**Women and Biological Fathers** Elizabeth Hughes, 2017-03-01 *Adopted Women and Biological Fathers* offers a critical and deconstructive challenge to the dominant notions of adoptive identity The author explores adoptive women s experiences of meeting their biological fathers and reflects on personal narratives to give an authoritative overview of both the field of adoption and the specific history of adoption reunion This book takes as its focus the narratives of 14 adopted women as well as the partly fictionalised story of the author and examines their experiences of birth father reunion in an attempt to dissect the ways in which we understand adoptive female subjectivity through a psychosocial lens Opening a space for thinking about the role of the discursively neglected biological father this book exposes the enigmatic dimensions of this figure and how telling the relational story of reconciliation might be used to complicate wider categories of subjective completeness belonging and truth This book attempts to subvert the culturally normative unifying system of the mother child bond and prompts the reader to think about what the biological father might represent and how his role in relation to adoptive female subjects may be understood This book will be essential reading for those in critical psychology gender studies narrative work sociology and psychosocial studies as well as appealing to anyone interested in adoption issues and female subjectivity

**An Affair with My Mother** Caitríona Palmer, 2016-03-03

Incredibly moving. Anne Enright winner of the Man Booker Prize. *An Affair with My Mother* by Caitriona Palmer is a moving and gripping story of love, denial, and a daughter's quest for the truth. Caitriona Palmer had a happy childhood in Dublin, raised by loving adoptive parents. But when she was in her late twenties, she realized that she had a strong need to know the woman who had given birth to her. She was able to locate her birth mother Sarah, and they developed a strong attachment. But Sarah set one painful condition to this joyous new relationship: she wished to keep it secret from her family, from her friends, from everyone. Who was Sarah, and why did she want to preserve a decades-old secret? *An Affair with My Mother* tells the story of Caitriona's quest to answer these questions and of the intense, furtive affair she and her mother conducted in carefully chosen locations around Dublin. By turns heartwarming and heartbreaking, *An Affair with My Mother* is a searing portrait of the social and familial forces that left Sarah and so many other unwed Irish mothers of her generation frightened, traumatized, and bereft. It is also a beautifully written account of a remarkable relationship. Caitriona Palmer has called out the false shame of her origins with a kind of anguished courage that is incredibly moving. *An Affair With My Mother* is a forensic account of how it feels to be in the interests of Catholic respectability excluded from the facts of your own life. In its commitment to family, love, to joy, and truth, it is a gift.

Anne Enright winner of the Man Booker Prize

*Fathers and Forefathers* Martin Robb, 2020-12-15 Research on fathers and fatherhood has blossomed in recent years focusing for the most part on present day fathering experiences but also beginning to uncover hidden narratives of past fatherhood This collection aims to add something new to this expanding field by exploring the dynamic relationship between present and past fatherhoods The popular understanding of fathers in past generations as being detached and uninvolved in the lives of their children can be said to play a significant part in the construction of modern fathering identities with ideas of new fatherhood being played off against notions of historical fathering practices However research has begun to show that these popular myths often misremember the past judging it by current standards and obscuring the diverse nature of fathering practices in the recent and distant past A genealogical

approach is able to critically examine these intergenerational constructions of fatherhood and more positively illuminate the ways in which experiences of fathering and being fathered are passed on between generations The contributions to this collection use a genealogical approach broadly defined to fathering and fatherhood as a way of defamiliarizing accepted narratives and suggesting new ways of thinking about men and their relationships with their children
