Barany, Robert G. Moser, 2001-08-27 What went wrong in Russia s decade old post communist transition A group of leading young scholars answer this question by offering assessments of five crucial political arenas during the Yeltsin era elections executive legislative relations interactions between the central state and the regions economic reforms and civil military relations All of the contributors recognize that

adverse historical legacies have complicated Russian democratization. They challenge structural explanations that emphasize constraints of the pre-existing system, however, and concentrate instead on the importance of elite decisions and institution building. The authors agree that elites' failure to develop robust political institutions has been a central problem of Russia's post-communist transition. The weakness of the state and its institutions has contributed to a number of serious problems threatening democratic consolidation. These include the tensions between the executive and the legislature, the frail infrastructure for successful market reform, and the absence of proper civilian control over the armed forces. H.P. Lovecraft's Worlds: The Shadow Over Innsmouth H.P. Lovecraft, Steven Philip Jones, 2021-04-27 The decaying town of Innsmouth, Massachusetts, has an unhealthy reputation. Nearby citizens shun it. You won't find it on any maps. And the denizens just don't look right. They just don't. Maybe it's something in the water. Robert Loveless is trying to escape the lurking fear of insanity, cursing his bloodline when his quest lures him to the town of Innsmouth. As Loveless wanders the tumbledown streets, past homes and buildings of departed grandeur, he uncovers the town's awful past from a half-crazed old drunk named Zadok Allen. A shadow reaching out from before the dawn of history is haunting Innsmouth, and now that Loveless has learned the truth, its denizens want him to stay there forever. This graphic novel features an all-new authorized adaptation of one of H.P. Lovecraft's most popular weird tales by Steven Philip Jones. H.P. Lovecraft's Worlds: Lovecraftian and Trey Baldwin's Ladies of Market Street: Lovecraft's seminal novella, a Lovecraft biography, and Jones's article on adapting Lovecraft into comics, updated for this edition.
