

Shakespeare The Philosophical Poet

Richard Simpson

Shakespeare The Philosophical Poet:

Shakespeare Farhang Zabeeh, 1999 There are many significant philosophical issues in Shakespeare's creation unrecognized by literary critics especially those who are unfamiliar with both old and new philosophical ideas and trends such as the linguistic turn in contemporary philosophy This book also uncovers certain underlying trends naturalistic and humanistic anti scholastic anti war anti racist and a Stoical stance *An Introduction to the Philosophy of Shakespeare's Sonnets* Richard Simpson, 1868 **Three Philosophical Poets: Lucretius, Dante, and Goethe, critical edition, Volume 8** George Santayana, 2019-08-13 Santayana's argument for the unity of philosophy and poetry This concise and compelling volume described by Santayana as a piece of literary criticism together with a first broad lesson in the history of philosophy introduces Santayana's thought in the rich context of a European poetic tradition that demonstrates his broad conception of philosophy Rejecting both the Platonic opposition of philosophy and poetry and more recent attempts to reduce philosophy to science Santayana argues that philosophy and poetry at their best are united in articulating a comprehensive vision of the world that permits honest contemplation of the universe He considers the ideal visions of three artists Lucretius's naturalism provides a total perspective on the physical world but renders experience monotonous Dante's supernaturalism provides a total perspective on experience but subordinates nature to morality Goethe's romanticism provides a dramatic perspective on nature and experience but lacks totality Santayana sees each as the best in his own way though none is best in all ways and he speculates that the ideal poet would integrate the gifts and insights of all three resulting in rational art of which philosophical poetry is a prime example This critical edition volume VIII of *The Works of George Santayana* includes notes textual commentary lists of variants and emendations an index and other tools useful to Santayana scholars The Routledge Companion to Shakespeare and Philosophy Craig Bourne, Emily Caddick Bourne, 2018-10-25 Iago's I am not what I am epitomises how Shakespeare's work is rich in philosophy from issues of deception and moral deviance to those concerning the complex nature of the self the notions of being and identity and the possibility or impossibility of self knowledge and knowledge of others Shakespeare's plays and poems address subjects including ethics epistemology metaphysics philosophy of mind and social and political philosophy They also raise major philosophical questions about the nature of theatre literature tragedy representation and fiction *The Routledge Companion to Shakespeare and Philosophy* is the first major guide and reference source to Shakespeare and philosophy It examines the following important topics What roles can be played in an approach to Shakespeare by drawing on philosophical frameworks and the work of philosophers What can philosophical theories of meaning and communication show about the dynamics of Shakespearean interactions and vice versa How are notions such as political and social obligation justice equality love agency and the ethics of interpersonal relationships demonstrated in Shakespeare's works What do the plays and poems invite us to say about the nature of knowledge belief doubt deception and epistemic responsibility How can the ways in which Shakespeare's characters behave

illuminate existential issues concerning meaning absurdity death and nothingness What might Shakespeare's characters and their actions show about the nature of the self the mind and the identity of individuals How can Shakespeare's works inform philosophical approaches to notions such as beauty humour horror and tragedy How do Shakespeare's works illuminate philosophical questions about the nature of fiction the attitudes and expectations involved in engagement with theatre and the role of acting and actors in creating representations The Routledge Companion to Shakespeare and Philosophy is essential reading for students and researchers in aesthetics philosophy of literature and philosophy of theatre as well as those exploring Shakespeare in disciplines such as literature and theatre and drama studies It is also relevant reading for those in areas of philosophy such as ethics epistemology and philosophy of language **William Shakespeare's Sonnet**

Philosophy, Volume 1 Roger Peters, 2019 William Shakespeare's Sonnet Philosophy Vol 1 demonstrates how Shakespeare structures his nature based philosophy into the Sonnets of 1609 It shows how he systematically interlaces his natural logic with a numerological pattern to present his comprehensive and consistent philosophy in a unique combination of poetry and argument **An Introduction to the Philosophy of Shakespeare's Sonnets** Richard Simpson, 1868 *Shakespeare and Philosophy* Stanley Stewart, 2010-04-02 Touching on the work of philosophers including Richardson Kant Hume Wittgenstein Nietzsche and Dewey this study examines the history of what philosophers have had to say about Shakespeare as a subject of philosophy from the seventeenth century to the present Stanley Stewart's volume will be of interest to Shakespeareans literary critics and philosophers **Philosophical Pearls of the Shakespearean Deep** Farhang Zabeeh, 2013-05-29 Offers many fresh insights that will give even longtime readers of Shakespeare a new appreciation of the great master Scholars have long debated the extent of Shakespeare's education Although his friend and admirer Ben Jonson said of him thou hadst small Latine and lesse Greek Shakespeare's plays reveal a wide familiarity with literary and philosophical works from the Renaissance the Middle Ages and the classical age Philosopher Farhang Zabeeh delves into this fascinating topic in this detailed study of the philosophical influences evident in Shakespeare's plays and sonnets Readers will be surprised and delighted to discover in Shakespeare unmistakable echoes of Plato Aristotle Cicero Dante Montaigne and other famous thinkers In one chapter the author makes a convincing case that one of the bard's most famous comic characters John Falstaff is a parody of Socrates In other chapters he demonstrates indirect references to Plato in Shakespearean passages concerning appearance versus reality as well as the influence of Aristotle's ethics Other common philosophical themes evident in the plays concern the nature of time subjectivity versus objectivity and political and moral values

Shakespeare's Thought David Lowenthal, 2017-04-26 Shakespeare's Thought Unobserved Details and Unsuspected Depths in Eleven Plays demonstrates that Shakespeare's plays were conceived and executed as studies of great moral and political issues After examining the divergent views of critics across the years this book goes on to analyze eleven of Shakespeare's most famous plays observing details and supplying interpretations that indicate the depth of his mind and the

Shakespeare's Thought David Lowenthal, 2017-04-26 Shakespeare's Thought Unobserved Details and Unsuspected Depths in Eleven Plays demonstrates that Shakespeare's plays were conceived and executed as studies of great moral and political issues After examining the divergent views of critics across the years this book goes on to analyze eleven of Shakespeare's most famous plays observing details and supplying interpretations that indicate the depth of his mind and the

full extent of his artistic spirit This book offers an in depth exploration of the ways in which each play demonstrates Shakespeare s political thought and his poetic genius An Introduction to the Philosophy of Shakespeare's Sonnets Richard Simpson,2015-06-02 An Introduction to the Philosophy of Shakespeare s Sonnets by Richard Simpson is a path breaking piece of work deconstructing the nuances of Shakespeare s lyrical poems The underlying premise that Richard Simpson works with is the that Shakespeare is describing a part of himself in his lyrical poems as compared to his dramatic poetry where he is only building characters and breathing life into them In this endeavour the author of An Introduction to the Philosophy of Shakespeare s Sonnets brings out the true feelings dispositions and judgements of Shakespeare as a poet Simpson keenly traces the Renaissance philosophy of love propounded by Plato and contextualizes the same in the light of Shakespeare s sonnets The underpinnings of An Introduction to the Philosophy of Shakespeare s Sonnets rest upon Simpson s explanation of scales of love and the various stages which the two scales of imaginative and ideal love go through in the light of Shakespeare s sonnets The book is well laid out with an intellectually stimulating introduction that sets the tone for the future sections Drawing parallels with philosophical thought of well known scholars Simpson is able to bring out a side of Shakespeare hitherto ignored by many The seven chapters of An Introduction to the Philosophy of Shakespeare s Sonnets serve up a literary treat for the reader be it for casual interest or for in depth research as one of the primary texts on Shakespeare s sonnets About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Varieties of Metaphysical Poetry T. S. Eliot,2014-03-11 The famed series of Trinity College and Johns Hopkins lectures in which the Nobel Prize winner explored history poetry and philosophy While a student at Harvard in the early years of the twentieth century T S Eliot immersed himself in the verse of Dante Donne and the nineteenth century French poet Jules Laforgue His study of the relation of thought and feeling in these poets led Eliot as a poet and critic living in London to formulate an original theory of the poetry generally termed metaphysical philosophical and intellectual poetry that revels in startlingly unconventional imagery Eliot came to perceive a gradual disintegration of the intellect following three metaphysical moments of European civilization the thirteenth seventeenth and nineteenth centuries The theory is at once a provocative prism through which to view Western intellectual and literary history and an exceptional insight into Eliot s own intellectual development This annotated edition includes the eight Clark Lectures on metaphysical poetry that Eliot delivered at Trinity College in Cambridge in 1926 and their revision and extension for his three Turnbull Lectures at Johns Hopkins University in Baltimore in 1933 They reveal in great depth the historical

currents of poetry and philosophy that shaped Eliot's own metaphysical moment in the twentieth century *The Approach to Philosophy* Ralph Perry, 2018-03-04 Philosophy suffers the distinction of being regarded as essentially an academic pursuit. The term philosophy to be sure is used in common speech to denote a stoical manner of accepting the vicissitudes of life but this conception sheds little or no light upon the meaning of philosophy as a branch of scholarship. The men who write the books on Epistemology or Ontology are regarded by the average man of affairs even though he may have enjoyed a higher education with little sympathy and less intelligence. Not even philology seems less concerned with the real business of life. The pursuit of philosophy appears to be a phenomenon of extreme and somewhat effete culture with its own peculiar traditions, problems and aims and with little or nothing to contribute to the real enterprises of society. Shakespeare, National Poet-Playwright Patrick Cheney, 2004-11-25 Shakespeare National Poet Playwright is an important book which reassesses Shakespeare as a poet and dramatist. Patrick Cheney contests critical preoccupation with Shakespeare as a man of the theatre by recovering his original standing as an early modern author: he is a working dramatist who composes some of the most extraordinary poems in English. The book accounts for this form of authorship by reconstructing the historical preconditions for its emergence in England as in Europe including the building of the commercial theatres and the consolidation of the printing press. Cheney traces the literary origin to Shakespeare's favourite author Ovid who wrote the *Amores* and *Metamorphoses* alongside the tragedy *Medea*. Cheney also examines Shakespeare's literary relations with his contemporary authors Edmund Spenser and Christopher Marlowe. The book concentrates on Shakespeare's freestanding poems but makes frequent reference to the plays and ranges widely through the work of other Renaissance writers.

Reading Shakespeare's Poems in Early Modern England S. Roberts, 2002-11-19 This is the first comprehensive study of early modern texts, readings and readers of Shakespeare's poems in print and manuscript. *Reading Shakespeare's Poems in Early Modern England* makes a compelling contribution both to Shakespeare studies and the history of the book. Examining gendered readerships and the use of erotic works, reading practices and manuscript culture, textual forms and transmission, literary taste and the canonisation of Shakespeare, this book argues that historicist criticism can no longer ignore histories of reading. **Shakespeare, the Renaissance and Empire** Jonathan Locke Hart, 2021-05-17 Shakespeare the Renaissance and Empire: Poetry, Philosophy and Politics is the second volume of this study and builds on the first which concentrated on related matters including geography and language. In both volumes a key focus is close analysis of the text and an attention to Shakespeare's use of signs, verbal and visual, to represent the world in poetry and prose in dramatic and non-dramatic work as well as some of the contexts before, during and after the Renaissance. Shakespeare's representation of character and action in poetry and theatre, his interpretation and subsequent interpretations of him are central to the book as seen through these topics: German Shakespeare, a life and no-life aesthetics and ethics, liberty and tyranny, philosophy and poetry theory and practice, image and text. The book also explores the typology of then and now, local and global. **The**

Prince of Poets and Most Illustrious of Philosophers Samuel Arthur Einem Hickson, 1926

Poetry and Philosophy John Burns, Matthew Flamm, William Gahan, Stephanie Quinn, 2020-09-27

The Quarrel Between Poetry and Philosophy Perspectives Across the Humanities is an interdisciplinary study of the abiding quarrel to which poet philosopher Plato referred centuries ago in the Republic The book presents eight chapters by four humanities scholars that historically contextualize and cross interpret aspects of the quarrel in question The authors share the view that although poets and philosophers continually quarrel a harmonious union between the two groups is achievable in a manner promising application to a variety of contemporary cultural political and aesthetic debates all of which have implications for the current status of the humanities

The Cambridge Companion to Shakespeare's Poetry Patrick Cheney, 2007-01-04 This Companion provides a full introduction to the poetry of William Shakespeare through discussion of his freestanding narrative poems the Sonnets and his plays Fourteen leading international scholars provide accessible and authoritative chapters on all relevant topics from Shakespeare's seminal role in the development of English poetry the wide ranging practice of his poetic form and his enigmatic place in print and manuscript culture to his immersion in English Renaissance politics religion classicism and gender dynamics With individual chapters on *Venus and Adonis* *The Rape of Lucrece* *The Passionate Pilgrim* *The Phoenix and the Turtle* the Sonnets and *A Lover's Complaint* the Companion also includes chapters on the presence of poetry in the dramatic works on the relation between poetry and performance and on the reception and influence of the poems The volume includes a chronology of Shakespeare's life a note on reference works and a reading list for each chapter

[The Journal of Speculative Philosophy](#), 1877

Shakespeare, Philosophy, and Literature Morris Weitz, 1995 This volume brings together a group of essays that examine the relationship between philosophy and literature disciplines that have been opposed as often as they have been combined While the focus is primarily on the plays of Shakespeare there is a lengthy essay on the use of the style term *maniera* in art history and a concluding survey and analysis of the relationship between philosophy and literature from Plato to the present The author applies the theory of meaning and logical analysis to contemporary problems in the arts and aesthetics
