky Shvarts and Kibirov      **Finding the Middle Ground** Jehanne Gheith,2004 An examination of two influential women writers in the mid nineteenth century which challenges many common assumptions about the development of the Russian literary tradition      *Reference Guide to Russian Literature* Neil Cornwell,2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public      **Mapping Postcommunist Cultures** Vitaly Chernetsky,2007-01-08 In Mapping Postcommunist Cultures Chernetsky argues that Russia and Ukraine exemplify the principal paradigms of post Soviet cultural development In Russia this has manifested itself in the subversive dismantling of the totalitarian linguistic regime and the foregrounding of previously marginalized subject positions In Ukraine work in these areas shows how the traumas of centuries of colonial oppression are being overcome through the carnivalesque decrowning of ideological dogmas and an affirmation of a new type of community most recently demonstrated in the peaceful Orange Revolution of 2004 Mapping Postcommunist Cultures also critiques the neglect of the former communist world in current models of cultural globalization      **Women and Gender in Central and Eastern Europe, Russia, and Eurasia** Mary Zirin,Irina Livezeanu,Christine D. Berry,1995-07-01 The epidemic of mass rape in the former Yugoslavia has illustrated once again and in particularly brutal fashion the inextricable relationship between national politics sexual politics and body politics The nexus of these three forces is highly charged in any culture at any time in history but especially so among cultures in which rapid even cataclysmic changes in material realities and national self conceptions are eroding or overwhelming previously secure boundaries The postcommunist moment in the so called Second World Central and Eastern Europe and the former Soviet Union has dramatically exposed the opportunities and dangers that arise when the political cultural and economic foundations of a society are de and then re structured Gender roles and relations expressions

of sexuality or attempts to recontain them representations of the body especially the female body and the larger cultural meanings it assumes are particularly marked sites to witness the performance of complex national dramas of crisis and change This groundbreaking volume turns its attention to the Second World specifically to such subjects as the birth of the sex media and porn industry in Russia Russian women and alcoholism cinema in post communist Hungary patriotism and gender in Poland sexual dissidence in Eastern Europe and women in the former Yugoslavia go to the Genders website
