Shagi Novoi Geopolitiki:

The Return of Geopolitics in Europe? Stefano Guzzini, 2012-10-25 A comparative study of the relationship between the end of the Cold War and the resurgence of geopolitics in Europe The Changing Geopolitics of Eastern Europe Dr A H Dawson, Rick Fawn, 2013-11-05 This work covers the uncertain geopolitical situation of some countries of Central and Eastern Europe including some of those which are hoping to enter the European Union in the near future some for which entry is far off and some which may never seek or be eligible for membership *New Directions in Russian International Studies* Andrei Tsygankov, 2005-03-23 Western social scientists can improve their understanding of post Soviet Russia by studying the new discipline of Russian International Relations IR This collection introduces recent developments in Russian international studies It identifies key trends in Russian IR knowledge that are reflective of the transitional nature of Russia s post Soviet change The volume also demonstrates that Russia remains open to different theoretical and ideological traditions It invites scholars to move away from excessively West centered IR scholarship by exploring indigenous Russian perceptions and inviting dialogue across the globe Andrei Tsygankov and Pavel Tsygankov on Russia s identity and IR theory Alexander Sergunin on post communist international discussions Tatyana Shakleyina and Alexei Bogaturov on the Russian Realist school of international relations Pavel Tsygankov and Andrei Tsygankov on the discourse of Russian Liberal IR theorists Mikhail Ilyin on the Russian study of globalization and equity Eduard Solovyev on Russian geopolitics Nail Mukharyamov on studies of ethnicity in post Soviet Russia Stanislav Tkachenko on Russian international political economy Marina Lebedeva on Russian studies of international negotiations **The Ukrainians** Andrew Wilson, 2022-11-08 As in many postcommunist states politics in Ukraine revolves around the issue of national identity Ukrainian nationalists see themselves as one of the world s oldest and most civilized peoples as older brothers to the younger Russian culture Yet Ukraine became independent only in 1991 and Ukrainians often feel like a minority in their own country where Russian is still the main language heard on the streets of the capital Kiev This book is a comprehensive guide to modern Ukraine and to the versions of its past propagated by both Russians and Ukrainians Andrew Wilson provides the most acute informed and up to date account available of the Ukrainians and their country Concentrating on the complex relation between Ukraine and Russia the book begins with the myth of common origin in the early medieval era then looks closely at the Ukrainian experience under the tsars and Soviets the experience of minorities in the country and the path to independence in 1991 Wilson also considers the history of Ukraine since 1991 and the continuing disputes over identity culture and religion He examines the economic collapse under the first president Leonid Kravchuk and the attempts at recovery under his successor Leonid Kuchma Wilson explores the conflicts in Ukrainian society between the country s Eurasian roots and its Western aspirations as well as the significance of the presidential election of November 1999 **Eurasia 2.0** Mark Bassin, Mikhail Suslov, 2016-03-17 This book discusses the return of geopolitical ideas and doctrines to the post Soviet space with special focus on the new

phenomenon of digital geopolitics which is an overarching term for different political practices including dissemination of geopolitical ideas online using the internet by political figures and diplomats for legitimation and outreach activity and viral spread of geopolitical memes Different chapters explore the new possibilities and threats associated with this digitalization of geopolitical knowledge and practice Our authors consider new spatial sensibilities and new identities of global as well as local Selves the emergence of which is facilitated by the internet They explore recent reconfigurations of the traditional imperial conundrum of center versus periphery Developing Manuel Castells argument that social activism in the digital era is organized around cultural values the essays discuss new geopolitical ideologies which aim to reinforce Russia s spiritual sovereignty as a unique civilization while at the same time seeking to rebrand Russia as a greater soft power by utilizing the Russian speaking diaspora or employing traditionalist rhetoric Great Power imagery enemy making and visual mappings of Russia s future territorial expansion are traditional means for the manipulation of imperial pleasures and geopolitical fears In the age of new media however this is being done with greater subtlety by mobilizing the grassroots contracting private information channels and de politicizing geopolitics Given the political events of recent years it is logical that the Ukrainian crisis should provide the thematic backdrop for most of the authors

O retorno da geopolítica na Europa Stefano Guzzini,2021-04-27 O fim da Guerra Fria demonstrou a possibilidade histórica de mudança pacífica e aparentemente mostrou a superioridade das abordagens não realistas nas Relações Internacionais No entanto no período subsequente muitos países europeus experimentaram o ressurgimento de uma realidade distintamente realista a geopolítica Em

geopolítica enfatiza-se de um lado a relação entre política e poder e de outro entre território, localização e ambiente. Este estudo comparativo mostra como o renascimento da geopolítica veio à tona apesar do fim da Guerra Fria, mas por causa dele. Desorientados pelos eventos de 1989 em sua autocompreensão e na concepção de seus papéis no cenário mundial, muitos atores da política externa europeia usaram o determinismo do pensamento geopolítico para encontrar rapidamente seu lugar na política mundial. O autor desenvolve uma metodologia construtivista que permite estudar mecanismos causais e sua abordagem comparativa permite uma ampla avaliação de algumas das dinâmicas fundamentais da segurança europeia.

Strategic and Economic Dynamics of Northeast Asia Rouben Azizian, 1999 Indian Journal of Strategic Studies, 2003 Baltic Democracy at the Crossroads Sten Berglund, 2003. Little more than a decade after the fall of communism the Baltic States and Poland alongside several other Central European states have been invited to join the European Union from 2004. The speed of change has been breathtaking, surprising even the most optimistic voices. This volume gives a comprehensive overview of the state of democracy around the eastern Baltic seaboard, highlighting in particular the importance of elites in newly emerging democracies. This is the first volume to provide in-depth analysis of the rapidly changing political circumstances of the Baltic countries, Poland and Kaliningrad to a wide audience covering the transformation from the Soviet style nomenklatura to competitive elites, changing political behavior and the links between citizens and elites. In addition, the book covers the interconnections between networks of elites including local elites. One chapter also analyzes the delicate issue of the detached Russian region of Kaliningrad.

Unity Or Separation Daniel R. Kempton, Terry Dee Clark, Terry D. Clark, 2002. Annotation: Analyzes the political and economic relationships between national, regional and local governments in the fifteen successor states to the old USSR.

Asia-Pacific M. L. Sondhi, Krishan Gopal Tyagi, 2001. This is a unique book on national security, peace, globalisation and regional development in Asia-Pacific. It is one of the most stimulating contributions to our understanding of various challenges in the age of globalisation which would sharpen our understanding of Western and regional preferences on these issues. Well-known learned personalities from different countries like USA, UK, Japan, Russia, India, Korea, Taiwan, Singapore etc. have contributed in this book. The book will be very useful for all those who are concerned with the area in one way or the other.
