**The Encyclopedia of Film Composers** Thomas S. Hischak, 2015-04-16 For more than a century original music has been composed for the cinema. From the early days when live music accompanied silent films to the present in which a composer can draw upon a full orchestra or a lone synthesizer to embody a composition, music has been an integral element of most films. By the late 1930s movie studios had established music departments and some of the greatest names in film music emerged during Hollywood's Golden Age, including Alfred Newman, Max Steiner, Dimitri Tiomkin, and Bernard Herrmann. Over the decades other creators of screen music offered additional memorable scores, and some composers such as Henry Mancini, Randy Newman, and John Williams have become household names. *The Encyclopedia of Film Composers* features entries on more than 250 movie composers from around the world. It not only provides facts about these artists but also explains what makes each composer notable and discusses his or her music in detail. Each entry includes biographical material, important dates, career highlights, analysis of the composer's musical style, and a complete list of movie credits. This book brings recognition to the many men and women who have written music for movies over the past one hundred years. In addition to composers from the United States and Great Britain, artists from dozens of other countries are also represented. A rich resource of movie music history, *The Encyclopedia of Film Composers* will be of interest to fans of cinema in general as well as those who want to learn more about the many talented individuals who have created memorable scores.

**Soundtracks** Stewart R. Craggs, 2019-05-03 First published in 1998, music scored for film has only relatively recently received the critical attention which it merits. Many composers in the twentieth century have written works for films or documentaries, a number feeling that this aspect of their output has been undervalued. This dictionary complements other studies which have appeared in recent years which look at the technical and theoretical issues concerned with film music composition. Arranged alphabetically by composer, the volume comprises over 500 entries covering all nationalities. Each entry includes very brief biographical information on the composer, followed by a list of the films for which he or she has composed. Details of recordings are also given. The dictionary's international coverage ensures that it will become a standard reference work for all those interested in the history of twentieth-century music and the development of film.

**Catalog of Captioned Films for the Deaf**, 1985 **Disney, Pixar, and the Hidden Messages of Children's Films** M. Keith Booker, 2009-11-25 This work is a wide-ranging survey of American children's film that provides detailed analysis of the political implications of these films as well as a discussion of how movies intended for children have come to be so persistently charged with meaning. *Disney, Pixar, and the Hidden Messages of Children's Films* provides wide-ranging scrutiny of one of the most lucrative American entertainment genres. Beyond entertaining children and parents and ringing up merchandise sales, are these films attempting to shape the political

views of young viewers M Keith Booker examines this question with a close reading of dozens of films from Disney Pixar Dreamworks and other studios debunking some out there claims The Ant Bully communist propaganda while seriously considering the political content of each film Disney Pixar and the Hidden Messages of Children s Films recaps the entire history of movies for young viewers from Snow White and the Seven Dwarfs to this year s Up then focuses on the extraordinary output of children s films in the last two decades What Booker finds is that by and large their lessons are decidedly comfortably mainstream and any political subtext more often than not is inadvertent Booker also offers some advice to parents for helping children read films in a more sophisticated way      **Empires of the Imagination** Alec
