Women in the War Zone Anne Powell, 2001-08-26 In our collective memory the First World War is dominated by men The sailors soldiers airmen and politicians about whom histories are written were male and the first half of the twentieth century was still a time when a woman's place was thought to be in the home It was not until the Second World War that women would start to play a major role both in the armed forces and in the factories and the fields Yet there were some women who were able to contribute to the war effort between 1914 and 1918 mostly as doctors and nurses In *Women in the War Zone* Anne Powell has selected extracts from first hand accounts of the experiences of those female medical personnel who served abroad during the First

World War Covering both the Western and the Eastern Fronts from Petrograd to Basra and from Antwerp to the Dardanelles they include nursing casualties from the Battle of Ypres a young doctor put in charge of a remote hospital in Serbia and a nurse who survived a torpedo attack albeit with serious injuries Filled with stories of bravery and kindness it is a book that honours the often unsung contribution made by the female doctors and nurses who helped to alleviate some of the suffering of the First World War

Reading London in Wartime William Cederwell,2017-11-06 Reading London in Wartime Blitz the People and Propaganda in 1940s Literature presents an expansive variety of writers and genres including non fiction and film approaches to build a comprehensive social picture of the atmosphere during wartime London From blitz and austerity to the nagging insistency of propaganda this volume examines the representation of London in wartime and early post war literature through each writer s unique perspective on the pressures of 1940s city life Exploring the use of London imagery this book considers how literature redirects attention to individual subjective experience at a time of enforced co operation uniformity and community Unlike government information films and news broadcasts which often used London to prop up prevailing clich s and stereotypes and encouraged patriotic support for the war literature had the freedom to express more recalcitrant truths London writing of the 1940s was not a literature of opposition or dissent but in offering more nuanced depictions of the period it was a counterweight to propaganda and the general war temperament In writing the city becomes a more complex place no longer the easy symbol of defiance and stoicism of the shared sacrifice of ration book and war work

The Oxford Handbook of British and Irish War Poetry Tim Kendall, 2007-02-22 Thirty seven chapters written by leading literary critics from across the world describe the latest thinking about twentieth century war poetry The book maps both the uniqueness of each war and the continuities between poets of different wars while the interconnections between the literatures of war and peacetime and between combatant and civilian poets are fully considered The focus is on Britain and Ireland but links are drawn with the poetry of the United States and continental Europe The Oxford Handbook feeds a growing interest in war poetry and offers in toto a definitive survey of the terrain It is intended for a broad audience made up of specialists and also graduates and undergraduates and is an essential resource for both scholars of particular poets and for those interested in wider debates about modern poetry This scholarly and readable assessment of the field will provide an important point of reference for decades to come

Resistant Reproductions Fran Bigman, 2024-03-29 *Resistant Reproductions* asks why narratives of pregnancy and abortion emerged in the early twentieth century and what kinds of stories these narratives conveyed Is it only once pregnancy becomes plannable that it becomes a story worth telling Abortion is often considered resistant and feminist while pregnancy is considered domestic and conventional How can readings of literary narratives challenge this reductive binary *Resistant Reproductions* the first book length study of both pregnancy and abortion in British culture addresses these questions by examining pregnancy narratives including abortion narratives in British fiction and film from 1907 to 1967 Fiction became a way for writers to explore what new possibilities of reproductive control would mean for the individual yet there was also much anxiety about who would have control individuals or the state While exploring intimate personal experiences of pregnancy and abortion *Resistant Reproductions* also asks how literary narratives used reproductive plots to address political issues of gender class and eugenics

Plain,2013-09-10 A groundbreaking re reading of the literary response to a decade of trauma and transformation This study undoes the customary division of the 1940s into the Second World War and after Instead it focuses on the thematic preoccupations that emerged from writers immersion in and resistance to the conflict Through seven chapters Documenting Desiring Killing Escaping Grieving Adjusting and Atomising the book sets middlebrow and popular writers alongside residual modernists and new voices to reconstruct the literary landscape of the period Detailed case studies of fiction drama and poetry provide fresh critical perspectives on writers as diverse as Margery Allingham Alexander Baron Elizabeth Bowen Keith Douglas Henry Green Graham Greene Georgette Heyer Alun Lewis Nancy Mitford George Orwell Mervyn Peake J B Priestley Terence Rattigan Mary Renault Stevie Smith Dylan Thomas and Evelyn Waugh Key Features Detailed and theoretically informed case studies of canonical writers such as Bowen Orwell Greene and Waugh Case studies and critical re evaluations of popular genre writers and forgotten writers Women on War Daniela Gioseffi,2003 An international

anthology of women s writings from antiquity to the present **Tessiture. Letterature e culture di lingua inglese nella didattica dei cultural studies** Nicoletta Vallorani,2010-10 The Academy Journal of Defence Studies ,2010 **The Long Shadow: The Legacies of the Great War in the Twentieth Century** David Reynolds,2014-05-12 Winner of the 2014 PEN Hessell Tiltman Prize for the Best Work of History If you only read one book about the First World War in this anniversary year read The Long Shadow David Reynolds writes superbly and his analysis is compelling and original Anne Chisolm Chair of the PEN Hessell Tiltman Prize Committee and Chair of the Royal Society of Literature One of the most violent conflicts in the history of civilization World War I has been strangely forgotten in American culture It has become a ghostly war fought in a haze of memory often seen merely as a distant preamble to World War II In The Long Shadow critically acclaimed historian David Reynolds seeks to broaden our vision by assessing the impact of the Great War across the twentieth century He shows how events in that turbulent century particularly World War II the Cold War and the collapse of Communism shaped and reshaped attitudes to 1914 18 By exploring big themes such as democracy and empire nationalism and capitalism as well as art and poetry The Long Shadow is stunningly broad in its historical perspective Reynolds throws light on the vast expanse of the last century and explains why 1914 18 is a conflict that America is still struggling to comprehend Forging connections between people places and ideas The Long Shadow ventures across the traditional subcultures of historical scholarship to offer a rich and layered examination not only of politics diplomacy and security but also of economics art and literature The result is a magisterial reinterpretation of the place of the Great War in modern history *Irish Writers and the Thirties* Katrina Goldstone,2020-12-29 This original study focusing on four Irish writers

Leslie Daiken Charles Donnelly Ewart Milne and Michael Sayers retrieves a hitherto neglected episode of Thirties literary history which highlights the local and global aspects of Popular Front cultural movements From interwar London to the Spanish Civil War and the USSR the book examines the lives and work of Irish writers through their writings their witness texts and their political activism The relationships of these writers to George Orwell Samuel Beckett T S Eliot Nancy Cunard William Carlos Williams and other figures of cultural significance within the interwar period sheds new light on the internationalist aspects of a Leftist cultural history The book also explores how Irish literary women on the Left defied marginalization The impetus of the book is not merely to perform an act of literary salvage but to find new ways of re imagining what might be said to constitute Irish literature mid twentieth century and to illustrate how Irish writers played a role in a transforming political moment of the twentieth century It will be of interest to scholars and students of cultural history and literature Irish diaspora studies Jewish studies and the social and literary history of the Thirties *George Orwell* Alan Sandison,1986-02-20 First published in 1974 under the title *The Last Man in Europe* Alan Sandison s book took an unusual view of Orwell as a writer of paradox wherein the Protestant urge to question struggles with a longing to assent The argument of the book was described in the *Economist* as brilliantly sustained and magisterially cumulative Ten years after first publication this new edition of the book which significantly extends the argument is still a challenge to conventional thinking about Orwell showing him to be remarkably dependent upon the Protestant Puritan tradition which he is no longer able to accept *Rediscovering Women Writers of Wartime London* Evelina Garay Colcutt,2024-02-29 This book shows the war stricken city through the eyes of five women writers whose novels vividly portray life in the Blitz This new appraisal of their work brings to light the way in which they documented the Blitz in their fiction highlighting the social changes which were taking place especially in the lives of women and leading to a fuller understanding of those turbulent times The book re evaluates the contribution of these writers to wartime literature showing how their long neglected novels focus on the experiences of individual women protagonists perceived in close relation to the menacing forces of war This title will interest all those seeking to gain further knowledge of 20th century women s writing wartime literature and social history as recorded in fiction
