Shakespeare On Foreigners

Hailey Bachrach

Shakespeare On Foreigners:

Shakespeare on Foreigners Katherine O'Mahoney, Elizabeth O'Mahoney, 2002 Find out what Shakespeare had to say about Johnny Foreigner the opposite of sex or the dreaded professional classes Thumb through these pocket sized books and smile at the disdainful words of the playwright as he eloquently sums up the thoughts and attitudes of Everyman as true now as they were in the 16th century Shakespeare's Foreign Worlds Carole Levin, John Watkins, 2012-06-15 In Shakespeare's Foreign Worlds Carole Levin and John Watkins focus on the relationship between the London based professional theater preeminently associated with William Shakespeare and an unprecedented European experience of geographic social and intellectual mobility Shakespeare's plays bear the marks of exile and exploration rural depopulation urban expansion and shifting mercantile and diplomatic configurations He fills his plays with characters testing the limits of personal identity foreigners usurpers outcasts outlaws scolds shrews witches mercenaries and cross dressers Through parallel discussions of Henry VI The Taming of the Shrew and The Merchant of Venice Levin and Watkins argue that Shakespeare's centrality to English national consciousness is inseparable from his creation of the foreign as a category asserting dangerous affinities between England's internal minorities and its competitors within an increasingly fraught European mercantile system As a women's historian Levin is particularly interested in Shakespeare's responses to marginalized sectors of English society As a scholar of English Italian Studies and Medieval Studies Watkins situates Shakespeare in the context of broadly European historical movements Together Levin and Watkins narrate the emergence of the foreign as portable category that might be applied both to strangers from other countries and to native born English men and women such as religious dissidents who resisted conformity to an increasingly narrow sense of English identity Shakespeare's Foreign Worlds will appeal to historians literary scholars theater specialists and anyone interested in Shakespeare and the Elizabethan Age

Shakespeare and Immigration Dr Ruben Espinosa, 2014-01-06 Shakespeare and Immigration presents a variety of perspectives on the immigrant experience in Shakespearean drama and the way that attention to the influential nature of the foreigner affects perceptions of community and identity Offering the first sustained study of the significance of the immigrant and alien experience to our understanding of Shakespeare's work this volume constitutes a timely necessary addition to studies of race ethics and national identity in Shakespeare **Foreign Shakespeare** Dennis Kennedy, 2004-11-11 This collection considers contemporary performance of Shakespeare's plays in non English speaking theatres *Shakespeare and foreigners* Donald Davis Ramsdell, 1923 The Attitude of Shakespeare Toward Foreigners Marvin Waldo Cragun, 1928

Shakespeare's Foreign Queens Sandra Logan, 2018-05-11 This book examines Shakespeare's depiction of foreign queens as he uses them to reveal and embody tensions within early modern English politics Linking early modern and contemporary political theory and concerns through the concepts of fragmented identity hospitality citizenship and banishment Sandra Logan takes up a set of questions not widely addressed by scholars of early modern queenship How does

Shakespeare's representation of these queens challenge the opposition between friend and enemy that ostensibly defines the context of the political. And how do these queens expose the abusive potential of the sovereign? Focusing on Katherine of Aragon in Henry VIII, Hermione in The Winter's Tale, Tamora in Titus Andronicus, and Margaret in the first history tetralogy, Logan considers them as means for exploring conditions of vulnerability, alienation, and exclusion common to subjects of every social position, exposing the sovereign himself as the true enemy of the state.

Shakespeare's Englishes Margaret Tudeau-Clayton, 2020. Claims that Shakespeare resists an emergent exclusionary post-reformation ideology of true Englishness in his early plays.

Hamlet of Shakespeare's Audience John Draper, John William Draper, 1966. First Published in 1967. Routledge is an imprint of Taylor & Francis, an informal company.

Shakespeare and the Language of Translation Ton Hoenselaars, 2014-05-13. Shakespeare's international status as a literary icon is largely based on his masterful use of the English language; yet beyond Britain his plays and poems are read and performed mainly in translation. Shakespeare and the Language of Translation addresses this apparent contradiction and is the first major survey of its kind. Covering the many ways in which the translation of Shakespeare's works is practised and studied from Bulgaria to Japan, South Africa to Germany, it also discusses the translation of Macbeth into Scots and of Romeo and Juliet into British Sign Language. The collection places renderings of Shakespeare's works aimed at the page and the stage in their multiple cultural contexts, including gender, race, and nation, as well as personal and postcolonial politics. Shakespeare's impact on nations and cultures all around the world is increasingly a focus for study and debate. As a result, the international performance of Shakespeare and Shakespeare in translation have become areas of growing popularity for both undergraduate and postgraduate study, for which this book provides a valuable companion.

Shakespeare's Strangers and English Law Paul Raffield, 2023-01-26. Through analysis of 5 plays by Shakespeare, Paul Raffield examines what it meant to be a stranger to English law in the late Elizabethan and early Jacobean period. The numbers of strangers increased dramatically in the late sixteenth century as refugees fled religious persecution in continental Europe and sought sanctuary in Protestant England. In the context of this book, strangers are not only persons ethnically or racially different from their English counterparts, be they immigrants, refugees, or visitors. The term also includes those who transgress or are simply excluded by their status from established legal norms by virtue of their faith, sexuality, or mode of employment. Each chapter investigates a particular category of stranger. Topics include the treatment of actors in late Elizabethan England and the punishment of counterfeits; Measure for Measure, the standing of refugees under English law, and the reception of these people by the indigenous population. The Comedy of Errors, the establishment of Troynovant as an international trading centre on the banks of the Thames, Troilus and Cressida, the role of law and the state in determining the rights of citizens and aliens, The Merchant of Venice, and the disenfranchised, estranged position of the citizen in a dysfunctional society and an acephalous realm, King Lear. This is the third sole-authored book by Paul Raffield on the subject of Shakespeare and the Law. The others are Shakespeare's Imaginary Constitution, Late

Elizabethan Politics and the Theatre of Law 2010 and The Art of Law in Shakespeare 2017 both published by Hart Bloomsbury **Images of Shakespeare** International Shakespeare Association. Congress, 1988 A wide range of approaches is presented in this collection among them artists images of Shakespeare Victorian Hamlets changing images of the protagonists in Romeo and Juliet degrees of metaphor in King Lear and Shakespeare's plays in performance

Questioning Bodies in Shakespeare's Rome Maria Del Sapio Garbero, 2010 Ancient Rome has always been considered a compendium of City and World In the Renaissance an era of epistemic fractures when the clash between the new science Copernicus Galileo Vesalius Bacon etcetera and the authority of ancient texts produced the very notion of modernity the extended and expanding geography of ancient Rome becomes for Shakespeare and the Elizabethans a privileged arena in which to question the nature of bodies and the place they hold in a changing order of the universe Drawing on the rich scenario provided by Shakespeare's Rome and adopting an interdisciplinary perspective the authors of this volume address the way in which the different bodies of the earthly and heavenly spheres are re mapped in Shakespeare's time and in early modern European culture More precisely they investigate the way bodies are fashioned to suit or deconstruct a culturally articulated system of analogies between earth and heaven microcosm and macrocosm As a whole this collection brings to the fore a wide range of issues connected to the Renaissance re mapping of the world and the human It should interest not only Shakespeare scholars but all those working on the interaction between sciences and humanities **Shakespeare's London** Stephen Porter, 2009-11-15 Everyday life in the teeming metropolis during William Shakespeare's time in the city **The Foreigners in the Athenian Ephebia** Oscar William Reinmuth, 1929 *Staging Female Characters in Shakespeare's English History Plays* Hailey Bachrach, 2023-11-16 A bold and interdisciplinary account of female characters roles in Shakespeare's history plays combining literary analysis and dramaturgy *Murder in Shakespeare's England* Vanessa McMahon, 2006-10-25 A social history of how murder was committed investigated and punished in Stuart England examines a range of specific cases while discussing the seventeenth century public's fascination with violence as reflected in its overflowing courtrooms and numerous crime inspired works of art Shakespeare's Cross-Cultural Encounters Geraldo U. De Sousa, 2016-01-13 In this highly entertaining study De Sousa argues that Shakespeare reinterprets refashions and reinscribes his alien characters Jews Moors Amazons and gypsies In this way the dramatist questions the narrowness of a European perspective which caricatures other societies and views them with suspicion De Sousa examines how Shakespeare defines other cultures in terms of the interplay of gender text and habitat Written in a provocative style this readable book provides a wealth of fascinating information both on contemporary stage productions and on race and gender relations in early modern Europe *Costuming the Shakespearean Stage* Robert I. Lublin, 2016-05-13 Although scholars have long considered the material conditions surrounding the production of early modern drama until now no book length examination has sought to explain what was worn on the period's stages and more importantly how articles of apparel were understood

when seen by contemporary audiences Robert Lublin's new study considers royal proclamations religious writings paintings woodcuts plays historical accounts sermons and legal documents to investigate what Shakespearean actors actually wore in production and what cultural information those costumes conveyed Four of the chapters of *Costuming the Shakespearean Stage* address categories of seeing visually based semiotic systems according to which costumes constructed and conveyed information on the early modern stage The four categories include gender social station nationality and religion The fifth chapter examines one play Thomas Middleton's *A Game at Chess* to show how costumes signified across the categories of seeing to establish a play's distinctive semiotics and visual aesthetic *Shakespeare's London* Thomas Fairman Ordish, 1904

Unveiling the Magic of Words: A Review of "**Shakespeare On Foreigners**"
