Shadow Of Paradise:

The Shadow of Heaven Jon S. Lawry, 2019-06-30 In this subtle and intelligently conceived study of Milton's major poems Professor Lawry analyzes and explicates the poems and interprets them in the context of the entire body of Milton's work His interpretations help the reader to participate with the poet in the enactment of the poems whether with Adam in the Garden of Eden or with Satan in Hell

The Revelation of Jesus Christ Alfred J. Chomppf Pastor, 2013 This book is about the Lord Jesus Christ and who He really is When we read the Bible we should remember the principle The last revelation carries the greater weight The final revelation of the Lord Jesus Christ to the last living of His disciples the apostle John a short time before the apostle John was also to expire was a final word to His beloved disciple containing the most important things for the life of the Christian church And since the last revelation carries the greater weight we should embrace these last messages of the Lord with great care and believe these words even if they would upset well established doctrines in the churches Only the Lord Jesus Christ is worthy to be praised and He is the only one who deserves the attention of this book

Dante's Lyric Redemption Tristan Kay, 2016-01-28 Dante's Lyric Redemption offers a re-examination of two strongly interrelated aspects of the poet's work the role and value he ascribes to earthly love and his relationship to the Romance lyric tradition of his time It argues that an account of Dante's poetic journey that posits a stark division between earthly and divine love and between the secular lyric poet and the Christian auctor does little justice to his highly distinctive and often polemical handling of these categories The book firstly contextualizes traces and accounts for Dante's intriguing commitment to love poetry from the minor works to the Commedia It highlights his attempts especially in his masterpiece to overcome normative oppositions in formulating a uniquely redemptive vernacular poetics one oriented towards the eternal while rooted in his affective and indeed erotic past It then examines how this matter is at stake in Dante's treatment of three important lyric predecessors Guittone d'Arezzo Arnaut Daniel and Folco of Marseilles Through a detailed reading of Dante's engagement with these poets the book illuminates his careful departure from a dualistic model of love and conversion and shows his erotic commitment to be at the heart of his claims to pre-eminence as a vernacular author
