**Encyclopedia of Cryptozoology** Michael Newton, 2016-10-05 On every continent and in every nation animals unrecognized by modern science are reported on a daily basis People passionately pursue these creatures the name given to their field of study is cryptozoology Coined in the 1950s the term literally means the science of hidden animals When the International Society of Cryptozoology ISC was formed in 1982 the founders declared that the branch of science is also concerned with the possible existence of known animals in areas where they are not supposed to occur either now or in the past as well as the unknown persistence of presumed extinct animals to the present time or to the recent past what makes an animal of interest to cryptology is that it is unexpected This reference work presents a flesh and blood view of cryptozoology Here 2 744 entries are listed the majority of which each describe one specific creature or type of creature Other entries cover 742 places where unnamed cryptids are said to appear

profiles of 77 groups and 112 individuals who have contributed to the field descriptions of objects and events important to the subject and essays on cryptotourism and hoaxes for example Appendices offer a timeline of zoological discoveries annotated lists of movies and television series with cryptozoological themes a list of crypto fiction titles and a list of Internet websites devoted to cryptozoology

**The Wild Black Region** David Taylor, 2016-02-01 This book tells the fascinating story of Badenoch a forgotten region in accounts of Scottish history Situated in the heart of the Highlands and with its own distinct historic and geographic identity Badenoch was in the throes of dramatic change in the post Culloden decades This ground breaking study reveals some radical differences from trends across the rest of the Highlands Foremost was the role of the indigenous entrepreneurial tacksmen in driving the rapidly growing commercial economy as cattle graziers drovers and agricultural improvers inevitably provoking confrontation with the absentee and ostentatious Dukes of Gordon Meanwhile the common people still operated within a subsistence farming economy heavily dependent on a surprisingly sophisticated use of their mountain environment Though suffering great hardship they too were quick to exploit any potential commercial opportunities Economic forces social ambition and post Culloden legislation created intolerable pressures within the old clan hierarchy as Duke tacksmen and erstwhile clansmen tried to forge their individual and often irreconcilable destinies in a rapidly changing world In doing so all were increasingly drawn into the wider and often lucrative dimensions of British state and empire
