Nixon's Shadow: The History of an Image David Greenberg, 2004-10-17 How an image obsessed president transformed the way we think about politics and politicians To his conservative supporters in 1940s southern California Richard Nixon was a populist everyman to liberal intellectuals of the 1950s he was Tricky Dick a devious manipulator to 1960s radicals a shadowy conspirator to the Washington press corps a pioneering spin doctor to his loyal Middle Americans a victim of liberal hatred to recent historians an unlikely liberal Nixon s Shadow rediscovers these competing images of the protean Nixon showing how each was created and disseminated in American culture and how Nixon s tinkering with his own image often backfired During Nixon s long tenure on the national stage and through the succession of new Nixons so brilliantly described here Americans came to realize how thoroughly politics relies on manipulation Since Nixon it has become impossible to discuss politics without asking What is the politician s real character How authentic or inauthentic is he What image is he trying to project More than what Nixon did this fascinating book reveals what Nixon meant

The Shadow Gospel Whitney Phillips, Mark Brockway, 2025-04-15 A novel account of the culture wars and Evangelical influence in the United States that traces the 80 year rise of a quasi religious anti liberal demonology When people talk about the chaotic increasingly precarious political landscape in the United States they often blame polarization and the culture wars In The Shadow Gospel Whitney Phillips and Mark Brockway tell a very

different story Analyzing eighty years of densely overlapping religious and secular messages preaching the dangers of liberalism the book argues that the fracture and chaos in U S politics isn't the result of a clean split between left and right Instead it's a split between the shadow gospel's quasi religious anti liberal demonology the vague sense that an evil leftist force is threatening to destroy American society and the people accused of being the liberal devil A shadow gospel framework helps contextualize the violence of January 6 2021 the fervor of Satanic conspiracy theorizing and the crusade against wokeness and LGBTQ existence But it also helps explain the most vexing elements of our politics that the most potent source of religious messaging and influence in the United States is secular that the most ruthless destroyers of Republicans are other Republicans and that anti liberal fear and loathing span the political spectrum By offering new ways of thinking about religious influence the left right dichotomy and the appeal of Donald Trump *The Shadow Gospel* reveals the true roadblocks to pluralistic democracy and emphasizes what people across the religious and political spectrum stand to lose if we don't exorcise our anti liberal demons There are no easy solutions to our vast and complicated political problems But those solutions will remain elusive if how we frame our problems is part of the problem It is long past time to drag the shadow gospel out into the light
