**Shakespeare: Henry V** Michael Quinn, 1970 Henry V Harold Bloom, Sterling Professor of Humanities Harold Bloom, Albert Rolls, 2010 Presents a collection of essays discussing aspects of William Shakespeare's historical drama plus a summary of the play key passages characters and biographical information Shakespeare - Henry V Matthew Woodcock, 2008-06-25 Matthew Woodcock provides a survey of the critical responses to this popular play as well as the key debates and developments from the seventeenth century to the present day Leading the reader through material chronologically the Guide summarises and assesses key interpretations setting them in their intellectual and historical King Henry V William Shakespeare, 2014-09-25 Distinguished editor T W Craik makes an independent and context balanced examination of the many textual problems of Henry V providing many new emendations Craik's commentary is particularly ample and detailed with careful attention to the play's language textual problems the interpretation of stage directions and Shakespeare's handling of source materials he builds up a distinct though traditionalist reading which critically sympathetic and undogmatic finds the play at once simple and subtle John Jowett Shakespeare Institute Stratford upon Avon Shakespeare Survey 1997 With the exceptionally thorough Arden notes and the extensive editorial coverage including recent stage history this Henry V is the one to have Times Higher Education Supplement Craik's commentary is exemplary in its thorough treatment of critical concerns glossaries and explanations theatrical matters and source material Barry Gaines University of New Mexico Shakespeare Quarterly Shakespeare, Aphra Behn and the Canon Lizbeth Goodman, W.R. Owens, 2013-08-21 A clear introduction to the idea of the canon exploring the process by which certain works and not others receive high cultural status The work of Shakespeare and Aphra Behn is used to illustrate and challenge this 1590s Drama and Militarism Nina Taunton, 2017-03-02 1590s Drama and Militarism is a fascinating process interdisciplinary study of various textual interventions into the military realities of the late Elizabethan period Its major strength is its insistence on the discursive nature of militarism and the author convincingly uses literary and non literary texts including manuals and contemporary military correspondence to reconstruct the particular anxieties which surrounded the military exigencies of the 1590s a particularly fraught and unstable period of the aging queen s reign The literature of the art of war has been little studied by literary scholars despite their richly rhetorical nature Dr Taunton's analysis thus brings to light a neglected but culturally significant form of Renaissance textuality In doing so she is able to shed new light on the Renaissance drama which she shows to have responded sensitively and sometimes critically to these textual constructions of actual warfare and problematised the anxious idealisations of the military manuals. The particular readings of plays here are richly rewarding for the scholar of Renaissance drama the significance of Henry's nocturnal surveillance of his own camp on the eve of the battle of Agincourt for example benefits immeasurably from being contextualised in the light of contemporary theories of encampment The role of the women in Tamburlaine's camp in Marlowe's plays is also given particular

significance when viewed in the light of the contemporary proscriptions regarding the presence of women in camps during the military campaigns in the Low Countries In this study Dr Taunton makes appropriate and critically inflected use of Foucault's theories of surveillance Lefebvre's theories about the ideological production of social space and Michel de Certeau s theories of social practice are put to good use in her analysis of military strategy. These theoretical perspectives are usefully combined with highly specific and well documented historical analyses **Shakespeare on screen : The Henriad Nathalie** Vienne-Guerrin (éd.), Sarah Hatchuel (éd.), Filming plays from a tetralogy of history plays implies specific problems and strategies. The papers in this volume show that the plays are parts of a series and can hardly be staged or filmed without referring to one another What does the big screen bring to the representation of history battles and national issues When do ideological interpretations stop being triggered by the text itself By deciphering the different ways in which meaning is created and ideology is conveyed whether it be through specific aesthetics performances intertextuality or cultural codes the papers in this volume all take part in the on going exploration of what Shakespeare's contrasting afterlives keep saying not only about the dramatic texts but also about ourselves The Whirligig of Time Zdeněk Stříbrný, 2007 Zdenek Stribrny an internationally respected Shakespeare scholar was Professor of English and American Studies at Charles University Prague until the Russian occupation of 1968 He was reinstated after the Velvet Revolution of 1989 This volume prefaced by a new autobiographical introduction collects papers on Shakespeare most of which were written originally in English from various periods of his eventful career Their two main themes are the role of Time and the Czech critical and theatrical response to Shakespeare with special emphasis on the various ways in which during an era of censorship productions offered coded political readings of the plays Zdenek Stribrny is Professor Emeritus of English and American Studies at Charles University Prague Lois Potter is Ned B Allen Professor of English at the University of Delaware Changing Styles in Shakespeare Ralph Berry, 2013-10-16 First published in 1981 Each of Shakespeare's plays is in a continuous state of development in performance This book examines major changes whilst focusing on six plays in detail Coriolanus Measure for Measure Troilus and Cressida Henry V Hamlet and Twelfth Night Changing Styles in Shakespeare looks at representative and key productions to trace the evolution of each play on today's stage illustrating how production changes relate to a changed perception of the play and thus to shifts in social attitudes It singles out the salient features of many productions paying special attention to reviews and prompt books Screening Shakespeare from Richard II to Henry V Ace G. Pilkington, 1991 This book applies the videocassette to the study of Shakespeare on television and film The result is that the films become texts and Shakespeare in performance can be examined with the scholarly care that has been reserved for printed books

achievements Books in Motion Mireia Aragay,2005 Books in Motion addresses the hybrid interstitial field of film adaptation The introductory essay integrates a retrospective survey of the development of adaptation studies with a forceful argument about their centrality to any history of culture any discussion that is of the transformation and transmission of texts and meanings in and across cultures The thirteen especially composed essays that follow organised into four sections headed Paradoxes of Fidelity Authors Auteurs Adaptation Contexts Intertexts Adaptation and Beyond Adaptation variously illustrate that claim by problematising the notion of fidelity highlighting the role played by adaptation in relation to changing concepts of authorship and auteurism exploring the extent to which the intelligibility of film adaptations is dependent on contextual and intertextual factors and making a claim for the need to transcend any narrowly defined concept of adaptation in the study of adaptation Discussion ranges from adaptations of established classics like A Tale of Two Cities Frankenstein Henry V Le temps retrouv Mansfield Park Pride and Prejudice The Dead or Wuthering Heights to contemporary popular texts films like Bridget Jones s Diary Fools The Governess High Fidelity The Hours The Orchid Thief Adaptation the work of Doris D rrie the first Harry Potter novel film or the adaptations made by Alfred Hitchcock Stanley Kubrick and Walt Disney This book will appeal to both a specialised readership and to those accessing the dynamic field of adaptation studies for the first time
