Robert R. Redfield

Shadows And Whispers Power Politics Inside The Kremlin From Brezhnev To Gorbachev:

Shadows and Whispers Dusko Doder, 1988 Having witnessed the dramatic series of succession crises in the Soviet Union through the early 1980s and having developed a unique insider access Dusko Doder brings to life the personalities and the politics within the Kremlin 8 pages of black and white photos **Bulletin of the Atomic Scientists** ,1987-07

Bulletin of the Atomic Scientists ,1987-07 Politics, Society, And Nationality Inside Gorbachev's Russia Seweryn Bialer, 2019-06-04 The East West Forum is a New York based research and policy analysis organization sponsored by the Samuel Bronfman Foundation Its goal is to bring together experts and policy leaders from differing perspectives and generations to discuss changing patterns of East West relations It attempts to formulate long term analyses and recommendations In p **Milosevic** Dusko Doder, Louise Branson, 1999-11-12 Who is Slobodan Milosevic Is he the next Saddam Hussein the leader of a renegade nation who will continue to torment the United States for years to come Or is he the next Moammar Qaddafi an international outcast silenced for good by a resolute American bombing campaign The war in Kosovo in the spring of 1999 introduced many Americans to the man the newspapers have called the butcher of the Balkans but few understand the crucial role he has played and continues to play in the most troubled part of Europe Directly or indirectly Milosevic has waged war and instigated brutal ethnic cleansing in Croatia Bosnia and Kosovo and he was indicted for war crimes in May 1999 Milosevic s rise to power from lowly Serbian apparatchik to president of Yugoslavia is a tale of intrigue cynical manipulation and deceit whose full dimensions have never been presented to the American public In this first full length biography of the Yugoslav leader veteran foreign correspondents Dusko Doder and Louise Branson paint a disturbing portrait of a cunning politician who has not shied from fomenting wars and double crossing enemies and allies alike in his ruthless pursuit of power Whereas most dictators encourage a cult of personality around themselves Milosevic has been content to operate in the shadows shunning publicity and allowing others to grab the limelight and then to take the heat when things go badly Milosevic s secretive style the authors show emerged in response to a family history of depression both of his parents committed suicide and has served him well as he begins his second decade in power Doder and Branson introduce us to the key figures behind Milosevic s rise his wife Mirjana Markovic who is often described with justification as a Serbian Lady Macbeth and the Balkan and American politicians who learned too late about the costs of underestimating Milosevic They also reveal how the United States refused to take the necessary action in 1992 to remove Milosevic from power without bloodshed not realizing that he uses such moments of weakness as opportunities to lull his opponents into traps thereby paving the way for a new consolidation of power Now in the wake of the victory in Kosovo it remains to be seen whether America will learn this lesson or whether we will allow this deeply troubled man to continue to pose a threat to European peace and security as the twenty first century dawns **International Politico - Cultural Influences on Vietnam in the 20Th Century** David Lan Pham, 2004-02-13 Geographically historically and culturally Vietnam was

profoundly influenced by Chinese culture due to more than 1 000 years under Chinese rule Chinese influence was less important in Vietnam from 1884 to 1945 after the French occupied Cochinchina and established their protectorate in Tonkin and Annam By the end of the 19th century almost all the Vietnamese resistance forces were defeated by the French The Vietnamese revolutionaries looked for different paths of national liberation and thought of foreign aid Phan Boi Chau and Cuong De admired the Japanese reforms He founded Phong Trao Dong Du Journey to the East Movement Phan Chu Trinh loved Western democracy and modernization in exhorting non violence ahimsa He was the soul of the Modernization Movement Nguyen Tat Thanh Ho Chi Minh leaned toward the Comintern He founded Vietnam Thanh Nien Cach Mang Dong Chi Hoi Vietnam Revolutionary Youth Association in 1925 and Dang Cong San Viet Nam Vietnam Communist Party in 1930 He played an important role in the Vietnamese revolutions in the 20th century Nguyen Thai Hoc headed Viet Nam Quoc Dan Dang Vietnam Kuomintang and adopted San Min Chu I Three Peoples Principles promoted by Sun Yat sen Bui Quang Chieu founded Dang Lap Hien Constitutionalist Party cherishing Phap Viet De Hue Franco Vietnamese Cooperation Ta Thu Thau Phan Van Hum Ho Huu Tuong chose Trotskyism known as the Fourth International Ngo Dinh Diem was a mandarin Nguyen Van Thieu and Nguyen Cao Ky were military men They all were trained and educated by the French before being backed by Washington to become leaders of the Republic of Vietnam South Vietnam International Politico Cultural Influences on Vietnam in the 20th Century was the summary of the influences of the Big Five and Japan on Vietnam in the 20th century It showed the readers how important foreign aid was in Vietnam how Vietnam was modified by foreign aid and how complicated the Vietnam problems were for not digesting different political doctrines and cultures smoothly

Crime and Punishment in Soviet Officialdom William A. Clark,1993 This study of official corruption and the politics of anti corruption campaigns offers a comprehensive empirical comparative and theoretical analysis of this phenomenon as both system and symptom It highlights the structure impact and function of political elite corruption from 1965 1990

A History Of Russia Volume 2 Walter G. Moss,2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world

Deep Republicanism Donald C. Hodges,2008-01-01 Deep Republicanism Prelude to Professionalism reveals a subversive republicanism in Machiavelli s political theories that is at odds with the demoliberalism often perceived as his primary political agenda It also establishes the importance of this republican agenda in understanding the major revolutions of the modern world

Russia and the Idea of the West Robert D. English,2000 In most analyses of the Cold War s end the ideological aspects of Gorbachev s new thinking are treated largely as incidental to the broader considerations of power English demonstrates that Gorbachev s foreign policy was the result of an intellectual revolution He

analyzes the rise of a liberal policy academic elite and its impact on the Cold War's end **Bulletin of the Atomic Scientists**, 1987-07 *Flight MH17, Ukraine and the new Cold War* Kees van der Pijl, 2018-07-24 On 17 July 2014 Malaysian Airlines Flight MH17 was shot down amid conflict in Ukraine a crisis that led to a NATO Russia standoff and the onset of a new period of East West confrontation This is the first scholarly work on the Ukrainian unrest and the tragic downing of MH17 It offers an analysis that challenges the Western consensus surrounding these events emphasising the geopolitical and economic context of the West's standoff with Russia the BRICS bloc and the struggles over the EU's energy supply Based on previously unpublished government and NATO documents as well as a wide array of sources this book offers an analysis of global political economy and contemporary debates about Russia and East West relations **Global Rivalries From the Cold War to Iraq** Kees van der Pijl, 2006-08-20 This book offers a highly original analysis of world events in the light of the Iraq War It explores the history and development of relations between major countries in the international community and the impact that successive wars and changes in the global political economy have had on the way states relate to each other today Tracing the liberal state structure back to the closing stages of the English Civil War and settlement in North America it argues that the rise of the English speaking West has created rivalries between contender states that are never entirely put to rest With each round of Western expansion new rivalries are created Offering a truly global analysis that covers every area of the world from Europe and America to China the Middle East Latin America and Russia he analyses the development of international relations post WWII and questions whether the neoliberal project and its human rights ideology have collapsed back into authoritarianism under the guise of the war on terror [Moscow and the Middle East](#) Robert Owen Freedman, 1991-01-25 Professor Freedman provides an exhaustive account of Soviet policy in the Middle East from the invasion of Afghanistan in December 1979 to withdrawal from the country ten years later

Perestroika at the Crossroads Alfred J. Rieber, Alvin Z. Rubinstein, 2016-09-16 The contributors to this volume have undertaken an assessment of the Soviet Union as it enters the last decade of the 20th century Organized to cover each major area of policy initiative or response the collection surveys the Gorbachev reform agenda and its successes and failures to date in various fields including culture economics ideology law politics federalism and the nationality problem and foreign policy vis a vis the West Eastern Europe and the Third World **Détente** Richard Crowder, 2020-09-17 Between 1968 and 1975 there was a subtle thawing of relations between East and West for which Brezhnev coined the name D tente and perhaps a chance to end the Cold War The leaders of the United States and the Soviet Union Richard Nixon and Leonid Brezhnev hoped to forge a new relationship between East and West Yet the greatest changes of the era took place outside the sphere of international diplomacy The 1960s brought social collision across the world from the anti war protests in America to the student demonstrations on the streets of Paris and Mao Zedong's Red Guards in China A new generation whom advertising executives dubbed the baby boomers brought new attitudes to towards sex gender race the environment

and religion In this book Richard Crowder explores the years of D tente and introduces us to the key players of the era whose stories form the narrative of this book The Triumph of the Flexible Society Manuel Hinds,2003-11-30 Hinds takes offers a fresh perspective on the social political and economic disturbances now affecting our world This book looks at those disturbances not as separate problems but rather as the coherent symptoms of a deep technological revolution that is changing the shape of society on the scale of the Industrial Revolution the Connectivity Revolution the basis of the New Economy Analyzing the resistance to change that erupted violently in response to that last major economic upheaval Hinds shows how Communism Nazism and fundamentalism owe their triumphs not to the prevalence of poverty or oppression but to the rigidity of societies threatened by profound social changes prompted by rapid technological progress Demonstrating that their rigidity was caused by the same kind of state intervention in the economy that is now being proposed to stop globalization he argues persuasively that only a horizontal flexible society can smoothly manage change in such a way that the pain of transformation and therefore the risk of giving birth to new varieties of destructive regimes is minimized **In Defense of Liberal Democracy** Manuel Hinds,2021-04-13 In Defense of Liberal Democracy is a clarion call for today s divided time a bold reaffirmation of the liberal democratic principles that have carried America through each crisis in its history and can do so again Merging expert historical political and economic analysis In Defense of Liberal Democracy shows how our recent technological revolution what high profile economist Manuel Hinds calls the Connectivity Revolution has led to a crisis of divisiveness Assessing the angry rhetoric and polarization of current political and social discourse in the US Hinds considers the dangers of seeking populist solutions to our current upheaval and shows how the traditions and institutions of liberal democracy restored prosperity freedom and social equity during the Industrial Revolution the Great Depression and other periods of political instability Hinds examines our national past and present up to and including the 2020 presidential election to illustrate how current events can be as dramatic as any historical legacy in warning us of the danger of abandoning our democratic principles **Rocking The State** Sabrina Petra Ramet,2019-06-04 Most readers of this book will have had at most a fleeting acquaintanceship with the music of some of the groups described in this book Groups such as Laibach from Slovenia Borghesia Slovenia Pankow the GDR and Gorky Park USSR have concentrated on the Western market and have acquired followings in the United States and Western Europe Other artists and groups such as Boris Grebenshikov and Aquarium USSR Sergei Kuryokhin USSR Goran Bregovic and White Button Yugoslavia and Plastic People of the Universe Czechoslovakia have also seen some Western exposure But for the most part the rock music of that part of the world is terra incognita to Westerners So too is the story of their uneasy coexistence with communist authorities from the time that rock first appeared until the collapse of communism in 1989 This book aims to fill that vacuum *Economic Interdependence and War* Dale C. Copeland,2014-11-02 Does growing economic interdependence among great powers increase or decrease the chance of conflict and war Liberals argue that the benefits of trade give states an incentive to stay

peaceful Realists contend that trade compels states to struggle for vital raw materials and markets Moving beyond the stale liberal realist debate *Economic Interdependence and War* lays out a dynamic theory of expectations that shows under what specific conditions interstate commerce will reduce or heighten the risk of conflict between nations Taking a broad look at cases spanning two centuries from the Napoleonic and Crimean wars to the more recent Cold War crises Dale Copeland demonstrates that when leaders have positive expectations of the future trade environment they want to remain at peace in order to secure the economic benefits that enhance long term power When however these expectations turn negative leaders are likely to fear a loss of access to raw materials and markets giving them more incentive to initiate crises to protect their commercial interests The theory of trade expectations holds important implications for the understanding of Sino American relations since 1985 and for the direction these relations will likely take over the next two decades *Economic Interdependence and War* offers sweeping new insights into historical and contemporary global politics and the actual nature of democratic versus economic peace
