Shakespeare And Classical Comedy The Influence Of Plautus And Terence

Heather Hirschfeld

Shakespeare And Classical Comedy The Influence Of Plautus And Terence:

Shakespeare and Classical Comedy Robert S. Miola, 1997 *Shakespeare and Classical Comedy* Robert S. Miola, 1994 A survey of Shakespeare's comedies charting the influence upon them of the ancient playwrights Plautus and Terence The book analyzes these sources and places the comedies in their Renaissance context as well as in the larger context of European theatre *Shakespeare and the Classics* Charles Martindale, A. B. Taylor, 2006-07-28 This book demonstrates that the classics are of central importance in Shakespeare's plays and in the structure of his imagination **The Oxford Handbook of Shakespearean Comedy** Heather Hirschfeld, 2018-09-06 The Oxford Handbook of Shakespearean Comedy offers critical and contemporary resources for studying Shakespeare's comic enterprises It engages with perennial yet still urgent questions raised by the comedies and looks at them from a range of new perspectives that represent the most recent methodological approaches to Shakespeare genre and early modern drama Several chapters take up firmly established topics of inquiry such as Shakespeare's source materials gender and sexuality hetero and homoerotic desire race and religion and they reformulate these topics in the materialist formalist phenomenological or revisionist terms of current scholarship and critical debate Others explore subjects that have only relatively recently become pressing concerns for sustained scholarly interrogation such as ecology cross species interaction and humoral theory Some contributions informed by increasingly sophisticated approaches to the material conditions and embodied experience of theatrical practice speak to a resurgence of interest in performance from Shakespeare's period through the first decades of the twenty first century Others still investigate distinct sets of plays from unexpected and often polemical angles noting connections between the comedies under inventive unpredicted banners such as the theology of adultery early modern pedagogy global exploration or monarchical rule All the chapters offer contemporary perspectives on the plays even as they gesture to critical traditions and they illuminate as well as challenge some of our most cherished expectations about the ways in which Shakespearean comedy affects its audiences The Handbook situates these approaches against the long history of criticism and provides a valuable overview of the most up to date work in the field *Italian Culture in the Drama of Shakespeare & His Contemporaries* Michele Marrapodi, 2007 Applying recent developments in new historicism and cultural materialism along with the new perspectives opened up by the current debate on intertextuality and the construction of the theatrical text the essays collected here reconsider the pervasive infl *Greek Tragic Women on Shakespearean Stages* Tanya Pollard, 2017 *Greek Tragic Women on Shakespearean Stages* argues that ancient Greek plays reshaped early modern theatre Through original research the book shows both that these plays were more accessible than previously believed and that early modern audiences responded to specific themes **The Oxford History of Classical Reception in English Literature** Patrick Cheney, Philip Hardie, 2015-10-29 The Oxford History of Classical Reception OHCREL is designed to offer a comprehensive investigation of the numerous and diverse ways in which literary texts of the classical world have stimulated responses and

refashioning by English writers Covering the full range of English literature from the early Middle Ages to the present day OHCREL both synthesizes existing scholarship and presents cutting edge new research employing an international team of expert contributors for each of the five volumes OHCREL endeavours to interrogate rather than inertly reiterate conventional assumptions about literary periods the processes of canon formation and the relations between literary and non literary discourse It conceives of reception as a complex process of dialogic exchange and rather than offering large cultural generalizations it engages in close critical analysis of literary texts It explores in detail the ways in which English writers engagement with classical literature casts as much light on the classical originals as it does on the English writers own cultural context This second volume covers the years 1558 1660 and explores the reception of the ancient genres and authors in English Renaissance literature engaging with the major and many of the minor writers of the period including Shakespeare Marlowe Spenser and Jonson Separate chapters examine the Renaissance institutions and contexts which shape the reception of antiquity and an annotated bibliography provides substantial material for further reading

Henry V William Shakespeare, 1998-08-01 Featuring the rise of King Henry V this history play chronicles England's underdog victory over the French at the Battle of Agincourt during the Hundred Years War This revised Signet Classics edition includes unique features such as An overview of Shakespeare's life world and theater A special introduction to the play by the editor John Russell Brown Selections from Raphael Holinshed's Chronicles of England Scotland and Ireland the source from which Shakespeare derived Henry V Dramatic criticism from William Hazlitt W B Yeats E M W Tillyard and others A comprehensive stage and screen history of notable actors directors and productions Text notes and commentaries printed in the clearest most readable text And more

Much Ado About Nothing William Shakespeare, 1998-07-01 The Signet Classics edition of William Shakespeare's grand romantic comedy *Much Ado About Nothing* casts the lovers Benedick and Beatrice in a witty war of words while the young Claudio is tricked into believing his love Hero has been unfaithful in this play that combines robust humor with explorations on honor and shame This revised Signet Classics edition includes unique features such as An overview of Shakespeare's life world and theater A special introduction to the play by the editor David L Stevenson A note on the sources from which Shakespeare derived *Much Ado About Nothing* Dramatic criticism from Charles Gildon Lewis Carroll George Bernard Shaw and others A comprehensive stage and screen history of notable actors directors and productions Text notes and commentaries printed in the clearest most readable text And more

Imitation and Contamination of the Classics in the Comedies of Ben Jonson Tom Harrison, 2022-10-12 This book focuses on the influence of classical authors on Ben Jonson's dramaturgy with particular emphasis on the Greek and Roman playwrights and satirists It illuminates the interdependence of the aspects of Jonson's creative personality by considering how classical performance elements including the Aristophanic Great Idea chorus Terentian Plautine performative strategies and performative elements from literary satire manifest themselves in the structuring and staging of his plays This fascinating exploration contributes to the performative

turn in early modern studies by reframing Jonson's classicism as essential to his dramaturgy as well as his erudition. The book is also a case study for how the early modern education system's emphasis on imitative, contaminative practices prepared its students, many of whom became professional playwrights for writing for a theatre that had a similar emphasis on recycling and recombining performative tropes and structures. *Antony and Cleopatra* J. Turner, 2017-09-16 This Guide provides a critical survey of the responses to this popular play. Chronologically arranged, the book draws on a rich range of critical writings including Dr Johnson, Coleridge, Bradley, and Leavis. This material is linked to more general issues regarding Shakespearean criticism and scholarship and the development of literary theory. *Shakespeare's Comedies* Emma Smith, 2008-04-15 This Guide introduces students to critical writing on Shakespeare's comedies over the last four centuries. Guides students through four centuries of critical writing on Shakespeare's history plays. Covers both significant early views and recent critical interventions. Substantial editorial material links the articles and places them in context. Annotated suggestions for further reading allow students to investigate further. **Shakespeare's Dramatic Persons** Travis Curtright, 2016-12-05 In *Shakespeare's Dramatic Persons* Travis Curtright examines the influence of the classical rhetorical tradition on early modern theories of acting in a careful study of and selection from Shakespeare's most famous characters and successful plays. Curtright demonstrates that personation, the early modern term for playing a role, is a rhetorical acting style that could provide audiences with lifelike characters and action, including the theatrical illusion that dramatic persons possess interiority or inwardness. *Shakespeare's Dramatic Persons* focuses on major characters such as Richard III, Katherine, Benedick, and Iago and ranges from Shakespeare's early to late work, exploring particular rhetorical forms and how they function in five different plays. At the end of this study, Curtright envisions how Richard Burbage, Shakespeare's best actor, might have employed the theatrical convention of directly addressing audience members. Though personation clearly differs from the realism aspired to in modern approaches to the stage, Curtright reveals how Shakespeare's sophisticated use and development of persuasion's arts would have provided early modern actors with their own means and sense of performing lifelike dramatic persons. **Shakespeare After All** Marjorie Garber, 2008-11-19 A brilliant and companionable tour through all thirty-eight plays, *Shakespeare After All* is the perfect introduction to the bard by one of the country's foremost authorities on his life and work. Drawing on her hugely popular lecture courses at Yale and Harvard over the past thirty years, Marjorie Garber offers passionate and revealing readings of the plays in chronological sequence, from *The Two Gentlemen of Verona* to *The Two Noble Kinsmen*. Supremely readable and engaging and complete with a comprehensive introduction to Shakespeare's life and times and an extensive bibliography, this magisterial work is an ever-replenishing fount of insight on the most celebrated writer of all time. Shakespeare's Tragic Art Rhodri Lewis, 2024-10-08 In this book, Rhodri Lewis argues that Shakespeare's tragedies are a series of experiments that attempt to tell the truth about the world as Shakespeare sees it and to discover how far he can stretch tragic affirmation to accommodate the darker aspects of this vision. Lewis

argues that Shakespeare worked hard to develop an understanding of what tragedy might be good for that this understanding emerged from his engagement with the traditions of tragic writing and theorizing that had gone before him that he used this understanding to shape his tragic plays as carefully patterned aesthetic wholes and that Shakespeare's understanding of the tragic has as little to do with Hegel as it does with the unities of tragic time place and action that many of Shakespeare's peers and successors busied themselves abstracting from Aristotle's Poetics Lewis begins the book by tracing the ideas and practices of tragedy as they were known to Shakespeare and his contemporaries in the sixteenth century He then takes a chronological approach to Shakespeare's plays ultimately seeking to affirm the status of dramatic art in Shakespeare's time as a medium for telling the truth about the human experience in a world that is not fully susceptible to rational analysis

The Magnetic Lady Ben Jonson, 2000-11-18 This is the first fully annotated edition of Ben Jonson's *The Magnetic Lady* written in 1632 The introduction places the play in the context of Jonson's later dramatic and poetic works and discusses the political context of the Caroline court A performance history of the play and fresh material relating to its 17th century reception are also provided This new edition by Peter Happ reappraises Jonson's much neglected play and argues for its recognition as a work of real distinction

Encyclopedia of Humor Studies Salvatore Attardo, 2014-02-25 The *Encyclopedia of Humor: A Social History* explores the concept of humor in history and modern society in the United States and internationally This work's scope encompasses the humor of children adults and even nonhuman primates throughout the ages from crude jokes and simple slapstick to sophisticated word play and ironic parody and satire As an academic social history it includes the perspectives of a wide range of disciplines including sociology child development social psychology life style history communication and entertainment media Readers will develop an understanding of the importance of humor as it has developed globally throughout history and appreciate its effects on child and adult development especially in the areas of health creativity social development and imagination This two volume set is available in both print and electronic formats Features Benefits The General Editor also serves as Editor in Chief of HUMOR International Journal of Humor Research for The International Society for Humor Studies The book's 335 articles are organized in A to Z fashion in two volumes approximately 1 000 pages This work is enhanced by an introduction by the General Editor a Foreword a list of the articles and contributors and a Reader's Guide that groups related entries thematically A Chronology of Humor a Resource Guide and a detailed Index are included Each entry concludes with References Further Readings and cross references to related entries The Index Reader's Guide themes and cross references between and among related entries combine to provide robust search and browse features in the electronic version This two volume A to Z set provides a general non technical resource for students and researchers in such diverse fields as communication and media studies sociology and anthropology social and cognitive psychology history literature and linguistics and popular culture and folklore

Courts, Patrons and Poets David Mateer, 2000-01-01 This sequence of three course texts and two anthologies published in association with the Open

University explores the Renaissance from the interdisciplinary perspective of history literature drama religion the history of art philosophy music and political thought *William Shakespeare* Douglas J. King, 2020-10-08 Based on solid research and clear explanations this book provides a thorough and up to date analysis of 10 key facts and fictions regarding the life and works of William Shakespeare Shakespeare is perhaps the most famous author in world literature His works have attracted tremendous critical and historical attention and the world in which he lived has been the subject of hundreds if not thousands of books But for all the attention given to Shakespeare and his world arguments continue about what we can say for sure concerning his life and works This book brings a unique perspective to the ongoing fascination and debate over the life and works of the most renowned writer of all time The book focuses on 10 separate key issues including Shakespeare s sexuality his religion his marriage and family his education and the vexing authorship question Each chapter treats a particular topic and provides a section on what people think happened how the story developed and what we now believe is the historical truth This book looks objectively and closely at evidence to provide the most likely explanations for questions that cannot be definitively answered Using historical primary source documents it gives readers the clearest possible view of endlessly fascinating topics *The Cambridge Companion to Shakespearean Tragedy* Claire McEachern, 2013-08-08 This updated Companion has been fully revised and includes an extensively overhauled bibliography and four new chapters by leading scholars
