Singularity and Other Possibilities Amihud Gilead, 2021-11-08 This book elaborates the author's original metaphysics panenmentalism focusing on novel aspects of the singularity of any person Among these aspects integrated in a systematic view are love and singularity private intersubjective and public accessibility multiple personality freedom of will akrasia a way out of the empiricist rationalist conundrum the possibility of God and some major moral questions **Rethinking the Mahabharata** Alf Hiltebeitel, 2001-10-30 The ancient Indian Sanskrit tradition produced no text more intriguing or more persistently misunderstood or underappreciated than the Mahabharata Its intricacies have waylaid generations of scholars and ignited dozens of unresolved debates In *Rethinking the Mahabharata* Alf Hiltebeitel offers a unique model for understanding the great epic Employing a wide range of literary and narrative theory Hiltebeitel draws on historical and comparative research in an attempt to discern the spirit and techniques behind the epic's composition He focuses on the education of Yudhishthira also known as the Dharma King and shows how the relationship of this figure to others especially his author grandfather Vyasa and his wife Draupadi provides a thread through the bewildering array of frames and stories embedded within stories Hiltebeitel also offers a revisionist theory regarding the dating and production of the original text and its relation to the Veda No ordinary reader's guide this volume will illuminate many mysteries of this enigmatic masterpiece This work is the fourth volume in Hiltebeitel's study of the Draupadi cult Other volumes include *Mythologies From Gingee to Kuruksetra* Volume One *On Hindu Ritual and the Goddess* Volume Two and *Rethinking India's Oral and Classical Epics* Volume Three **Twilight Echoes** Emily Stuart Weed, 1890 *Shadows and Echoes* Stan Silverman, 2013-08 For too long I hovered in the past *Shadows and Echoes* became that opportunity by pushing my hippocampal button to re-live past experiences and re-capture the people who influenced me the most It was time for new insights for finding answers to the overarching question Why I am what I am Looking at one's life when in his mid fifties I believe is not unusual especially when there exists a moderate degree of dissatisfaction Though for most the past is probably only a segment of one's life an interval with fairly well defined parameters It is what was and then left there This was not the case with me until I began to write At the age of fifty five and in the grasp of the realization of more years behind than in front of me I felt a need to stop and look at not just where I was but where I had been where I came from Encapsulating aspects of my life and personal influences *Shadows and Echoes* originated as a strict narrative a composite journaling if you will for the benefit of my daughters A change in the setting fictionalized between psychiatrist and patient added interaction and subtle nuances associated with the psychotherapeutic arena That change gives the reader a focused relatable appeal Personally I found this freeing and to a great extent stabilizing The readers I believe will share similar ends whether their look back is joyful sad and or wistful or some combination With religion as the fulcrum earlier foundations and broader issues are stressed i.e. childhood and family dynamics and the post World War II confluence of identity assimilation and anti

Semitism In my late adolescence for a variety of reasons our family had to leave that safe monolithic supportive cocoon I had known and loved It was this breach that seemed to change everything my academic dismissal from college that eventually propelled me into a marriage prematurely chronic career identity diffusion a second failed marriage and a series of relationships Given his centrality in my life much content was devoted to my father He was my best friend and mentor a role model in dealing with others a non religious man who could combine the religious and secular more effectively than anyone I have yet to meet the person who men respected and women found charming and the one who taught me how to grow old gracefully In completing *Shadows and Echoes* answers begot further questions with the cycle repeating itself a number of times Some personal influences lost their veneer and became stick figures many events were seen for what they were fictionalized and ethereal The composite gave me at once a sorely lacking reconnection with my people and religion along with a firm understanding of its teachings history as well as its own struggles

A Panenmentalist Philosophy of Literature, or How Does Actual Reality Imitate Pure Possibilities? Amihud Gilead,2019-05-14 The relationship between the literary imagination literary possibilities and actual reality poses a major philosophical problem in the field of the metaphysics of literature This detailed analysis of some literary masterpieces by Proust Kafka Tolstoy Dostoyevsky Thomas Mann Virginia Woolf and William Faulkner demonstrates that actual reality actualizes or imitates literary pure possibilities As such these masterpieces should be treated not as romans a clef but instead as paradigm cases on whose basis we grasp and understand actual reality **Psytopia 3: Holy Judgement** Gabriel Da Silva, *The Manhattaner in New Orleans* Abraham Oakey Hall,1851 **Tropical Gothic in Literature and Culture**

Justin D. Edwards,Sandra G.T. Vasconcelos,2016-01-13 Tropical Gothic examines Gothic within a specific geographical area of the South of the Americas In so doing we structure the book around geographical coordinates from North to South and move between various national traditions of the gothic Mexico Argentina Brazil etc alongside regional manifestations of the Gothic the US south and the Caribbean as well as transnational movements of the Gothic within the Americas The reflections on national traditions of the Gothic in this volume add to the critical body of literature on specific languages or particular nations such as Scottish Gothic American Gothic Canadian Gothic German Gothic Kiwi Gothic etc This is significant because while the Southern Gothic in the US has been thoroughly explored there is a gap in the critical literature about the Gothic in the larger context of region of the South in the Americas This volume does not pretend to be a comprehensive examination of

tropical Gothic in the Americas rather it pinpoints a variety of locations where this form of the Gothic emerges In so doing the transnational interventions of the Gothic in this book read the flows of Gothic forms across borders and geographical regions to tease out the complexities of Gothic cultural production within cultural and linguistic translations Tropical Gothic includes but is by no means limited to a reflection on a region where European colonial powers fought intensively against indigenous populations and against each other for control of land and resources In other cases the vast populations of African slaves were transported endowing these regions with a cultural inheritance that all the nations involved are still trying to comprehend The volume reflects on how these histories influence the Gothic in this region **Eternal Nightfall** Vejai Randy Etwaroo, In the enchanting town of Ravenswood where cosmic energies intertwine with earthly existence journalist Sarah Lancaster stumbles upon a cosmic revelation that shatters the boundaries between reality and the unseen As shadows encroach upon the cosmic haven Sarah becomes the cosmic custodian of a celestial artifact that holds the key to cosmic mysteries Eternal Nightfall invites you on a cosmic odyssey where ancient prophecies and cosmic secrets unravel In a cosmic dance between the cosmic and the mundane Sarah and a fellowship of cosmic protectors must navigate the delicate balance between cosmic forces and unearth the celestial artifact s true cosmic purpose As cosmic constellations align Ravenswood stands at the cosmic crossroads of its destiny Prepare for a cosmic journey where the celestial meets the earthly where cosmic shadows whisper untold secrets and where the legacy of Eternal Nightfall unfolds in cosmic hues beyond the cosmic veil *Seeing Dark Things* Roy A. Sorensen, 2011-06-09 Roy Sorensen here defends the causal theory of perception by treating absences as causes He draws heavily on common sense and psychology to vindicate the assumption that we directly perceive absences
